

data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: ARP–HCY State Coordinators Survey.

OMB Control Number: 1810–NEW.

Type of Review: A new information collection.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 52.

Total Estimated Number of Annual Burden Hours: 52.

Abstract: The American Rescue Plan Act of 2021 (ARP) included an unprecedented \$800 million to support the specific needs of homeless children and youth via the American Rescue Plan Elementary and Secondary School Emergency Relief—Homeless Children and Youth (ARP–HCY) Fund. State educational agencies (SEAs) and local educational agencies (LEAs) must use ARP–HCY funds to identify homeless children and youth, to provide homeless children and youth with wrap-around services to address the challenges of COVID–19, and to enable homeless children and youth to attend school and fully participate in school activities. This is a one-time grant program administered as part of the American Rescue Plan. The U.S. Department of Education (the Department) is seeking to understand how funds under this one-time grant program are being used.

Specifically, the Department is seeking to learn about the distribution of ARP–HCY funds by SEAs, the characteristics of LEAs receiving funds, and the characteristics of LEAs who chose not to participate in the distribution of funds in each state. Additionally, the Department would like to gather information on how SEAs are using the funds that were set aside at the State level under this program. Information obtained in this survey will be used to inform technical assistance and support provided by the

Department and the National Center for Homeless Education (NCHE), resources developed by NCHE, and further studies.

Dated: July 12, 2022.

Kun Mullan,

PRA Coordinator, Strategic Collections and Clearance, Governance and Strategy Division, Office of Chief Data Officer, Office of Planning, Evaluation and Policy Development.

BILLING CODE 4000–01–P

DEPARTMENT OF ENERGY

President's Council of Advisors on Science and Technology (PCAST)

AGENCY: Office of Science, Department of Energy.

ACTION: Notice of partially-closed virtual meeting.

SUMMARY: This notice announces a partially-closed meeting of the President's Council of Advisors on Science and Technology (PCAST). Due to the COVID–19 pandemic, this meeting will be held virtually for members of the public and in-person for PCAST members. The Federal Advisory Committee Act (FACA) requires that public notice of these meetings be announced in the **Federal Register**.

DATES: Thursday, July 28, 2022; 2:30 p.m. to 4 p.m. ET.

ADDRESSES: Information to participate virtually can be found on the PCAST website closer to the meeting at: www.whitehouse.gov/PCAST/meetings.

FOR FURTHER INFORMATION CONTACT: Dr. Sarah Domnitz, Designated Federal Officer, PCAST, email: PCAST@ostp.eop.gov; or telephone: (202) 881–6399.

SUPPLEMENTARY INFORMATION: PCAST is an advisory group of the nation's leading scientists and engineers, appointed by the President to augment the science and technology advice available to him from the White House, cabinet departments, and other Federal agencies. PCAST is consulted on and provides analyses and recommendations concerning a wide range of issues where understanding of science, technology, and innovation may bear on the policy choices before the President. The Designated Federal Officer is Dr. Sarah Domnitz. Information about PCAST can be found at: www.whitehouse.gov/PCAST.

Tentative Agenda

Open Portion of the Meeting: PCAST will hear from invited speakers on and

discuss science and innovation activities at the Department of Energy. Additional information and the meeting agenda, including any changes that arise, will be posted on the PCAST website at: www.whitehouse.gov/PCAST/meetings.

Closed Portion of the Meeting: PCAST may hold a closed meeting of approximately one hour with the President on July 28, 2022 or July 29, 2022, which must take place in the White House for scheduling convenience and to maintain Secret Service protection. This meeting will be closed to the public because a portion of the meeting is likely to disclose matters that are to be kept secret in the interest of national defense or foreign policy under 5 U.S.C. 552b(c)(1).

Public Participation: The meeting is open to the public. The meeting will be held virtually for members of the public.

It is the policy of the PCAST to accept written public comments no longer than 10 pages and to accommodate oral public comments whenever possible. The PCAST expects that public statements presented at its meetings will not be repetitive of previously submitted oral or written statements.

The public comment period for this meeting will take place on July 28, 2022, at a time specified in the meeting agenda. This public comment period is designed only for substantive commentary on PCAST's work, not for business marketing purposes.

Oral Comments: To be considered for the public speaker list at the meeting, interested parties should register to speak at PCAST@ostp.eop.gov, no later than 12:00 p.m. Eastern Time on July 21, 2022. To accommodate as many speakers as possible, the time for public comments will be limited to two (2) minutes per person, with a total public comment period of up to 10 minutes. If more speakers register than there is space available on the agenda, PCAST will select speakers on a first-come, first-served basis from those who registered. Those not able to present oral comments may file written comments with the council.

Written Comments: Although written comments are accepted continuously, written comments should be submitted to PCAST@ostp.eop.gov no later than 12:00 p.m. Eastern Time on July 21, 2022, so that the comments can be made available to the PCAST members for their consideration prior to this meeting.

Because PCAST operates under the provisions of FACA, all public comments and/or presentations will be treated as public documents and will be made available for public inspection, including being posted on the PCAST

website at: www.whitehouse.gov/PCAST/meetings.

Minutes: Minutes will be available within 45 days at: www.whitehouse.gov/PCAST/meetings.

Signed in Washington, DC, on July 12, 2022.

LaTanya Butler,

Deputy Committee Management Officer.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. IC22–13–000]

Commission Information Collection Activities (FERC–914) Comment Request; Extension

AGENCY: Federal Energy Regulatory Commission.

ACTION: Notice of information collections and request for comments.

SUMMARY: In compliance with the requirements of the Paperwork Reduction Act of 1995, the Federal Energy Regulatory Commission (Commission or FERC) is soliciting public comment on the currently approved information collection, FERC–914 (Cogeneration and Small Power Production—Tariff Filings), which will be submitted to the Office of Management and Budget (OMB) for review.

DATES: Comments on collections of information are due August 15, 2022.

ADDRESSES: Send written comments on FERC–914 (IC22–13–000) to OMB through www.reginfo.gov/public/do/PRAMain, Attention: Federal Energy Regulatory Commission Desk Officer. Please identify the OMB Control Number 1902–0231 (Cogeneration and Small Power Production—Tariff Filings) in the subject line. Your comments should be sent within 30 days of publication of this notice in the **Federal Register**.

Please submit copies of your comments (identified by Docket No. IC22–13–000) to the Commission as noted below. Electronic filing through <http://www.ferc.gov>, is preferred.

- **Electronic Filing:** Documents must be filed in acceptable native applications and print-to-PDF, but not in scanned or picture format.

- For those unable to file electronically, comments may be filed by USPS mail or by hand (including courier) delivery.

- *Mail via U.S. Postal Service only, addressed to:* Federal Energy Regulatory

Commission, Secretary of the Commission, 888 First Street NE, Washington, DC 20426.

- *Hand (including courier) delivery to:* Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, MD 20852.

Instructions: OMB submissions must be formatted and filed in accordance with submission guidelines at www.reginfo.gov/public/do/PRAMain. Using the search function under the “Currently Under Review field,” select Federal Energy Regulatory Commission; click “submit” and select “comment” to the right of the subject collection. FERC submissions must be formatted and filed in accordance with submission guidelines at: <http://www.ferc.gov>. For user assistance, contact FERC Online Support by email at ferconlinesupport@ferc.gov, or by phone at: (866) 208–3676 (toll-free).

Docket: Users interested in receiving automatic notification of activity in this docket or in viewing/downloading comments and issuances in this docket may do so at <http://www.ferc.gov>.

FOR FURTHER INFORMATION CONTACT:

Ellen Brown may be reached by email at DataClearance@FERC.gov and telephone at (202) 502–8663.

SUPPLEMENTARY INFORMATION:

Title: FERC–914, Cogeneration and Small Power Production—Tariff Filings. **OMB Control No.:** 1902–0231.

Type of Request: Three-year extension of the FERC–914 information collection requirements with no changes to the current reporting requirements.

Abstract: The Commission published a 60-day notice in the **Federal Register** on May 2, 2022.¹ The Commission received no comments. Section 205(c) of the Federal Power Act (FPA) (16 U.S.C. 824d(c)) and 18 CFR 292 require that every public utility have all its jurisdictional rates and tariffs on file with the Commission and make them available for public inspection, within such time and in such form as the Commission designates. Section 205(d) of the FPA (16 U.S.C. 824d(d)) requires that every public utility must provide notice to the Commission and the public of any changes to its jurisdictional rates and tariffs, file such changes with the Commission, and make them available for public inspection as directed by the Commission. In addition, FPA section 206 (16 U.S.C. 82e) requires the Commission, upon complaint or its own motion, to modify existing rates or services that are found to be unjust,

unreasonable, unduly discriminatory, or preferential. FPA section 207 (16 U.S.C. 824f) requires the Commission upon complaint by a state commission and a finding of insufficient interstate service, to order the rendering of adequate interstate service by public utilities, the rates for which would be filed in accordance with FPA sections 205 and 206.

In Order Nos. 671 and 671–A,² the Commission revised its regulations that govern qualifying small power production and cogeneration facilities. The Commission eliminated certain exemptions from rate regulation that were previously available to qualifying facilities (QFs). New QFs may need to make tariff filings if they do not meet the exemption requirements.

FERC implemented the Congressional mandate of the Energy Policy Act of 2005 (EPAct 2005) to establish criteria for new qualifying cogeneration facilities by: (1) amending the exemptions available to qualifying facilities from the FPA and from Public Utility Holding Company Act (PUHCA) [resulting in the burden imposed by FERC–914, the subject of this notice]; (2) ensuring that these facilities are using their thermal output in a productive and beneficial manner; that the electrical, thermal, chemical and mechanical output of new qualifying cogeneration facilities is used fundamentally for commercial, residential or industrial purposes; and there is continuing progress in the development of efficient electric energy generating technology; (3) amending the FERC Form No. 556³ to reflect the criteria for new cogeneration QFs; and (4) eliminating ownership limitations for cogeneration and small power production QFs. The Commission satisfied the statutory mandate and its continuing obligation to review its policies encouraging cogeneration and small power production, energy conservation, efficient use of facilities and resources by electric utilities, and equitable rates for energy customers.

Type of Respondents: New QFs and small power producers that do not meet Commission exemption criteria.

² Revised Regulations Governing Small Power Production and Cogeneration Facilities, Order No. 671, 71 FR 7852 (2/15/2006), FERC Stats. & Regs. ¶ 31,203 (2006); and Revised Regulations Governing Small Power Production and Cogeneration Facilities, Order 671–A, 71 FR 30585 (5/30/2006), in Docket No. RM05–36.

³ The FERC Form 556 (Certification of Qualifying Facility (QF) Status for a Small Power Production or Cogeneration Facility) is cleared separately as OMB Control No. 1902–0075 and is not a subject of this notice.
