

FEDERAL COMMUNICATIONS COMMISSION**Notice of Public Information Collection(s) Being Reviewed by the Federal Communications Commission for Extension Under Delegated Authority, 5 CFR Part 1320 Authority, Comments Requested**

January 23, 2002.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden, invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act of 1995, Pub. L. 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number.

Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Persons wishing to comment on this information collection should submit comments on or before April 2, 2002.

ADDRESSES: Direct all comments to Les Smith, Federal Communications Commissions, Room 1-A804, 445 12th Street, SW, Washington, DC 20554 or via the Internet to lesmith@fcc.gov.

SUPPLEMENTARY INFORMATION: *OMB Control Number:* 3060-0841.

Title: Public Notice—Additional Processing Guidelines for DTV (nonchecklist applications).

Form Numbers: FCC 301/340.

Type of Review: Extension of currently approved collection.

Respondents: Businesses or other for-profit entities; Not-for-profit institutions.

Number of Respondents: 100.
Estimated Time Per Response: 3 hours.

Frequency of Response: On occasion reporting requirements.

Total Annual Burden: 300 hours.

Total Annual Cost: \$360,000.

Needs and Uses: The FCC released a public notice on August 10, 1998 that explained how "nonchecklist" applications, i.e., applications that do not conform to certain criteria to enable "fast-track processing," would be processed for DTV station construction permits. This public notice explained what should be included in engineering showings and other types of application exhibits and cover letters. The public notice for "nonchecklist" applications should help to resolve processing uncertainties, enable the preparation of complete and quality applications, and hasten the authorization of DTV service. The FCC staff will use these data to ensure that interference to other DTV and NTSC stations is minimized.

OMB Control Number: 3060-1001.

Title: Application for Extension of Time to Construct a Digital Television Broadcast Station.

Form Number: FCC 337.

Type of Review: Extension of currently approved collection.

Respondents: Businesses or other for-profit, not-for-profit institutions.

Number of Respondents: 600.

Estimated Hours Per Response: 1.5 to 4 hours.

Frequency of Response: On occasion reporting requirements.

Total Annual Burden: 400 hours.

Total Annual Cost: \$79,006.

Needs and Uses: FCC Form 337 is used by permittees to apply for an extension of time within which to construct a commercial or noncommercial educational digital television station (DTV). The FCC uses the data to determine, on a case-by-case basis, whether a broadcaster should be afforded additional time to construct its DTV facilities. In addition, analog TV licensees may request special temporary authority (STA) to construct more minimal initial DTV facilities than those specified in an outstanding construction permit. The STA data are used by the FCC to determine whether the DTV permittee has constructed and is operating with the minimum initial DTV facilities sufficient to meet its construction deadline.

L. 104-13. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid control number. OMB Control No.: 3060-0787.

Expiration Date: 07/31/2002.

Title: Implementation of the Subscriber Carrier Selection Changes Provisions of the Telecommunications Act of 1996; Policies and Rules Concerning Unauthorized Changes of Consumers Long Distance.

Form No.: FCC Form 478.

Respondents: Business or other for-profit.

Estimated Annual Burden: 1850 respondents; 14 hour per response (avg.) (7 hours per filing); 25,900 total annual burden hours. (Estimates for FCC Form 478 requirements only).

Estimated Annual Reporting and Recordkeeping Cost Burden: \$0.

Frequency of Response: Semi-Annual; Recordkeeping.

Description: Section 258 of the Communications Act of 1934 (Act), as amended by the Telecommunications Act of 1996, makes it unlawful for any telecommunications carrier to "submit or execute a change in a subscriber's selection of a provider of telecommunications exchange service or telephone toll service except in accordance with such verification procedures as the Commission shall prescribe." The section further provides that any telecommunications carrier that violates such verification procedures and that collects charges for telephone exchange service or telephone toll service from a subscriber shall be liable to the carrier previously selected by the subscriber in an amount equal to all charges paid by the subscriber after such violation. The rules and requirements implementing section 258 can be found primarily at 47 CFR part 64. FCC Form 478, Telecommunications Slamming Complaint Reporting Form, is mandated

by 47 CFR 64.1180. Pursuant to Section 64.1180(a), each provider of telephone exchange and/or telephone toll service shall submit to the Commission via e-mail (slamming478@fcc.gov), U.S. Mail, or facsimile a slamming complaint reporting form identifying the number of slamming complaints received during the reporting period and other information as specified in subsection (b) of section 64.1180. See 47 CFR 64.1180. Carriers are required to complete and file a copy of the FCC Form 478. Carriers are encouraged to maintain all records regarding slamming complaints for at least 24 month from the date on which they receive written, electronic, or oral contact by a consumer alleging that an unauthorized change in his/her preferred carrier was made by the carrier or by another carrier. The Commission recently revised FCC Form 478 to clarify for carriers the requirements of the form. Among other things, the instructions in Block 3 and Block 4 have been clarified so that carriers count complaints on a per-customer basis rather than a per-line basis. To the extent a carrier cannot report its complaints on a per-customer basis, the carrier is asked to explain the methodology it has chosen to count the complaints, and why it has chosen that methodology. In addition, FCC Form 478 instructions at Lines 112, 113 and 114 were amended to clarify when a complaint should be considered resolved under the Commission's rules. The information will be used to implement section 258 of the Act. The information will strengthen the ability of our rules to deter slamming, while protecting consumers from carriers that may take advantage of consumer confusion over different types of telecommunications services. The information gathered in response to the reporting requirement will enable the Commission to identify, as soon as possible, the carriers that repeatedly initiate unauthorized changes. A copy of the revised FCC Form 478 may be downloaded from the Commission's forms Web page, www.fcc.gov/formpage.html. Obligation to respond: Mandatory.

Public reporting burden for the collections of information are as noted above. Send comments regarding the burden estimates or any other aspect of the collections of information, including suggestions for reducing the burden to Performance Evaluation and Records Management, Washington, DC 20554.
