

2. Statutory Basis

The Exchange believes that its proposed rule change is consistent with Section 6(b) of the Act³ in general, and furthers the objectives of Section 6(b)(5) of the Act⁴ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanisms of a free and open market and a national market system and, in general, to protect investors and the public interest.

The proposed rule change will promote just and equitable principles of trade, foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with to, and facilitating transaction in securities. Further, the proposed rule change promotes the protection of investors and the public interest by providing an accurate URL to where the public and investors may find the current and complete copy of the OLPP. It is in the public and investors interest for Exchange rules to be accurate and concise so as to avoid the potential for confusion.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes the proposed rule change will not impose any burden on intra-market competition as every Member of the Exchange benefits from the location of the OLPP being corrected in the Exchange's rulebook. Additionally, the proposed rule change is similar to the rules of other exchanges.⁵

The Exchange does not believe that the proposed rule change will impose any burden on inter-market competition as the proposed change is not a competitive filing and is being made solely to correct an inaccurate URL.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁶ and Rule 19b-4(f)(6)⁷ thereunder.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-PEARL-2021-13 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090.

All submissions should refer to File Number SR-PEARL-2021-13. This file number should be included on the

subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street NE, Washington, DC 20549 on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change. Persons submitting comments are cautioned that we do not redact or edit personal identifying information from comment submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-PEARL-2021-13 and should be submitted on or before May 5, 2021.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁸

J. Matthew DeLesDernier,

Assistant Secretary.

BILLING CODE 8011-01-P

DEPARTMENT OF STATE

[Public Notice 11405]

Notice of Updated Department of State Public Guidance for the Protecting Europe's Energy Security Act (PEESA), as Amended

ACTION: Notice.

SUMMARY: The Protecting Europe's Energy Security Act (PEESA) was amended by the FY21 National Defense Authorization Act (NDAA) on January 1, 2021. The Department of State is issuing updated, clarifying public guidance and Frequently Asked Questions (FAQs) for PEESA, as amended, on April 09, 2021, to provide public notice of the

⁶ 15 U.S.C. 78s(b)(3)(A).

⁷ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

⁸ 17 CFR 200.30-3(a)(12).

³ 15 U.S.C. 78f(b).

⁴ 15 U.S.C. 78f(b)(5).

⁵ See Nasdaq ISE Options 4, Section 6; and Cboe Exchange Rule 4.7(a).

Administration's implementation of PEESA, as amended, and the range of activities captured under the amended legislation.

DATES: *Applicable Date:* The public guidance and associated FAQs for PEESA, as amended, is effective on April 9, 2021.

ADDRESSES: The Department of State will publish the PEESA, as amended, public guidance and associated FAQs, on its website, replacing the October 2020 PEESA public guidance (<https://www.state.gov/protecting-europes-energy-security-act-peesa/>).

SUPPLEMENTARY INFORMATION:

Frequently Asked Questions on PEESA, as Amended by the National Defense Authorization Act for FY2021

The Department of State is committed to fully implementing sanctions authorities in the Protecting Europe's Energy Security Act of 2019 ("PEESA" or "the Act," Title LXXV, National Defense Authorization Act for Fiscal Year 2020, Pub. L. 116–92), as amended on January 1, 2021 by the National Defense Authorization Act for FY2021 (FY2021 NDAA), Public Law 116–283. PEESA (Sec. 7503 of FY2020 NDAA), as amended (by FY2021 NDAA Sec. 1242). We continue to call on Russia to cease using its energy resources for coercive purposes. Russia uses its energy export pipelines to create national and regional dependencies on Russian energy supplies, leveraging these dependencies to expand its political, economic, and military influence, weaken European security, and undermine U.S. national security and foreign policy interests. These pipelines also reduce European energy diversification, and hence weaken European energy security.

PEESA, as amended, provides the United States with the authority to advance U.S. national security and foreign policy objectives, in particular to address Russian pipeline projects that create risks to U.S. national security, threaten Europe's energy security, and consequently, endanger Europe's political and economic welfare.

In accordance with PEESA Section 7503, as amended, the Secretary of State, in consultation with the Secretary of the Treasury, is to submit a report to Congress for the relevant period, identifying, among other things, (A) vessels that engaged in pipe-laying or pipe-laying activities at depths of 100 feet or more below sea level for the construction of the Nord Stream 2 pipeline project, the TurkStream

pipeline project, or any project that is a successor to either such project; and (B) foreign persons that the Secretary of State, in consultation with the Secretary of the Treasury, determines have knowingly: (i) Sold, leased or provided, or facilitated selling, leasing, or providing those vessels for the construction of such a project; (ii) facilitated deceptive or structured transactions to provide those vessels for the construction of such a project; (iii) provided for those vessels underwriting services or insurance or reinsurance necessary or essential for the completion of such a project; (iv) provided services or facilities for technology upgrades or installation of welding equipment for, or retrofitting or tethering of, those vessels if the services or facilities are necessary or essential for the completion of such a project; or (v) provided services for the testing, inspection, or certification necessary or essential for the completion or operation of the Nord Stream 2 pipeline.

In addition, the FY2021 NDAA amendments to PEESA expanded the types of vessel activity subject to reporting requirements in Section 7503(a)(1)(A) from solely "pipe-laying" to also include "pipe-laying activities," which are defined in Section 7503(k)(5) as "activities that facilitate pipe-laying, including site preparation, trenching, surveying, placing rocks, backfilling, stringing, bending, welding, coating, and lowering of pipe." Furthermore, pursuant to Section 7503(c), sanctions are to be imposed on those foreign persons that are determined to meet the criteria pursuant to Section 7503(a)(1)(B)(i–v) of PEESA, as amended, and who are not certified for wind-down under the applicable wind-down period and are not subject to the exceptions under PEESA, as amended. The amendments made to PEESA by the FY2021 NDAA require consultation with the governments of Norway, Switzerland, the United Kingdom, and member countries of the EU before imposing any sanctions.

Persons with additional questions are encouraged to contact the State Department at CAATSA_PEESA_Energysanctions@state.gov.

Frequently Asked Questions

Q: What conduct does Section 7503(a)(1)(B) of PEESA, as amended, cover?

A: Section 7503(a)(1)(B)(i), as amended, requires that the report to Congress include foreign persons that the Secretary of State, in consultation with the Secretary of the Treasury, determines have knowingly "sold,

leased, or provided or facilitated selling, leasing, or providing those vessels [i.e., the vessels listed for having engaged in pipe-laying or pipe-laying activities at depths of 100 feet or more below sea level] for the construction of such a project." Such projects include Nord Stream 2, TurkStream, or any project that is a successor to either such project. Section 7503(a)(1)(B)(i) covers foreign persons who provide or finance the vessels and also covers certain forms of support provided to the vessels not already covered under Sections 7503(a)(1)(B)(ii–v).

Additionally, Section 7503(a)(1)(B)(ii) covers foreign persons that the Secretary of State, in consultation with the Secretary of the Treasury, determines have knowingly facilitated deceptive or structured transactions to provide those vessels for the construction of such a project. Such projects include Nord Stream 2, TurkStream, or any project that is a successor to either such project.

Further, Sections 7503(a)(1)(B)(iii)–(v) cover foreign persons that the Secretary of State, in consultation with the Secretary of the Treasury, determines have knowingly: Provided for those vessels underwriting services or insurance or reinsurance necessary or essential for the completion of any of the aforementioned projects; provided services or facilities for technology upgrades or installation of welding equipment for, or retrofitting or tethering of, those vessels if the services or facilities are necessary or essential for the completion of any of the aforementioned projects; or provided services for the testing, inspection, or certification necessary or essential for the completion or operation of the Nord Stream 2 pipeline.

Q: Does PEESA provide for certain activities to be excepted from sanctions?

A: PEESA, as amended, includes a number of exceptions specifying activities to which sanctions under PEESA shall not apply. For example, pursuant to Section 7503(e)(3) of PEESA, as amended, sanctions under this section shall not apply with respect to a person providing provisions to a vessel identified under Section 7503(a)(1)(A) if such provisions are intended for the safety and care of the crew aboard the vessel, the protection of human life aboard the vessel, or the maintenance of the vessel to avoid any environmental or other significant damage.

Pursuant to Section 7503(e)(4) of PEESA, as amended, sanctions under this section shall not apply with respect to a person for engaging in activities necessary for or related to the repair or

maintenance of, or environmental remediation with respect to, Nord Stream 2, TurkStream, or any project that is a successor to either such project.

Pursuant to Section 7503(e)(6) of PEESA, as amended, sanctions under this section shall not apply with respect to the European Union; the government of Norway, Switzerland, the United Kingdom or any member country of the European Union; or any entity of the European Union or a government noted herein that is not operating as a business enterprise.

Q. How does the U.S. government plan to implement the wind-down specified in Section 1242(f) of the National Defense Authorization Act for Fiscal Year 2021 (NDAA)?

A: Upon passage of the FY2021 NDAA on January 1, 2021, the amendments made to PEESA pursuant to Section 1242(f) of the FY2021 NDAA immediately became effective. In accordance with the wind-down provision in Section 1242(f) of the FY2021 NDAA, persons that were knowingly engaged in conduct subject to sanctions under the amendments to PEESA would have needed to cease construction-related activity or engage in good faith efforts to wind down sanctionable activity no later than 30 days after PEESA, as amended, became effective. That date was January 31, 2021. The wind-down provision in Section 1242(f) of the FY2021 NDAA is not applicable to activities that were already subject to sanctions under Section 7503 of PEESA prior to the amendments in the FY2021 NDAA. Following the conclusion of the wind-down period, the Secretary of State, in consultation with the Secretary of the Treasury, is required to impose sanctions on those foreign persons that are determined to meet the criteria pursuant to Section 7503(a)(1)(B)(i–v) of PEESA, as amended, and who are not otherwise subject to the exceptions under PEESA, as amended.

Virginia E. Palmer,

Acting Assistant Secretary, Bureau of Energy Resources, Department of State.
