BILLING CODE 3410-02-P

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[Docket # AMS-FV-2006-0205; FV-06-317]

United States Standards for Grades of Cantaloups

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Notice.

SUMMARY: The Agricultural Marketing Service (AMS) is revising the voluntary United States Standards for Grades of Cantaloups. Specifically, AMS is revising the "Application of Tolerances" section in the cantaloup standards. Additionally, AMS is removing the "Unclassified" category from the standards. These changes will bring the standards for cantaloups in line with current marketing practices, thereby improving the usefulness of the standards in serving the industry.

EFFECTIVE DATE: March 10, 2008.

FOR FURTHER INFORMATION CONTACT:

Vincent J. Fusaro, Standardization Section, Fresh Products Branch, (202) 720-2185. The revised United States Standards for Grades of Cantaloups are available by accessing the Fresh Products Branch Web site at: <http://www.ams.usda.gov/standards/stanfjfv.htm>.

SUPPLEMENTARY INFORMATION: Section 203(c) of the Agricultural Marketing Act of 1946 (7 U.S.C. 1621-1627), as

amended, directs and authorizes the Secretary of Agriculture "To develop and improve standards of quality, condition, quantity, grade and packaging and recommend and demonstrate such standards in order to encourage uniformity and consistency in commercial practices." AMS is committed to carrying out this authority in a manner that facilitates the marketing of agricultural commodities. AMS makes copies of official standards available upon request. The United States Standards for Grades of Fruits and Vegetables not connected with Federal Marketing Orders or U.S. Import Requirements no longer appear in the Code of Federal Regulations, but are maintained by USDA, AMS, Fruit and Vegetable Programs.

AMS is revising the United States Standards for Grades of Cantaloups using the procedures that appear in Part 36, Title 7 of the Code of Federal Regulations (7 CFR part 36). These standards were last revised June 30, 1968.

Background

Prior to undertaking detailed work to develop a proposed revision to the standards, AMS published a notice on December 28, 2006, in the **Federal Register** (71 FR 78128) soliciting comments on possible revisions of the United States Standards for Grades of Cantaloups. One supporting comment was received from a national trade association representing independent wholesale receivers. The commenter stated their members were in favor of the proposed revisions to the "Application of Tolerances" section. Based on this supportive comment, a second notice was published on July 25, 2007, in the **Federal Register** (72 FR 40825) proposing to revise the standards to allow changes to section 51.480, which permitted applying tolerances to: either samples of the entire contents of melons in cartons or to samples consisting of at least twenty five melons for cantaloups packed in bulk bins or other packaging. Specifically within the section, "The contents of individual packages * * *" will be modified to "Samples * * *" and "(a) A package may contain * * *" will be modified to "(a) Samples may contain * * *". The notice also proposed eliminating the "Unclassified" category. No additional comments were received.

Based on the one initial comment received and information gathered, AMS is revising the grade standards for cantaloups to include these revisions.

The official grades of cantaloups covered by these standards are determined by the procedures set forth

in the Regulations Governing Inspection, Certification, and Standards of Fresh Fruits, Vegetables and Other Products (7 CFR 51.1 to 51.62).

The revised United States Standards for Grades of Cantaloups will become effective 30 days after publication in the **Federal Register**.

Authority: 7 U.S.C. 1621-1627.

Dated: February 1, 2008.

Lloyd C. Day,

Administrator, Agricultural Marketing Service.

[Docket # AMS-FV-2007-0036; FV-06-318]

United States Standards for Grades of Pineapples

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Final notice.

SUMMARY: The Agricultural Marketing Service (AMS) of the Department of Agriculture (USDA) is revising the voluntary United States Standards for Grades of Pineapples. Specifically, AMS is replacing Tables I and II in the tolerances section with numerical tolerances and numerical application of tolerances. Decay tolerances will also be revised. This change will bring the standards for pineapples in line with current marketing practices, thereby, improving the usefulness of the standards in serving the industry.

EFFECTIVE DATE: March 10, 2008.

FOR FURTHER INFORMATION CONTACT:

Vincent J. Fusaro, Standardization Section, Fresh Products Branch; (202) 720-2185. The revised United States Standards for Grades of Pineapples is available by accessing the AMS, Fresh Products Branch Web site at: <http://www.ams.usda.gov/standards/stanfjfv.htm>.

SUPPLEMENTARY INFORMATION: Section 203(c) of the Agricultural Marketing Act of 1946 (7 U.S.C. 1621-1627), as amended, directs and authorizes the Secretary of Agriculture "To develop and improve standards of quality, condition, quantity, grade and packaging and recommend and demonstrate such standards in order to encourage uniformity and consistency in commercial practices." AMS is committed to carrying out this authority in a manner that facilitates the marketing of agricultural commodities

and makes copies of official standards available upon request. The United States Standards for Grades of Fruits and Vegetables not connected with Federal Marketing Orders or U.S. Import Requirements, no longer appear in the Code of Federal Regulations, but are maintained by USDA, AMS, Fruit and Vegetable Programs.

AMS is revising the voluntary United States Standards for Grades of Pineapples using the procedures that appear in Part 36, Title 7 of the Code of Federal Regulations (7 CFR part 36).

Background

Prior to undertaking detailed work to develop a proposed revision to the standards, AMS published a notice on September 21, 2006, in the **Federal Register** (71 FR 55160), soliciting comments on a possible revision of the United States Standards for Grades of Pineapples. Based on comments received and information gathered, a second notice was published on August 15, 2007, in the **Federal Register** (72 FR 45724), proposing to revise the standards by replacing Tables I and II in the tolerances section with numerical tolerances and numerical application of tolerances. Decay tolerances were also proposed for revision. In response to this notice AMS received two supporting comments and one opposing comment. The comments are available by accessing the <http://www.regulations.gov> Web site.

The two supporting comments stated that the revision would facilitate the marketing of pineapples and make the standards for pineapples more uniform. The opposing commentator did not feel the revision was necessary at this time due to more pressing issues, which were not elaborated on by the commentator.

Based on comments received and information gathered, AMS is revising the pineapple standards by replacing Tables I and II in the tolerances section with numerical tolerances and numerical application of tolerances, as well as revising the decay tolerances.

The official grade of a lot of pineapples covered by these standards will be determined by the procedures set forth in the Regulations Governing Inspection, Certification, and Standards of Fresh Fruits, Vegetables and Other Products (Sec. 51.1 to 51.61).

The United States Standards for Grades of Pineapples will be effective 30 days after publication of this notice in the **Federal Register**.

Authority: 7 U.S.C. 1621–1627.

Dated: February 1, 2008.

BILLING CODE 3410–02–P

DEPARTMENT OF AGRICULTURE

Animal and Plant Health Inspection Service

[Docket No. APHIS–2007–0132]

Notice of Request for Revision and Extension of Approval of an Information Collection; Domestic Quarantine Regulations

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Revision and extension of approval of an information collection; comment request.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Animal and Plant Health Inspection Service's intention to request a revision and extension of approval of an information collection associated with regulations to prevent the interstate spread of plant diseases within the United States.

DATES: We will consider all comments that we receive on or before April 7, 2008.

ADDRESSES: You may submit comments by either of the following methods:

Federal eRulemaking Portal: Go to <http://www.regulations.gov/fdmspublic/component/main?main=DocketDetail&d=APHIS-2007-0132> to submit or view comments and to view supporting and related materials available electronically.

Postal Mail/Commercial Delivery: Please send two copies of your comment to Docket No. APHIS–2007–0132, Regulatory Analysis and Development, PPD, APHIS, Station 3A–03.8, 4700 River Road Unit 118, Riverdale, MD 20737–1238. Please state that your comment refers to Docket No. APHIS–2007–0132.

Reading Room: You may read any comments that we receive on this docket in our reading room. The reading room is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue, SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 690–2817 before coming.

Other Information: Additional information about APHIS and its

programs is available on the Internet at <http://www.aphis.usda.gov>.

FOR FURTHER INFORMATION CONTACT: For information regarding the domestic quarantine regulations, contact Dr. Osama El Lissy, Director, Emergency Management, Emergency and Domestic Programs, PPQ, APHIS, 4700 River Road Unit 137, Riverdale, MD 20737; (301) 734–8247. For copies of more detailed information on the information collection, contact Mrs. Celeste Sickles, APHIS' Information Collection Coordinator, at (301) 734–7477.

SUPPLEMENTARY INFORMATION: *Title:*

Domestic Quarantine Regulations.

OMB Number: 0579–0088.

Type of Request: Revision and extension of approval of an information collection.

Abstract: As authorized by the Plant Protection Act (7 U.S.C. 7701 *et seq.*) (PPA), the Secretary of Agriculture may prohibit or restrict the importation, entry, exportation, or movement in interstate commerce of any plant, plant product, biological control organism, noxious weed, means of conveyance, or other article if the Secretary determines that the prohibition or restriction is necessary to prevent a plant pest or noxious weed from being introduced into or disseminated within the United States. This authority has been delegated to the Animal and Plant Health Inspection Service (APHIS), which administers regulations to implement the PPA. Regulations governing the interstate movement of plants, plant products, and other articles are contained in 7 CFR part 301, "Domestic Quarantine Notices."

These regulations prohibit or restrict the interstate movement of certain articles from infested areas to noninfested areas to prevent the spread of plant pests such as the Asian longhorned beetle, emerald ash borer, imported fire ant, Mexican fruit fly, and the West Indian fruit fly. For example, if an area of the United States has been placed under quarantine because of a fruit fly infestation, then certain plants and plant products that may present a risk of spreading the fruit fly may be moved interstate from the infested area only under certain conditions (e.g., after treatment or inspection). In this way, we prevent the fruit flies from being spread to noninfested areas of the United States via the movement of the plants and plant products.

Administering these regulations requires APHIS to collect information from a variety of individuals who are involved in growing, packing, handling, and transporting plants and plant products. The information we collect
