

published January 2, 1992 closed land administered by the Bureau to camping, parking and discharge of firearms to land in T 5 S, R 85 W, Tract 80, also known as Lot 2 of O.R.E.O. Subdivision, 6th Principal Meridian, within 30 feet from the centerline of the North Hardscrabble Access Road. That restriction has not been sufficient in protecting adjacent land owners from the target shooting that takes place on BLM.

The area and routes affected by this order will be posted with appropriate regulatory signs in such a manner and location as is reasonable to bring prohibitions to the attention of visitors. Information, including maps of the restricted area, is available in the Glenwood Springs Field Office at the addresses shown below.

Persons who are exempt from the restrictions include: (1) Any Federal, State, or local officers engaged in fire, emergency and law enforcement activities; (2) BLM employees engaged in official duties.

#### Penalties

Any person who fails to comply with the provisions of this order may be subject to penalties outlined in 43 CFR 8360.0-7. Violations of this closure are punishable by a fine not to exceed \$1,000 and/or imprisonment not to exceed 12 months.

#### Notice of Realty Action

**SUMMARY:** The following land has been found suitable for direct sale under Section 203 of the Federal Land Policy and Management Act of 1976 (90 Stat. 2750, 43 U.S.C. 1713), at no less than the appraised fair market value of \$9,000.00. The land will not be offered for sale until at least 60 days after the date of this notice.

T. 23 S., R. 25 E., NMPM  
Sec. 12: NE<sup>1</sup>/<sub>4</sub>NE<sup>1</sup>/<sub>4</sub>, containing 40 acres.

The land is hereby segregated from appropriation under the public land laws, including the mining laws. The segregative effect of the notice of realty action shall terminate upon issuance of patent or other document of conveyance to such lands, upon publication in the **Federal Register** of a termination of the

segregation, or 270 days from the date of publication, whichever occurs first.

The land is being offered by direct sale to the City of Carlsbad for expansion/upgrade of their water facility. The subject lands are adjacent to the City's #6 water well. The subject lands are not required for any other Federal purpose and meet the disposal criteria of the regulations contained in 43 CFR 2710.03(a) and 43 CFR 2711.3-3(a)(2).

The patent, when issued, will contain certain reservations to the United States, including the mineral estate, and will be subject to prior existing rights. Detailed information is available for review at the Carlsbad Field Office, 620 E. Greene, Carlsbad, NM 88220.

For a period of 45 days from March 1, 2001, interested parties may submit comments to Bobbe Young, Lead Realty Specialist, at P.O. Box 1778, Carlsbad, NM 88220. Any adverse comments will be evaluated by the Field Manager, who may vacate or modify this realty action and issue a final determination. In absence of objections, this realty action will become the final determination of the Department of the Interior.

Dated: February 12, 2001.

#### Agency Information Collection Activities: Proposed Collection; Comment Request

**AGENCY:** Minerals Management Service (MMS), Interior.

**ACTION:** Notice of new information collection (OMB Control Number 1010-NEW).

**SUMMARY:** To comply with the Paperwork Reduction Act of 1995 (PRA), we are inviting comments on a collection of information that we will submit to the Office of Management and Budget (OMB) for review and approval. The information collection request (ICR) is titled "Form MMS-144, Rig Movement/Skid Notification Report."

**DATES:** Submit written comments by April 30, 2001.

**ADDRESSES:** Mail or hand-carry comments to the Department of the Interior; Minerals Management Service; Attention: Rules Processing Team; Mail Stop 4024; 381 Elden Street; Herndon, Virginia 20170-4817. If you wish to e-mail comments, the e-mail address is:

rules.comments@mms.gov. Reference "Information Collection, form MMS-144, 1010-New" in your e-mail subject line. Include your name and return address in your e-mail message and mark your message for return receipt.

Our practice is to make comments, including names and home addresses of respondents, available for public review during regular business hours. Individual respondents may request that we withhold their home address from the record, which we will honor to the extent allowable by law. There may be circumstances in which we would withhold from the record a respondent's identity, as allowable by the law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. However, we will not consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

**FOR FURTHER INFORMATION CONTACT:**

Alexis London, Rules Processing Team, telephone (703) 787-1600. You may also contact Alexis London to obtain a copy at no cost of the new form MMS-144.

**SUPPLEMENTARY INFORMATION:**

*Title:* Form MMS-144, Rig Movement/Skid Notification Report.

*OMB Control Number:* 1010-New.

*Abstract:* The Outer Continental Shelf (OCS) Lands Act, 43 U.S.C. 1331 *et seq.*, requires the Secretary of the Interior to preserve, protect, and develop oil and gas resources in the OCS; make such resources available to meet the Nation's energy needs as rapidly as possible; balance orderly energy resources development with protection of the human, marine, and coastal environments; ensure the public a fair and equitable return on the resources offshore; and preserve and maintain free enterprise competition. Section 1332(6) of the OCS Lands Act (43 U.S.C. 1332) requires that "operations in the [O]uter Continental Shelf should be conducted in a safe manner by well-trained personnel using technology, precautions, and techniques sufficient to prevent or minimize the likelihood of blowouts, loss of well control, fires, spillages, physical obstruction to other users of the waters or subsoil and seabed, or other occurrences which may cause damage to the environment or to property, or endanger life or health." This authority and responsibility are among those delegated to MMS, under which we issue regulations governing oil and gas and sulphur operations in

the OCS. The reporting and recordkeeping of information required by our 30 CFR part 250 regulations are mandatory. To facilitate and standardize required reporting, MMS has developed various forms. MMS also issues Notices to Lessees and Operators, which provide clarification, description, or interpretation of requirements contained in regulations, or implement supplemental or regional procedures.

This ICR concerns regulations in 30 CFR 250 subparts D, E, and F, and specifically in sections 401(g), 502, and 602, on equipment movement on and off an offshore platform or from well to well on the same offshore platform. The requirement for operators to notify MMS of rig movements is not specifically stated in §§ 250.401(g), 250.502, and 250.602. However, because of the increased volume of activity in the Gulf of Mexico Region (GOMR), it is now standard MMS procedure to require this notification as a condition of approval for drilling, well workover, recompletion, or abandonment operations. Because of this we have included the rig movement notification with the other the general information collection requirements of these regulations under OMB control numbers 1010-0053, 1010-0067, and 1010-0043. Also, MMS specifically included this reporting notification in the pending revised subpart D proposed regulations (§ 250.404), which OMB approved under 1010-0141.

In reporting rig movement, respondents will generally FAX the information or leave a telephone message. Because the current regulations do not specifically state what information MMS needs and MMS has not issued standard instructions on what to report, in many cases, the respondents have not provided sufficient information for MMS to identify the operator and type of activity. This then requires follow-up telephone calls or messages to the respondent to obtain the needed information. The current non-standard format for rig movement reporting has resulted in increased inspection flight time due to incorrect information. To avoid this recurring problem, the GOMR has developed a new form MMS-144, "Rig Movement/SKID Notification Report." The MMS District Offices use the information reported to accurately ascertain the arrival and departure of all rigs in OCS waters. The accurate location of these rigs is necessary to better facilitate the scheduling of inspections by MMS personnel.

Responses are mandatory. No questions of a "sensitive" nature are

asked and no proprietary information is involved.

*Frequency:* The frequency is "on occasion."

*Estimated Number and Description of Respondents:* Approximately 130 Federal OCS oil and gas lessees.

*Estimated Annual Reporting and Recordkeeping "Hour" Burden:* We estimate respondents will average 6 minutes to fill out and complete form MMS-144. The total annual estimate is 180 burden hours.

*Estimated Annual Reporting and Recordkeeping "Non-Hour Cost" Burden:* We have identified no "non-hour cost" burden associated with form MMS-144.

*Comments:* The PRA (44 U.S.C. 3501, *et seq.*) provides that an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Before submitting an ICR to OMB, PRA section 3506(c)(2)(A) requires each agency "\* \* \* to provide notice \* \* \* and otherwise consult with members of the public and affected agencies concerning each proposed collection of information \* \* \*". Agencies must specifically solicit comments to:

(a) Evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful;

(b) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information;

(c) Enhance the quality, usefulness, and clarity of the information to be collected; and

(d) Minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology. We will summarize written responses to this notice and address them in our submission for OMB approval, including any appropriate adjustments to the estimated burden.

Agencies must estimate both the "hour" and "non-hour cost" burdens to respondents or recordkeepers resulting from the collection of information. We have not identified any non-hour cost burdens for the information collection aspects of form MMS-144. Therefore, if you have costs to generate, maintain, and disclose this information, you should comment and provide your total capital and startup cost components or annual operation, maintenance, and purchase of service components. You should describe the methods you use to estimate major cost factors, including system and technology acquisition, expected useful life of capital

equipment, discount rate(s), and the period over which you incur costs. Capital and startup costs include, among other items, computers and software you purchase to prepare for collecting information, monitoring, and record storage facilities. Generally, your estimates should not include equipment or services purchased: (i) Before October 1, 1995; (ii) to comply with requirements not associated with the information collection; (iii) for reasons other than to provide information or keep records for the Government; or (iv) as part of customary and usual business or private practices.

#### Outer Continental Shelf Oil and Gas and Sulphur Operations

**AGENCY:** Minerals Management Service (MMS), Interior.

**ACTION:** Notice.

**SUMMARY:** MMS has scheduled its annual Industry Awards Program and Luncheon to honor outstanding companies for their exemplary safety and pollution prevention records during the year 2000.

**DATES:** April 4, 2001.

**FOR FURTHER INFORMATION CONTACT:** Debbie O'Brien, 703-787-1579, deborah.o'brien@mms.gov; or Marcia Oliver, 703-787-1043, marcia.oliver@mms.gov.

**SUPPLEMENTARY INFORMATION:** The MMS will host its annual Industry Awards Program and Luncheon on Wednesday, April 4, 2001. It will be held at the Westin Galleria Hotel in Houston, Texas. This is the 19th year that MMS has honored outstanding companies for their exemplary safety and pollution prevention records, and the third year for our industry awards program. To recognize performance during the year 2000, the following awards will be presented:

- **Corporate Leadership Award (CORLA)**—Recognizes corporation employees for performing an act or service that enhances MMS's ability to meet Offshore Minerals Management or Minerals Revenue Management (MRM) mission objectives. An MMS CORLA recipient must be judged by MMS to have performed an exemplary act or

service that helps MMS meet its mission objectives.

- **Corporate Citizen Award (CORCIT)**—Recognizes OCS lessees that are outstanding in the areas of offshore operating performance and fiscal responsibility. An MMS CORCIT recipient must be judged by MMS to be among the safest and most committed to timely and accurate financial reporting. Contributions to overall industry performance are considered.

- **Secretary of the Interior's Minerals Revenues Stewardship Award**—Recognizes companies committed to timely and accurately filing mineral lease revenue and production reports with the MRM Program.

- **Safety Award for Excellence (SAFE)**—Recognizes exemplary performance by oil and gas lessees, operators, and contractors. It also highlights to the public that companies conduct offshore oil and gas activities safely and in a pollution-free manner, even though such activities are complex and carry a significant element of risk. The SAFE Award Categories are as follows:

- High Activity Operator
- Moderate Activity Operator
- Contractor—Drilling
- Contractor—Production

Please visit our web site at <http://www.mms.gov/awards>. The site has information on registration, luncheon, and hotel reservations. Or, you may contact Ms. O'Brien or Ms. Oliver for further information.

## INTERNATIONAL TRADE COMMISSION

[Investigation No. 731-TA-921 (Preliminary)]

### Folding Gift Boxes From China

**AGENCY:** United States International Trade Commission.

**ACTION:** Institution of antidumping investigation and scheduling of a preliminary phase investigation.

**SUMMARY:** The Commission hereby gives notice of the institution of an investigation and commencement of preliminary phase antidumping investigation No. 731-TA-921 (Preliminary) under section 733(a) of the Tariff Act of 1930 (19 U.S.C. 1673b(a)) (the Act) to determine whether there is a reasonable indication that an industry

in the United States is materially injured or threatened with material injury, or the establishment of an industry in the United States is materially retarded, by reason of imports from China of folded gift boxes, provided for in subheading 4819.20.00.40 of the Harmonized Tariff Schedule of the United States, that are alleged to be sold in the United States at less than fair value. Unless the Department of Commerce extends the time for initiation pursuant to section 732(c)(1)(B) of the Act (19 U.S.C. 1673a(c)(1)(B)), the Commission must reach a preliminary determination in antidumping investigations in 45 days, or in this case by April 6, 2001. The Commission's views are due at the Department of Commerce within five business days thereafter, or by April 13, 2001.

For further information concerning the conduct of this investigation and rules of general application, consult the Commission's Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subparts A and B (19 CFR part 207).

**EFFECTIVE DATE:** February 20, 2001.

**FOR FURTHER INFORMATION CONTACT:** Valerie Newkirk (202-205-3190), Office of Investigations, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information concerning the Commission may also be obtained by accessing its internet server (<http://www.usitc.gov>).

### SUPPLEMENTARY INFORMATION:

**Background.**—This investigation is being instituted in response to a petition filed on February 20, 2001, by counsel on behalf of Simkins Industries, Inc., New Haven, CT, and Field Container Company, L.P., Elk Grove Village, IL.

**Participation in the investigation and public service list.**—Persons (other than petitioners) wishing to participate in the investigation as parties must file an entry of appearance with the Secretary to the Commission, as provided in sections 201.11 and 207.10 of the Commission's rules, not later than seven days after publication of this notice in the **Federal Register**. Industrial users and (if the merchandise under investigation is sold at the retail level) representative consumer organizations have the right to appear as parties in
