SUPPLEMENTARY INFORMATION: PBGC intends to request that OMB approve modifications to a collection of information needed to pay participants and beneficiaries who may be entitled to pension benefits under a defined benefit plan that has terminated. The collection consists of information participants and beneficiaries are asked to provide in connection with an application for benefits. In addition, in some instances, as part of a search for participants and beneficiaries who may be entitled to benefits, PBGC requests individuals to provide identifying information that the individual would provide as part of an initial contact with PBGC. All requested information is needed to enable PBGC to determine benefit entitlements and to make appropriate payments. The information collection includes My Pension Benefit Account (My PBA), an application on PBGC's Web site, <http://www.pbgc.gov>, through which plan participants and beneficiaries may conduct electronic transactions with PBGC, including applying for pension benefits, designating a beneficiary, granting a power of attorney, electing monthly payments, electing to withhold income tax from periodic payments, changing contact information, and applying for electronic direct deposit.

PBGC intends to add three new forms to the information collection. Two of the new forms will be used to ascertain the continuing eligibility of participants

who are receiving benefits based on disability. The other new form will be used to determine whether participants are eligible for additional pension service credit under the Uniformed Services Employment and Reemployment Rights Act, which establishes specific rights for reemployed service members in their employee pension benefit plans. (See PBGC's final regulation on USERRA Benefits under Title IV of ERISA, 74 FR 59093 (Nov. 17, 2009).)

PBGC also intends to modify PBGC Form 704 (Request for Earnings Information) to eliminate the need for respondents to provide copies of IRS Form W–2 (Wage and Tax Statement) to confirm their earnings. PBGC expects that the number of respondents that will use the new or modified forms, and the burden associated with those forms, will be very small. Accordingly, PBGC is not changing its burden estimates for this information collection as a result of the modifications.

The existing collection of information under the regulation was approved under OMB control number 1212–0055 (expires August 31, 2011). PBGC intends to request that OMB approve the modifications through the current expiration date. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

PBGC estimates the total annual burden associated with this collection of information is 73,300 hours and \$3,100. The burden estimate includes 67,050 hours for participants in plans covered by the PBGC insurance program. The remaining hourly burden is attributable to participants that will be covered by the expanded Missing Participants program under Pension Protection Act of 2006 amendments to ERISA, once final regulations are issued to implement the program. The cost burden for both groups of participants is estimated to be \$3,100.

PBGC is soliciting public comments to—

- Evaluate whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who

are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

Issued in Washington, DC, this 27th day of May, 2010.

John H. Hanley,

Director, Legislative and Regulatory Department, Pension Benefit Guaranty Corporation.

This information collection, “We Need Important Information About Your Eligibility for Social Security Disability Benefits” (OMB Control No. 3206–0216; Form RI 98–7), is used by OPM to verify receipt of Social Security Administration (SSA) disability benefits, to lessen or avoid overpayment to Federal Employees Retirement System (FERS) disability retirees. This information collection, "Designation of Beneficiary: Civil Service Retirement System (CSRS)" (OMB Control No. 3206-0142; Standard Form 2808), is used by persons covered by CSRS to designate a beneficiary to receive the lump sum payment due from the Civil Service Retirement and Disability Fund in the event of their death.

[OMB Control No. 3206-0XXX; Form RI 20-123]

Proposed Information Collection; Request for Comment on a New Information Collection

AGENCY: Office of Personnel Management.

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (Pub. L. 10413, May 22, 1995), this notice announces that the Office of Personnel Management (OPM) intends to submit to the Office of Management and Budget (OMB) a request for review of a new information collection. "Request for Case Review for Enhanced Disability Annuity Benefit" (OMB Control No.

3206-0XXX). Due to recent court orders, the Office of Personnel Management (OPM) must compute, or recomputed as applicable, the disability annuities for individuals who performed service as law enforcement officers, firefighters, nuclear materials carriers, Customs and Border Patrol officers, members of the Capitol and the Supreme Court police, Congressional employees, members of Congress, and air traffic controllers. Because these court orders were handed down long after some of the affected individuals retired and/or died and they are not identified in the OPM computer systems, it is necessary for these individuals to self-identify. Form RI 20-123 is needed on the OPM website so these individuals and their survivors can make the request.

Comments are particularly invited on: Whether this collection of information is necessary for the proper performance of functions of the Office of Personnel Management, and whether it will have practical utility; whether our estimate of the public burden of this collection is accurate, and based on valid assumptions and methodology; and ways in which we can minimize the burden of the collection of information on those who are to respond, through use of the appropriate technological collection techniques or other forms of information technology.

We estimate that we will receive 720 responses a year and the time it takes to respond is estimated to be 5 minutes. The annual burden is estimated to be 60 hours.
