SUPPLEMENTARY INFORMATION: The New England Fishery Management Council's Monkfish Committee is holding public hearings for Amendment 5 to the Monkfish Fishery Management Plan (FMP). The primary purpose of this amendment is to address the new requirements of the Magnuson-Stevens Fishery Conservation and Management Reauthorization Act that the Council adopt Annual Catch Limits (ACLs) and Accountability Measures (AMs) and manage the fishery at long-term sustainable levels. According to the Act, these measures must be adopted by 2011. Amendment 5 will also include revised biological and management reference points to bring the FMP into compliance with revised National Standard 1 Guidelines. Further, Amendment 5 will specify total allowable catch targets and associated days-at-sea (DAS) and trip limits for the directed fishery to supplant the current specifications that it adopted for the 2007-09 fishing years along with an extension provision which will apply for the 2010 fishing year. Amendment 5 contains proposals to make modifications to the FMP to improve the Research Set-Aside (RSA) Program, to minimize bycatch resulting from trip limit overages, to accommodate those

vessels fishing in groundfish sectors who would no longer be required to use their allocated groundfish DAS, to require all limited access monkfish vessels to use a VMS when on a monkfish DAS, and to allow the landing of monkfish heads.

The public hearing document, as well as the draft Amendment 5 document incorporating an Environmental Assessment, is available on the Monkfish page of the Council's website (www.nefmc.org) or from the Council office.

After the close of the public comment period, the Monkfish Oversight Committee and Industry Advisory Panel will review the comments and develop recommendations to the New England and Mid-Atlantic Fishery Management Councils on the measures to be submitted as final action for Amendment 5. The Councils will make their decisions in April, 2010 for submission to the National Marine Fisheries Service (NMFS). If approved by NMFS, Amendment 5 will take effect at the start of the 2011 fishing year.
