SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-47675; File No. SR-NQLX-2003-03]

Self-Regulatory Organizations; Notice of Filing and Immediate Effectiveness of Proposed Rule Change and Amendment No. 1 Thereto by Nasdaq Liffe Markets, LLC To Amend Its Initial Listing Standards and Maintenance Standards for Single Stock Futures

April 14, 2003.

Pursuant to section 19(b)(7) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-7 under the Act,² notice is hereby given that on January 27, 2003, Nasdaq Liffe Markets, LLC ("NQLX") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule changes described in items I, II, and III below, which Items have been prepared by the NQLX. On April 4, 2003, NQLX filed Amendment No. 1 to the proposed rule change.³ The Commission is publishing this notice to solicit comments on the proposed rule changes, as amended, from interested persons.

On January 27, 2003, NQLX submitted the proposed rule change to the Commodities Futures Trading Commission ("CFTC") for approval. On April 3, 2003, NQLX submitted the Amendment No. 1 to proposed rule change to the CFTC for approval. Under section 19(b)(7)(B) of the Act,⁴ the proposed rule change may take effect upon approval by the CFTC.

I. Self-Regulatory Organization's Description of the Proposed Rule Change

NQLX proposed to amend both its initial and maintenance listing standards (NQLX Rules 902 and 903) as they relate to the pricing criteria for securities that underlie security futures products offered by NQLX. Currently NQLX Rule 902(b)(8) requires that the market price per share of any underlying security must be at least \$7.50 for the majority of trading days during the three calendar months before listing of the security futures contract, as measured by the lowest closing price reported in any market in which the

underlying security traded on each of the subject days.

In addition to meeting the current listing requirements of NQLX Rule 902(b), NQLX proposes adding a new rule provision, NQLX Rule 902(b)(8)(i), that would allow the listing of a security futures product if the underlying securities are "covered securities," as defined under Section 18(b)(1)(A) of the Securities Act of 1933 ("1933 Act") ("covered securities"),⁵ and have reported at least a \$3.00 per share closing price on their primary for the five previous consecutive trading days before the initial listing of the product. For initial listings of security future products with underlying securities that are not covered securities, NQLX Rule 90218(b)(8)(ii) will continue to require those underlying securities to trade at \$7.50 or above for the majority of trading days during the three calendar months before listing of the security futures contract.

NQLX also proposes to add NQLX Rule 902(b)(8)(iii) to allow the initial listing of a security futures contract if the underlying security (1) meets the requirements under NQLX Rule 903(c); (2) underlies a security futures contract that already trades on at least one other registered national securities exchange; and (3) underlies a security futures contract that has had average daily trading volume of at least 5,000 contracts during the three calendar months immediately before the date of listing. NQLX represents that this proposed change is consistent with similar initial listing standards in place at several options exchanges.⁶

As to maintenance listing standards, in addition to meeting the current listing requirements of NQLX rule 903(c), NQLX proposes to amend NQLX Rule 903(c)(6) to allow the listing of a new delivery months for a security futures product if the underlying securities have reported at least a \$3.00 per share closing price on their primary market on the trading day immediately before the listings of the new delivery month.⁷ NQLX represents that this

The term "covered security" would not include those securities defined under section 18(b)(1)(B) of the 1933 Act. 15 U.S.C. 77r(b)(1)(B).

902(e)(3) is satisfied; and

(ii) the Restructure Security

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

NQLX has prepared statements concerning the purpose of, and basis for, the proposed rule change, burdens on competition, and comments received from members, participants, and others. The text of these statements may be examined at the places specified in Item IV below. These statements are set forth in Sections A, B, and C below.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

NQLX proposes to adopt revisions to its current listing standards, which it believes are no less restrictive than comparable listing standards for options traded on a national securities exchange or national securities association,¹⁰ because the options listing and maintenance standards of the Amex, CBOE, ISE, and PCX contain similar provisions.¹¹ NQLX believes that adoption of the current proposal would provide investors with security futures

¹⁰ 15 U.S.C. 78f(h)(3)(C).

¹¹ See Securities Exchange Act Release No. 34–47190 (January 15, 2003), 68 FR 3072 (January 22, 2003) (approving SR–CBOE–2002–62). See, e.g., ISE Rule 502(b)(5)(ii); PCX Rule 3.6(a)(4); Interpretations and Policies .01 and .02 to CBOE Rule 5.4; and Commentary .01(4) to Amex Rule 916.

determines it appropriate to add a new series intra-day, NQLX will submit a proposed rule change to the Commission and CFTC to use the price per share of the last reported trade on the primary market on which the underlying security trades at the time NQLX determines to add the new series.

⁸ See Interpretations and Policies .01 and .02 to CBOE Rule 5.4. See also Securities Exchange Act Release No. 44964 (October 19, 2001), 66 FR 54599 (October 29, 2001).

products that are useful and in demand as tools to manage the risks of their investment portfolios.

NQLX believes that its proposed rule changes comply with the requirements under section 6(h)(3) of the Act¹² and the criteria under section 2(a)(1)(D)(i) of the CEA,¹³ as modified by joint orders of the Commission and the CFTC, and that its listing standards are no less restrictive than comparable listing standards for options traded on a national securities exchange or national securities association.¹⁴

2. Statutory Basis

NQLX files this proposed rule change pursuant to section 19(b)(7) of the Act.¹⁵ NQLX believes that this proposed rule change is consistent with the requirements of the Commodity Futures Modernization Act of 2000,¹⁶ including the requirement that trading in a listed security futures is not readily susceptible to manipulation of its price nor to causing or being used to manipulate the price of the underlying security, options on the security, or options on a group or index including the security.¹⁷ NQLX further believes that its proposed rule change complies with the requirements under section 6(h)(3) of the Act¹⁸ and the criteria under Section 2(a)(1)(D)(i) of the CEA,¹⁹ as modified by joint orders of the Commission and the CFTC. In addition, NQLX believes that its proposed rule change is consistent with the provisions of section 6 of the Act,²⁰ in general, and section 6(b)(5) of the Act,²¹ in particular, which requires, among other things, that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, and, in general, to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

NQLX does not believe that the proposed rule changes will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

C. Self-Regulatory Organization's Statement of Comments on the Proposed Rule Change Received From Members, Participants, or Others

NQLX neither solicited nor received written comment on the proposed rule changes.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The proposed rule change has become effective on January 27, 2003, except that the changes made in Amendment No. 1 have become effective on April 4, 2003. Within 60 days of the date of effectiveness of the proposed rule change, the Commission, after consultation with the CFTC, may summarily abrogate the proposed rule change and require that the proposed rule change be refiled in accordance with the provisions of section 19(b)(1) of the Act.²²

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change, as amended, conflicts with the Act. Persons making written submissions should file nine copies of the submission with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549-0609. Comments also may be submitted electronically to the following e-mail address: *rule-comments@sec.gov*. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room. Copies of these filings also will be available for inspection and copying at the principal office of NQLX. All submissions should refer to File No. SR-NQLX-2003-03 and should be submitted by May 12, 2003.
