

regarding the Notice of Proposed Rulemaking on the Collection of Connected Entity Data from Regional Transmission Organizations and Independent System Operators (NOPR) issued on September 17, 2015. This NOPR proposes to amend the Commission's regulations to require each regional transmission organization (RTO) and independent system operator (ISO) to electronically deliver to the Commission, on an ongoing basis, data required from its market participants that would (i) identify the market participants by means of a common alpha-numeric identifier; (ii) list their "Connected Entities," which includes entities that have certain ownership, employment, debt, or contractual relationships to the market participants, as specified in the NOPR; and (iii) describe in brief the nature of the relationship of each Connected Entity. The Commission also postponed the due date for comments on the NOPR until 45 days after the technical conference. Therefore, comments will now be due on January 22, 2016.
