

renewal will be carefully evaluated to ensure consistency with the intent, requirements, and boundaries of this programmatic clearance. Interior's Office of Policy Analysis will conduct an administrative and technical review of each specific request in order to ensure statistical validity and soundness. All information collections are required to be designed and deployed based upon acceptable statistical practices and sampling methodologies, and procedures that account for and minimize non-response bias, in order to obtain consistent, valid data and statistics that are representative of the target populations. After completion of its review, the Office of Policy Analysis will forward the specific request to OMB for expedited approval.

## II. Data

*Title:* DOI Programmatic Clearance for Customer Satisfaction Surveys.

*OMB Control Number:* 1040-0001.

*Form Number(s):* None.

*Type of Request:* Extension of an approved collection.

*Affected Public:* DOI customers. We define customers as anyone who uses DOI resources, products, or services. This includes internal customers (anyone within DOI) as well as external customers (e.g., the American public, representatives of the private sector, academia, other government agencies). Depending upon their role in specific situations and interactions, citizens and DOI stakeholders and partners may also be considered customers. We define stakeholders to mean groups or individuals who have an expressed interest in and who seek to influence the present and future state of DOI's resources, products, and services. Partners are those groups, individuals, and agencies who are formally engaged in helping DOI accomplish its mission.

*Respondent's Obligation:* Voluntary.

*Frequency of Collection:* On occasion.

*Estimated Annual Number of Respondents:* 120,000. We estimate approximately 60,000 respondents will submit DOI customer satisfaction surveys and 60,000 will submit comment cards.

*Estimated Total Annual Responses:* 120,000.

*Estimated Time per Response:* 15 minutes for a customer survey; 3 minutes for a comment card.

*Estimated Total Annual Burden Hours:* 18,000.

## III. Request for Comments

On March 18, 2015, we published in the **Federal Register** (80 FR 14148) a request for public comments on this

proposed renewal. We received no comments in response to this request. The public now has a second opportunity to comment on this renewal. We invite comments concerning this IC on:

(1) Whether or not the collection of information is necessary, including whether or not the information will have practical utility;

(2) The accuracy of our estimate of the burden for this collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on respondents.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time.

While you can ask us or OMB in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: June 22, 2015.

Please reference "1024-New Fee Envelopes" in your comments.

### SUPPLEMENTARY INFORMATION:

#### I. Abstract

Every year millions of people visit units of the National Park System. At some of these sites, the public is required to pay a fee. Fees are charged to help cover the costs of operating and maintaining fee sites, areas, and facilities such as campgrounds. Two forms (NPS 10-935 and NPS 10-936) are used to pay the entrance fee and to collect campground fees, which assist National Park Service (NPS) personnel in improving facilities and services.

Federal Lands Recreation Enhancement Act (FLREA), Title VIII, Division J, of Public Law 108-447 (16 U.S.C. 6801-6814) authorizes the NPS within the Department of Interior to charge fees at Federal recreation sites which meet certain criteria and reinvest a majority of the revenues into enhancing the site. Recreation fees provide a vital source of revenue for improving facilities and services for visitors at a variety of public lands throughout the nation.

The information gathered via the Entrance Fee Envelope (NPS 10-935) and the Campground Fee Envelope (NPS 10-936) must be collected to ensure that visitors to units of the National Park System pay the required entrance and camping fees in certain locations for use of government facilities and services. The information requested on the envelopes includes the following: Entrance Fee Envelope (NPS 10-935):

- Date
- Number in group
- Amount enclosed
- Interagency Annual/Senior/Access Pass number if applicable
- Vehicle License number and state
- Time
- Credit card type

- Credit card number
  - Credit card expiration date
  - Name
  - Signature
  - Day time phone number
  - Fee rate you are paying—vehicle/per person/commercial
  - Payment type check/cash/credit card
- Campground Fee Envelope (NPS 10–936):
- Date
  - Number in group
  - Number of nights
  - Amount enclosed
  - Interagency Senior/Access Pass number if applicable

- Site number
- Vehicle License number and state
- Check type of camping unit
- Date of departure
- Credit card type
- Credit card number
- Name
- Credit card expiration date
- Signature
- Day time phone number
- Payment type check/cash/credit card

### SUPPLEMENTARY INFORMATION:

#### I. Abstract

The National Park Service Act of 1916, 38 Stat 535, 16 U.S.C. 1, *et seq.*, requires that the NPS preserve national parks for the enjoyment, education, and inspiration of this and future generations. Permit requirements and restrictions for recreational activities in the backcountry are governed in accordance with the regulations found at Title 36, Code of Federal Regulations, Sections 1.5, 1.6, and 2.10 (36 CFR 1.5, 1.6, 2.10, and 13.116). In order to monitor resources and wildlife in the Glacier Bay National Park and Preserve (GLBA) and to enhance the safety of future visitors, the park monitors all sightings and interactions by visitors with bears. Bear sighting data provides the park with important data used to determine bear movements, habitat use, and species distribution. First-hand accounts of how bears respond to people are important in understanding and detecting changes in bear behavior and identifying potential problem areas. Observations and interactions by visitors are recorded via the following two forms:
