

include: The 50 states, the District of Columbia, five territories, authorized tribes with EPA-approved water quality standards (45 tribes as of February 2021), and a total of 18 additional tribal respondents over the three-year duration of the ICR. The total number of potential respondents is thus 119.

Respondent's obligation to respond: Some collections in this ICR are mandatory, some are required to obtain or retain benefits pursuant to the WQS Regulation, and some are voluntary.

Estimated number of respondents: 119.

Frequency of response: Variable (once every three years, on occasion or as necessary, or only once) depending on type of information collected.

Total estimated burden: 466,242 hours per year. Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$21,409,833 in labor costs and \$263,520 in operations and maintenance costs per year. There are no annualized capital costs.

Change in estimates: A decrease of 41,645 hours in estimated respondent burden compared with the currently approved ICR. The decrease reflects removal of one completed collection and transfer and consolidation of two collections with the ICR of another program, and adjustments to reflect changes in the estimated number of respondents.

Brownfields Stakeholder Discussion and Listening Session With Nonprofit Organizations and Community Foundations

AGENCY: Environmental Protection
Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) will host an open discussion and listening session with nonprofit organizations across the country to hear about nonprofit leadership in brownfields assessment, cleanup, and redevelopment projects. This is a virtual event and will be held on Friday, April 23, 2021 through Zoom from 1 p.m.–3 p.m. Eastern Standard

Time. EPA will make registration information available to the public on the agency's website at <http://www.epa.gov/brownfields> on Friday, April 2, 2021. Due to the limit of 250 participants, attendance will be on a first-come, first served basis. Registration is required. After registering and prior to April 2, confirmed participants will receive an email from Eventbrite with a link to use to join the event.

The purpose of this meeting is to hear from representatives of nonprofits, using the following questions to guide the discussion: How does your nonprofit organization view its role in brownfields cleanup and redevelopment? What benefits and barriers exist to nonprofits leading brownfield cleanup and redevelopment projects? How can EPA best engage with nonprofit organizations that are most interested in leading brownfields cleanup and redevelopment?

In addition to the open discussion and listening session, stakeholders may respond in writing to the guiding questions mentioned above during a three-week comment period that will commence upon publication of this notice. Comments will be accepted through April 23, 2021 and should be submitted through email to EPA's Office of Brownfields and Land Revitalization at BUILDAct@epa.gov.

DATES: This event will be held on April 23, 2021 through Zoom from 1 p.m.–3 p.m. Eastern Standard Time. Public comments submitted before the event will be accepted through April 23, 2021 and should be submitted through email to EPA's Office of Brownfields and Land Revitalization at BUILDAct@epa.gov.

FOR FURTHER INFORMATION CONTACT:

Daniel Moher, U.S. EPA; email: moher.daniel@epa.gov; telephone: (202) 566-2939. Additional information about EPA's Brownfields and Land Revitalization Program is available at <http://www.epa.gov/brownfields>.

SUPPLEMENTARY INFORMATION: The Brownfields Utilization, Investment and Local Development Act of 2018 (BUILD Act) amended the Brownfields provisions of the Comprehensive, Environmental Response, Compensation and Liability Act (CERCLA) to expand its eligibility for nonprofit organizations. Nonprofits described as 501(c)(3), limited liability corporations (LLCs) and community development agencies that are nonprofit, can apply for multipurpose, assessment, cleanup, and revolving loan fund grants.
