Cryolite and Propazine; Notice of Receipt of Request to Voluntarily Cancel Certain Pesticide Registrations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), EPA is issuing a notice of receipt of requests by registrants to voluntarily cancel certain pesticide registrations. These requests would terminate the last cryolite and propazine products registered in the

United States. EPA intends to grant these requests at the close of the comment period for this announcement unless the Agency receives substantive comments within the comment period that would merit further review of the requests, or unless the registrants withdraw their requests. If these requests are granted, any sale, distribution, or use of products listed in this notice will be permitted after the registration has been cancelled only if such sale, distribution, or use is consistent with the terms as described in the final order.

DATES: Comments must be received on or before April 9, 2021.

ADDRESSES: Submit your comments, identified by docket identification (ID) number EPA-HQ-OPP-2021-0132, by one of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

- *Mail:* OPP Docket, Environmental Protection Agency Docket Center (EPA/DC), (28221T), 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001.

Submit written withdrawal request by mail to: Pesticide Re-Evaluation Division (7508P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW,

Washington, DC 20460-0001. ATTN: Carolyn Smith.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

This action is directed to the public in general and may be of interest to a wide range of stakeholders including environmental, human health, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides.

B. What should I consider as I prepare my comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through [regulations.gov](http://www.regulations.gov) or email. Clearly mark the part or all of the information that

you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When preparing and submitting your comments, see the commenting tips at <http://www.epa.gov/dockets/comments.html>.

II. What action is the Agency taking?

This notice announces receipt by the Agency of requests from registrants to cancel eight pesticide products registered under FIFRA section 3 (7 U.S.C. 136a) or 24(c) (7 U.S.C. 136v(c)). These registrations are listed in sequence by registration number (or company number and 24(c) number) in Table 1 of this unit.

Unless the Agency determines that there are substantive comments that warrant further review of the requests or the registrants withdraw their requests, EPA intends to issue orders in the **Federal Register** canceling all of the affected registrations.

III. What is the Agency's authority for taking this action?

Section 6(f)(1) of FIFRA (7 U.S.C. 136d(f)(1)) provides that a registrant of a pesticide product may, at any time, request that any of its pesticide registrations be canceled. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**.

Section 6(f)(1)(B) of FIFRA (7 U.S.C. 136d(f)(1)(B)) requires that before acting on a request for voluntary cancellation, EPA must provide a 30-day public comment period on the request for voluntary cancellation or use termination. In addition, FIFRA section 6(f)(1)(C) (7 U.S.C. 136d(f)(1)(C)) requires that EPA provide a 180-day comment period on a request for voluntary cancellation or termination of any minor agricultural use before granting the request, unless:

1. The registrant requests a waiver of the comment period, or
2. The EPA Administrator determines that continued use of the pesticide would pose an unreasonable adverse effect on the environment.

The registrants in Table 2 of Unit II have requested that EPA waive the 180-day comment period. Accordingly, EPA will provide a 30-day comment period on the proposed requests.

IV. Procedures for Withdrawal of Request

Registrants who choose to withdraw a request for cancellation should submit such withdrawal in writing to the person listed under **FOR FURTHER INFORMATION CONTACT**. If the products have been subject to a previous cancellation action, the effective date of cancellation and all other provisions of any earlier cancellation action are controlling.

V. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products that are currently in the United States and that were packaged, labeled, and released for shipment prior to the effective date of the cancellation action. Because the Agency has identified no significant potential risk concerns associated with these pesticide products, upon cancellation of the products identified in Table 1 of Unit II, EPA anticipates allowing registrants to sell and distribute existing stocks of the cryolite products listed in Table 1 of Unit II for 18 months after publication of the Cancellation Order in the **Federal Register**, and EPA anticipates allowing

registrants to sell and distribute existing stocks of the propazine products listed in Table 1 of Unit II for 1 year after publication of the Cancellation Order in the **Federal Register**. Thereafter, registrants will be prohibited from selling or distributing the pesticides identified in Table 1 of Unit II, except for export consistent with FIFRA section 17 (7 U.S.C. 136o) or for proper disposal. Persons other than registrants will generally be allowed to sell, distribute, or use existing stocks until such stocks are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled products.

[Petition IV-2020-5; FRL-10021-14-Region 4]

Clean Air Act Operating Permit Program; Petition for Objection to State Operating Permit for Hazlehurst Wood Pellets, LLC (Jeff Davis County, Georgia)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of final order on petition to object to state operating permit.

SUMMARY: The Environmental Protection Agency's (EPA) Administrator signed an Order, dated December 31, 2020, denying the petition submitted by the Environmental Integrity Project on behalf of itself and the Georgia Chapter of Sierra Club, Dogwood Alliance, the Rachel Carson Council, Partnership for Policy Integrity, Natural Resources Defense Council, and Our Children's Earth Foundation (Petitioners). The Order responds to the Petitioners' April 14, 2020, petition requesting that the EPA object to the proposed Clean Air Act (CAA) title V operating permit number 2499-161-0023-V-02-4 issued by the Georgia Environmental Protection Division (EPD) to Hazlehurst Wood Pellets, LLC for its facility located in Jeff Davis County, Georgia. The Order constitutes a final action on the petition addressed therein.

ADDRESSES: Copies of the Order, the petition, and all pertinent information relating thereto are on file at the

following location: EPA Region 4; Air and Radiation Division; 61 Forsyth Street SW; Atlanta, Georgia 30303-8960. The Order is also available electronically at the following address: <https://www.epa.gov/sites/production/files/2021-01/documents/hazlehurstorder2020.pdf>. EPA requests that if at all possible, you contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to schedule your inspection at the Regional Office. The Regional Office's official hours of business are Monday through Friday 8:30 a.m. to 4:30 p.m., excluding Federal holidays.

FOR FURTHER INFORMATION CONTACT: Art Hofmeister, Air Permits Section, Air Planning and Implementation Branch, Air and Radiation Divisions, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street SW, Atlanta, Georgia, 30303-8960. The telephone number is (404) 562-9115. Mr. Hofmeister can also be reached via electronic mail at hofmeister.art@epa.gov.

SUPPLEMENTARY INFORMATION: The CAA affords EPA a 45-day period to review and, as appropriate, the authority to object to operating permits proposed by state permitting authorities under title V of the CAA, 42 U.S.C. 7661-7661f. Section 505(b)(2) of the CAA and 40 CFR 70.8(d) authorize any person to petition the EPA Administrator to object to a title V operating permit within 60 days after the expiration of EPA's 45-day review period if EPA has not objected on its own initiative. Petitions must be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided by the state, unless the petitioner demonstrates that it was impracticable to raise these issues during the comment period or the grounds for the issues arose after this period.

Petitioners submitted a petition requesting that EPA object to the proposed CAA title V operating permit no. 2499-161-0023-V-02-4 issued by EPD to the Hazlehurst facility. Petitioners claim that this permitting action fails to include all applicable requirements, specifically the requirements related to section 112(r)(1) of the CAA ("general duty clause").

On December 31, 2020, the Administrator issued an Order denying the petition. The Order explains the EPA's basis for denying the petition.

Judicial Review: Section 307(b)(1) of the CAA indicates which Federal Courts of Appeal are the proper forum for petitions for review of final actions by EPA. This section provides, in part, that
