

the finding and its reasons in the notice issued.

We find that it is unnecessary and contrary to the public interest to undertake notice and comment rulemaking because this notice merely provides SNFs with the option to use a shorter version of the MDS to satisfy the Medicare assessment requirements, thus, lessening the burden on the SNF providers. There is no change to the current practices of SNF providers in completing the MDS resident assessment instrument. Therefore, for good cause, we waive prior notice and comment procedures.
