Information Collection Request

Title: Great Lakes Pilotage.

OMB Control Number: 1625–0086.

Type of Request: Extension of a currently approved collection.

Respondents: The three U.S. pilot associations regulated by the Office of Great Lakes Pilotage.

Abstract: The Office of Great Lakes Pilotage is seeking an extension of OMB’s approval for subject data collection requirements for the three U.S. pilot associations it regulates. This extension would require continued submission of data to an electronic collection system, identified as the Great Lakes Electronic Pilot Management System, which will eventually replace the manual paper submissions currently used to collect data on: bridge hours; vessel delay, detention, cancellation, and moveage; pilot travel and availability; revenues; and related data. This extension ensures the required data crucial from both an operational and rate-making standpoint is available in a timely manner and allows immediate accessibility.

Forms: None.

Burden Estimate: The estimated burden remains the same at 18 hours a year.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended.

Dated: May 10, 2010.

M.B. Lytle,

Captain, U.S. Coast Guard, Acting Assistant Commandant for Command, Control, Communications, Computers and Information Technology.
