

Likely Respondents: RWHAP AETC trainees complete the PIF either at the start or at the conclusion of an event. Trainers complete an ER for each training event they conduct during the year. In addition, each regional RWHAP AETC (eight total) and the RWHAP AETC National Coordinating Resource Center compile these data once a year for submission to HRSA.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose, or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install, and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and

maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

TOTAL ESTIMATED ANNUALIZED BURDEN—HOURS

Form name	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total burden hours
Participant Information Form	164,385	1	0.167	27,452
Event Record	12,980	1	0.200	2,596
Combined Data Set	8	1	32.000	256
	177,373	30,304

The burden estimate for this request is for 30,304 hours, a large increase of 25,872 hours from the previous estimate of 4,432 hours. This surge is mostly due to the increase of estimated trainees attending the training events, from 61,288 to 164,385 participants, and an increase in training events, from 10,522 to 12,980 events. The burden estimate in submitting the data set also increased from 4.5 to 32 hours due to the larger amount of data requested.

HRSA specifically requests comments on (1) the necessity and utility of the proposed information collection for the proper performance of the agency's functions, (2) the accuracy of the estimated burden, (3) ways to enhance the quality, utility, and clarity of the information to be collected, and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

Maria G. Button,

Director, Executive Secretariat.

BILLING CODE 4165-15-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Renewal of the President's Council on Sports, Fitness & Nutrition's Charter

AGENCY: Office of Disease Prevention and Health Promotion, Office of the Assistant Secretary for Health, Office of the Secretary, Department of Health and Human Services.

ACTION: Notice.

SUMMARY: The U.S. Department of Health and Human Services (HHS) is

hereby giving notice that the charter for the President's Council on Sports, Fitness & Nutrition (hereafter referred to as the Council) has been renewed.

DATES: On May 16, 2022, the Secretary of Health and Human Services approved the renewal of the Council's charter. The new charter was executed and filed with the appropriate Congressional committees and the Library of Congress on May 17, 2022. The renewal of the Council's charter gives the Council authorization to operate until May 15, 2024.

ADDRESSES: A copy of the Council's charter is available on the Council's website at: <https://health.gov/our-work/nutrition-physical-activity/presidents-council/about-pcsfn/executive-order>.

FOR FURTHER INFORMATION CONTACT: Rachel Fisher, Designated Federal Officer, U.S. Department of Health and Human Services, Office of Disease Prevention and Health Promotion; 1101 Wootton Parkway, Suite 420, Rockville, Maryland 20852, Phone (240) 453-8257.

Additional information is available on the Council's website at: <https://health.gov/our-work/nutrition-physical-activity/presidents-council>.

SUPPLEMENTARY INFORMATION:

Functioning as a federal advisory committee, the Council is governed by the provisions of the Federal Advisory Committee Act (FACA). FACA stipulates that the charter for a federal advisory committee must be renewed every two years. The most recent Executive Order 14048, dated September 30, 2021, provides for the work of the Council to include a focus on expanding national awareness of the importance of mental health as it pertains to physical fitness and

nutrition. To reflect the changes to the Council's scope under Executive Order 14048, the Charter has been amended and renewed.

The Council is charged with advising the President, through the Secretary of Health and Human Services (Secretary), concerning progress made in carrying out the provisions of Executive Order 13265, as amended, as further amended by Executive Order 14048, which aims to expand and encourage youth sports participation and to promote the overall physical fitness, health, and nutrition of all Americans. The Council promotes this goal through external outreach, raising public awareness, and recommending to the President, through the Secretary, actions to accelerate such progress. Executive Order 14048 directs the Secretary to carry out the responsibilities for public health and human services, and to continue to promulgate a national strategy (the National Youth Sports Strategy) to expand children's participation in youth sports, encourage regular physical activity, including active play, and promote good nutrition for all Americans. Executive Order 14048 also directs the Secretary to expand national awareness of the importance of mental health as it pertains to physical fitness and nutrition and to share information about the positive effects of physical activity on mental health, particularly as it relates to children and adolescents, to combat the negative mental health impacts of the coronavirus disease 2019 (COVID-19) pandemic.

Paul Reed,

Rear Admiral (L), U.S. Public Health Services, Office of the Assistant Secretary for Health, U.S. Department of Health and Human Services.
