

comments to Superintendent, Assateague Island National Seashore, 7206 National Seashore Lane, Berlin, Maryland. Our practice is to make comments, including names and addresses of respondents, available for public review during regular business hours. Individual respondents may request that we withhold their home address from the rulemaking record, which we will honor to the extent allowable by law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. However, we will not consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials or organizations or businesses, available for public inspection in their entirety.

List of Subjects in 36 CFR Part 7

District of Columbia, National parks, Reporting and recordkeeping requirements.

For the reasons stated in the preamble, the National Park Service proposes to amend 36 CFR part 7 as follows:

PART 7—SPECIAL REGULATIONS, AREAS OF THE NATIONAL PARK SYSTEM

1. The authority citation for Part 7 continues to read as follows:

Authority: 16 U.S.C. 1, 3, 9a, 460(q), 462(k); Sec. 7.96 also issued under D.C. Code 8–137(1981) and D.C. Code 40–721 (1981).

2. Section 7.65 is amended by adding paragraph (c) to read as follows:

§ 7.65 Assateague Island National Seashore

* * * * *

(c) *Personal Watercraft.* (1) Personal Watercraft (PWC) are allowed in Assateague Island National Seashore within the following locations and under the following conditions:

(i) *Ocean City Inlet.* PWC may operate, transit, launch in water or beach on land between the north shore of Assateague Island and the south margin of the established Ocean City Inlet channel, between Lighted Buoy #10 at approximate latitude 38.19.30N, longitude 75.05.30W and Lighted Buoy #11 at approximate latitude 38.19.16N, longitude 75.09.0W

(ii) *Chincoteague Bay.* PWC may operate, transit or launch in waters between the established Park boundary and the western shore of Assateague Island, from Assateague Point north to that portion of Horse Marsh located due

east of the Memorial Park boat ramp on Chincoteague Island.

(iii) *Oceanside.* PWC are allowed to beach along the ocean side of the island only in the case of personal injury or mechanical failure.

(2) The Superintendent may temporarily limit, restrict or terminate access to the areas designated for PWC use after taking into consideration public health and safety, natural and cultural resource protection, and other management activities and objectives.

Dated: March 26, 2002.

Craig Manson,

Assistant Secretary, Fish and Wildlife and Parks.

BILLING CODE 4310–70–P

FEDERAL EMERGENCY MANAGEMENT AGENCY

44 CFR Part 67

Docket No. FEMA–B–7424

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency (FEMA).

ACTION: Correction of proposed rule.

SUMMARY: This document contains corrections to the proposed rule (Docket No. FEMA–B–7424), which was published on February 5, 2002. The correction more accurately represents the Flood Insurance Study and Flood Insurance Rate Map for the unincorporated areas of Greene County, Missouri, than previously published. **DATES:** The comment period is ninety (90) days following the second publication of this correction to the proposed rule in a newspaper of local circulation in the community.

ADDRESSES: The proposed base flood elevations for the community are available for inspection at the Planning and Zoning Section, 833 Boonville Road, Springfield, Missouri 65802.

FOR FURTHER INFORMATION CONTACT: Matthew B. Miller, P.E., Chief, Hazards Study Branch, Federal Insurance and Mitigation Administration, 500 C Street SW., Washington, DC 20472, (202) 646–3461, or (e-mail) matt.miller@fema.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) publishes proposed determinations of base (1-percent-annual-chance) flood elevations (BFEs) and modified BFEs for communities participating in the National Flood Insurance Program (NFIP), in

accordance with Section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a). These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed BFEs are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.

Correction:

In proposed rule FR Doc. 02–2660, published February 5, 2002 (67 FR 5246), make the following correction to the addresses published under the authority of § 67.4. On page 5248, revise the text following the table for Greene County, Missouri, to read as follows:

Maps are available for inspection at the County Environmental Office, County Courthouse, 940 Boonville Avenue, Springfield, Missouri.

Send comments to the Honorable David L. Coonrod, Presiding Commissioner, Greene County Commissioners, County Courthouse, 940 Boonville Avenue, Springfield, Missouri 65802.

(Catalog of Federal Domestic Assistance No. 83.100, “Flood Insurance”)

Dated: April 5, 2002.

Robert F. Shea,

Acting Administrator, Federal Insurance and Mitigation Administration.
