

The Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order JO 7400.11H, Airspace Designations and Reporting Points, dated August 11, 2023, and effective September 15, 2023, is amended as follows:

Paragraph 6005 Class E Airspace Areas Extending Upward From 700 Feet or More Above the Surface of the Earth.

* * * * *

AGL IL E5 Danville, IL [Amended]

Vermilion Regional Airport, IL
(Lat. 40°11'59" N, long. 87°35'43" W)

That airspace extending upward from 700 feet above the surface within a 6.6-mile radius of the Vermilion Regional Airport.

Docket No. 23–ASO–5]

RIN 2120–AA66

Amendment of Very High Frequency Omnidirectional Range (VOR) Federal Airway V–9; Arkansas

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action amends Very High Frequency Omnidirectional Range (VOR) Federal Airway V–9 in Arkansas to support the Department of Defense's (DoD) request for connectivity between the Marvell, AR (UJM), VOR/Distance Measuring Equipment (DME) and the

Farmington, MO (FAM), VOR/Tactical Air Navigation (VORTAC) creating a longer contiguous airway simplifying flight planning along this route segment.

DATES: Effective date 0901 UTC, May 16, 2024. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order JO 7400.11 and publication of conforming amendments.

ADDRESSES: A copy of the Notice of Proposed Rulemaking (NPRM), all comments received, this final rule, and all background material may be viewed online at www.regulations.gov using the FAA Docket number. Electronic retrieval help and guidelines are available on the website. It is available 24 hours each day, 365 days each year.

FAA Order JO 7400.11H, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at www.faa.gov/air_traffic/publications/. SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it modifies the Air Traffic Service (ATS) route structure as necessary to preserve the safe and efficient flow of air traffic within the National Airspace System (NAS).

History

The FAA published a NPRM for Docket No. FAA 2023–1829 in the **Federal Register** (88 FR 68512; October 4, 2023), proposing to amend V–9 in Arkansas. Interested parties were invited to participate in this rulemaking

effort by submitting written comments on the proposal to the FAA. No comments were received.

Incorporation by Reference

VOR Federal airways are published in paragraph 6010 of FAA Order JO 7400.11, Airspace Designations and Reporting Points, which is incorporated by reference in 14 CFR 71.1 on an annual basis. This document amends the current version of that order, FAA Order JO 7400.11H, dated August 11, 2023, and effective September 15, 2023. FAA Order JO 7400.11H is publicly available as listed in the **ADDRESSES** section of this document. These amendments will be published in the next update to FAA Order JO 7400.11.

FAA Order JO 7400.11H lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

This action amends 14 CFR part 71 by amending VOR Federal Airway V–9 in Arkansas by adding a segment between the Marvel, AR (UJM), VOR/DME and the Farmington, MO, FAM), VORTAC creating a longer contiguous airway in support of the DoD's request to simplify flight planning along this route segment. The amendment is described below.

V–9: Prior to this final rule, V–9 extended between the Leeville, LA (LEV), VORTAC and the Marvell, AR (UJM), VOR/DME; between the Farmington, MO (FAM), VORTAC and the Pontiac, IL (PNT), VOR/DME; and between the Janesville, WI (JVL), VOR/DME and the Houghton, MI (CMX), VOR/DME. The FAA establishes V–9 between the Marvell VOR/DME and the Farmington VORTAC which creates a longer contiguous airway. As amended, the route is changed to now extend between the Leeville VORTAC and the Pontiac VOR/DME, and between the Janesville VOR/DME and the Houghton VOR/DME.

All radials listed in the VOR Federal airway description in the Amendment section below are stated in degrees True north.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated

impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action of amending VOR Federal Airway V-9 in the eastern United States, qualifies for categorical exclusion under the National Environmental Policy Act (42 U.S.C. 4321 *et seq.*) and its implementing regulations at 40 CFR part 1500, and in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures," paragraph 5-6.5a, which categorically excludes from further environmental impact review rulemaking actions that designate or modify classes of airspace areas, airways, routes, and reporting points (see 14 CFR part 71, Designation of Class A, B, C, D, and E Airspace Areas; Air Traffic Service Routes; and Reporting Points); and paragraph 5-6.5b, which categorically excludes from further environmental impact review "Actions regarding establishment of jet routes and Federal airways (see 14 CFR 71.15, *Designation of jet routes and VOR Federal airways*). . .". As such, this airspace action is not expected to cause any potentially significant environmental impacts. In accordance with FAA Order 1050.1F, paragraph 5-2 regarding Extraordinary Circumstances, the FAA has reviewed this action for factors and circumstances in which a normally categorically excluded action may have a significant environmental impact requiring further analysis. Accordingly, the FAA has determined that no extraordinary circumstances exist that warrant preparation of an environmental assessment or environmental impact study.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order JO 7400.11H, Airspace Designations and Reporting Points, dated August 11, 2023, and effective September 15, 2023, is amended as follows:

Paragraph 6010(a) Domestic VOR Federal Airways.

* * * * *

V-9 [Amended]

From Leeville, LA; McComb, MS; INT McComb 004° and Magnolia, MS 194° radials; Magnolia; Sidon, MS; Marvell, AR; INT Marvell 326° and Walnut Ridge, AR 187° radials; Walnut Ridge; Farmington, MO; St. Louis, MO; Spinner, IL; to Pontiac, IL. From Janesville, WI; Madison, WI; Oshkosh, WI; Green Bay, WI; Iron Mountain, MI; to Houghton, MI.

RIN 2120-AA66

Amendment of Restricted Areas R-2510A and R-2510B in the Vicinity of El Centro, CA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action amends the using agency for restricted areas R-2510A and R-2510B in the vicinity of El Centro, CA from "Commanding Officer, U.S. Navy Fleet Area Control and Surveillance Facility, San Diego, CA" to "U.S. Marine Corps, Commanding Officer, Marine Corps Air Station Yuma, Yuma, AZ". This action does not change any boundaries, altitudes, times of designation, or activities conducted within the restricted areas.

DATES: Effective date 0901 UTC, May 16, 2024.

ADDRESSES: A copy of this final rule and all background material may be viewed online at www.regulations.gov using the

FAA Docket number. Electronic retrieval help and guidelines are available on the website. It is available 24 hours each day, 365 days each year.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it updates the using agency listed for restricted areas R-2510A and R-2510B in the vicinity of El Centro, CA.

Background

The U.S. Department of the Navy requested that the Federal Aviation Administration amend the descriptions of restricted areas R-2510A and R-2510B by changing the using agency listed for each from "Commanding Officer, U.S. Navy Fleet Area Control and Surveillance Facility, San Diego, CA" to "U.S. Marine Corps, Commanding Officer, Marine Corps Air Station Yuma, Yuma, AZ". The request is the result of a realignment of air traffic control responsibilities for the area.

The Rule

This action amends 14 CFR part 73 by amending the using agency listed for restricted areas R-2510A and R-2510B from "Commanding Officer, U.S. Navy Fleet Area Control and Surveillance Facility, San Diego, CA" to "U.S. Marine Corps, Commanding Officer, Marine Corps Air Station Yuma, Yuma, AZ". This action is necessary in order to reflect the current organization tasked with using agency responsibilities for the restricted areas.

This is an administrative change that does not affect the boundaries, designated altitudes, times of designation, or activities conducted within restricted areas R-2510A and R-2510B; therefore, notice and public
