II. Background and Purpose

The Coast Guard published guidelines on December 31, 1992 (57 FR 62600), to assist groups seeking recertification under the Oil Terminal and Oil Tanker Environmental Oversight and Monitoring Act of 1990 (33 U.S.C. 2732) (the Act). The Coast Guard issued a policy statement on July 7, 1993 (58 FR 36504), to clarify the factors that the Coast Guard would be considering in making its determination as to whether advisory groups should be certified in accordance with the Act, and the procedures which the Coast Guard would follow in meeting its certification responsibilities under the Act.

Most recently, on September 16, 2002 (67 FR 58440), the Coast Guard changed its policy on recertification procedures for regional citizen's advisory council by requiring applicants to provide comprehensive information every three years. For the two years in between, applicants only submit information describing substantive changes to the information provided at the last triennial recertification. This is the year in this triennial cycle that CIRCAC must provide comprehensive information.

The Coast Guard is accepting comments concerning the recertification of CIRCAC. At the conclusion of the comment period on August 4, 2023, the Coast Guard will review all application materials and comments received and will take one of the following actions:

(a) Recertify the advisory group under 33 U.S.C. 2732(o);

(b) Issue a conditional recertification for a period of 90 days, with a statement of any discrepancies, which must be corrected to qualify for recertification for the remainder of the year; or

(c) Deny recertification of the advisory group if the Coast Guard finds that the group is not broadly representative of the interests and communities in the area or is not adequately fostering the goals and purposes of 33 U.S.C. 2732.

The Coast Guard will notify CIRCAC by letter of the action taken on its application. A notice will be published in the **Federal Register** to advise the public of the Coast Guard's determination.

Dated: May 26, 2023.

Rear Admiral, U.S. Coast Guard, Commander, Seventeenth Coast Guard District.

TSA is seeking applications for up to 15 members with specific expertise in surface transportation. Any person wishing to be considered for appointment to STSAC must provide the following:

- Complete professional resume.
- Statement of interest and reasons for application, including the membership category and how you represent a significant portion of that constituency, and a brief explanation of how you can contribute to one or more TSA strategic initiatives, based on your prior experience with TSA or your review of current TSA strategic documents that can be found at www.tsa.gov/about/strategy.

In order for DHS to fully leverage broad-ranging experience and education, the STSAC must be diverse with regard to professional and technical expertise. DHS also is committed to pursuing opportunities, consistent with applicable law, to compose a committee that reflects the diversity of the nation's people.

Membership

The STSAC is composed of no more than 40 voting members from among stakeholders representing each mode of surface transportation, such as passenger rail, freight rail, mass transit,

pipelines, highways, over-the-road bus, school bus industry, and trucking; and may include representatives from—

1. Associations representing such modes of surface transportation;
2. Labor organizations representing such modes of surface transportation;
3. Groups representing the users of such modes of surface transportation, including asset manufacturers, as appropriate;
4. Relevant law enforcement, first responders, and security experts; and
5. Such other groups as the TSA Administrator considers appropriate.

The STSAC also includes nonvoting members, serving in an advisory capacity, who are designated by TSA; the Department of Transportation; the Coast Guard; and such other Federal department or agency as the TSA Administrator considers appropriate.

The STSAC does not have a specific number of members allocated to any membership category and the number of members in a category may change to fit the needs of the Committee, but optimally each category is represented by a minimum of one individual. Members will serve as representatives and speak on behalf of their respective constituency group. Membership on the Committee is personal to the appointee and a member may not send an alternate to a Committee meeting. The members of the Committee shall not receive any compensation from the Government by reason of their service on the Committee.

Committee Membership

Committee members are appointed by and serve at the pleasure of the Administrator of TSA for a term of 2 years, but a voting member may continue to serve until the Administrator appoints a successor. Voting members who are currently serving on the Committee are eligible to reapply for membership. A new application is required.

Committee Meetings

The Committee shall meet as frequently as deemed necessary by the Designated Federal Official (DFO) in consultation with the Chairperson, but no less than two (2) scheduled meetings each year. At least one meeting will be open to the public each year. Unless the DFO decides otherwise, meetings will be held in person in the Washington, DC metropolitan area or through web conferencing. In addition, STSAC members are expected to participate on STSAC subcommittees that normally meet more frequently to deliberate and discuss specific surface transportation matters.

Committee Membership Vetting

All applicants who are presented for appointment to the STSAC must successfully complete a Security Threat Assessment (STA) by TSA, as access to sensitive security information will be necessary. U.S. citizens and those meeting residency requirements will be vetted using TSA's Universal Enrollment Services (UES), which includes the collection of biographic and biometric information to allow TSA to perform the STA in regards to criminal history, intelligence, and citizenship. Selected applicants will be offered a no-cost authorization code to complete the three-step UES process; which includes online pre-enrollment and coordinating an in-person visit to the enrollment center. Non-U.S. applicants presented for appointment to the STSAC will be required to complete additional vetting.
