

Title VI, Subtitle E (codified at 47 U.S.C. 942)) enacted changes to this program. It reauthorized the 911 Implementation Coordination Office (ICO), a joint effort between NTIA and the National Highway Traffic Safety Administration (NHTSA). It delineated the responsibilities of the ICO to include a joint program to establish and facilitate coordination and communication between federal, state, and local emergency communications systems, emergency personnel, public safety organizations, telecommunications carriers, and telecommunications equipment manufacturers and vendors involved in the implementation of 911 services.

The NG911 Advancement Act provided funding for grants to be used for the implementation and operation of 911 services, E911 services, migration to an IP-enabled emergency network, and adoption and operation of NG911 services and applications; the implementation of IP-enabled emergency services and applications enabled by NG911 services, including the establishment of IP backbone networks and the application layer software infrastructure needed to interconnect the multitude of emergency response organizations; and training public safety personnel, including call-takers, first responders, and other individuals and organizations who are part of the emergency response chain in 911 services. In August 2019, NTIA and NHTSA made \$109,250,000 in grant awards to 36 agencies.

The information collected for the closeout of this grant program will include various reporting requirements. The closeout performance report is a new collection instrument. All grantees will submit the closeout performance report, tangible property report and final financial report in accordance with 2 CFR part 200, the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (OMB Uniform Guidance). It is important for NHTSA and NTIA to have this information so that they can effectively administer the grant program and account for the expenditure of funds.

Under this proposed effort, all grantees are required to submit required documentation electronically via email.
