SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-90973; File No. SR-BOX-2021-02]

Self-Regulatory Organizations; BOX Exchange LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Adopt Temporary IM-2020-1 (Temporary Extension for Representatives To Function as Principals)

January 22, 2021.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act" or "Exchange Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on January 12, 2021, the BOX Exchange LLC ("BOX" or the "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this

notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to adopt temporary IM-2020-1 (Temporary Extension for Representatives to Function as Principals). The text of the proposed rule change is available from the principal office of the Exchange, at the Commission's Public Reference Room and also on the Exchange's internet website at <http://boxoptions.com>.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to adopt temporary IM-2020-1 (Temporary Extension for Representatives to Function as Principals). The proposed rule change would extend the 120-day period that certain individuals on the Exchange can function as a Principal without having successfully passed an applicable qualification examination through April 30, 2021,³ and would apply only to those individuals who were designated to function as a principal prior to January 1, 2021. This proposed rule change is based on a filing recently submitted by the Financial Industry Regulatory Authority, Inc. ("FINRA")⁴

³ If BOX wishes to provide additional temporary relief from the rule requirements identified in this proposed rule change beyond April 30, 2021, BOX will submit a separate rule filing to further extend the temporary extension of time.

⁴ See Exchange Act Release No. 90617 (December 9, 2020), 85 FR 81258 (December 15, 2020) (SR-FINRA-2020-043) (the "FINRA Filing"). The Exchange notes that the FINRA Filing also provides temporary relief to individuals registered with FINRA as Operations Professionals under FINRA Rule 1220. The Exchange does not have a registration category for Operations Professionals

and is intended to harmonize the Exchange's registration rules with those of FINRA so as to promote uniform standards across the securities industry.

The COVID-19 pandemic is an unpredictable, exogenous event that has resulted in unavoidable disruptions to the securities industry and impacted Participant firms, regulators, investors and other stakeholders. In response to COVID-19, earlier this year FINRA began providing temporary relief by way of frequently asked questions ("FAQs")⁵ to address disruptions to the administration of FINRA qualification examinations caused by the pandemic that have significantly limited the ability of individuals to sit for examinations due to Prometric test center capacity issues.⁶

FINRA published the first FAQ on March 20, 2020, providing that individuals who were designated to function as principals under FINRA Rule 1210.04⁷ prior to February 2, 2020, would be given until May 31, 2020, to pass the appropriate principal qualification examination.⁸ On May 19,

and therefore, the Exchange is not proposing to adopt that aspect of the FINRA Filing.

⁵ See <https://www.finra.org/rules-guidance/key-topics/covid-19/faq#qe>.

⁶ At the outset of the COVID-19 pandemic, all FINRA qualification examinations were administered at test centers operated by Prometric. Based on the health and welfare concerns resulting from COVID-19, in March Prometric closed all of its test centers in the United States and Canada and began to slowly reopen some of them at limited capacity in May. Currently, Prometric has resumed testing in many of its United States and Canada test centers, at either full or limited occupancy, based on local and government mandates.

⁷ BOX Rule 2020(d) is similar to FINRA Rule 1210.04. The Exchange notes there are several differences between its rule text and FINRA's rule. FINRA's rule provides that registered persons under the rule must have at least 18 months of experience functioning as a representative within a five-year period immediately preceding their designation as principal, and the person must have fulfilled all applicable prerequisite registration, fee and examination requirements prior to their designation as principal. The Exchange's rule does not have similar qualifying prerequisites. Unlike the Exchange's rule text, FINRA's rule also provides that the requirements of the rule apply to any principal category, and persons registered as an "Order Processing Assistant Representative", or a "Foreign Associate" are not eligible to be designated as a principal under the rule. Lastly, FINRA's rule also accounts for situations in which a person registered as a principal can function in another principal category for a period of 120 calendar days prior to passing an appropriate qualification examination. The Exchange believes these differences are minor in substance and do not materially impact this proposal. Specifically, the Exchange simply seeks to adopt similar relief in regards to its examination requirements for representatives functioning as principals, due to the COVID-19 pandemic.

⁸ FINRA Rule 1210.04 (Requirements for Registered Persons Functioning as Principals for a Limited Period) allows a member firm to designate certain individuals to function in a principal

2020, FINRA extended the relief to pass the appropriate examination until June 30, 2020. On June 29, 2020, FINRA again extended the temporary relief providing that individuals who were designated to function as principals under FINRA Rule 1210.04 prior to May 4, 2020, would be given until August 31, 2020, to pass the appropriate principal qualification examination. On August 28, 2020, FINRA again extended the temporary relief to pass the principal qualification examinations until December 31, 2020.⁹

The COVID-19 conditions necessitating the extension of relief provided in the FINRA FAQ continue to persist and in fact appear to be worsening.¹⁰ One of the impacts of COVID-19 continues to be serious interruptions in the administration of FINRA qualification examinations at Prometric test centers and the limited ability of individuals to sit for the examinations.¹¹ Although Prometric has been reopening its test centers, Prometric's safety practices mean that currently not all test centers are open, some of the open test centers are at limited capacity, and some open test centers are delivering only certain examinations that have been deemed essential by the local government.¹² Furthermore, Prometric has had to close some reopened test centers due to incidents of COVID-19 cases. The initial nationwide closure in March along with the inability to fully reopen all Prometric test centers due to COVID-19 have led to a significant backlog of individuals who are waiting to sit for FINRA examinations that are not available online, including the General Securities Principal Exam (Series 24).¹³

capacity for 120 calendar days before having to pass an appropriate principal qualification examination. BOX Rule 2020(d) provides the same allowance to Participants.

In addition, firms are continuing to experience operational challenges with much of their personnel working from home due to shelter-in-place orders, restrictions on businesses and social activity imposed in various states, and adherence to other social distancing guidelines consistent with the recommendations of public health officials.¹⁴ As a result, firms continue to face potentially significant disruptions to their normal business operations that may include a limitation of in-person activities and staff absenteeism as a result of the health and welfare concerns stemming from COVID-19. Such potential disruptions may be further exacerbated and may even affect client services if firms cannot continue to keep principal positions filled as they may have difficulty finding other qualified individuals to transition into these roles or may need to reallocate employee time and resources away from other critical responsibilities at the firm.

These ongoing, extenuating circumstances make it impracticable for Participants to ensure that the individuals whom they have designated to function in a principal capacity, as set forth in BOX Rule 2020(d), are able to successfully sit for and pass an appropriate qualification examination within the 120-calendar day period required under the rule, or to find other qualified staff to fill this position. The ongoing circumstances also require individuals to be exposed to the health risks associated with taking an in-person examination, because the General Securities Principal examination is not available online. Therefore, the Exchange is proposing to continue the temporary relief provided through the FINRA FAQs and FINRA's subsequent rule filings¹⁵ by adopting IM-2020-1 to extend the 120-day period during which an individual can function as a principal before having to pass an applicable qualification examination until April 30, 2021. The proposed rule change would apply only to those individuals who were designated to function as a principal prior to January 1, 2021. Any individuals designated to function as a principal on or after January 1, 2021, would need to successfully pass an appropriate qualification examination within 120 days.

The Exchange believes that this proposed extension of time is tailored to

additional qualification examinations available remotely on a limited basis.

address the needs and constraints on a Participant's operations during the COVID-19 pandemic, without significantly compromising critical investor protection. The proposed extension of time will help to minimize the impact of COVID-19 on Participants by providing continued flexibility so that Participants can ensure that principal positions remain filled. The potential risks from the proposed extension of the 120-day period are mitigated by the Participant's continued requirement to supervise the activities of these designated individuals and ensure compliance with federal securities laws and regulations, as well as the Exchange's rules.

2. Statutory Basis

The Exchange believes that the proposal is consistent with the requirements of Section 6(b) of the Act,¹⁶ in general, and Section 6(b)(5) of the Act,¹⁷ in particular, because it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to, and perfect the mechanism of, a free and open market and a national market system and, in general, to protect investors and the public interest.

The proposed rule change is intended to minimize the impact of COVID-19 on Participant operations by extending the 120-day period certain individuals may function as a principal without having successfully passed an appropriate qualification examination under BOX Rule 2020(d) until April 30, 2021. The proposed rule change does not relieve Participants from maintaining, under the circumstances, a reasonably designed system to supervise the activities of their associated persons to achieve compliance with applicable securities laws and regulations, and with applicable BOX rules that directly serve investor protection. In a time when faced with unique challenges resulting from the COVID-19 pandemic, the Exchange believes that the proposed rule change is a sensible accommodation that will continue to afford Participants the ability to ensure that critical positions are filled and client services maintained, while continuing to serve and promote the protection of investors and the public interest in this unique environment.

¹⁷ 15 U.S.C. 78f(b)(5).

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Exchange Act. The proposed rule change is intended to provide temporary relief given the impacts of the COVID-19 pandemic crisis and to also maintain consistency with the rules of other self-regulatory organizations ("SROs") with respect to the registration requirements applicable to Participants and their registered personnel. In that regard, the Exchange believes that any burden on competition would be clearly outweighed by providing Participants with temporary relief in this unique environment while also ensuring clear and consistent requirements applicable across SROs and mitigating any risk of SROs implementing different standards in these important areas. In its filing, FINRA notes that the proposed rule change is necessary to temporarily rebalance the attendant benefits and costs of the obligations under FINRA Rule 1210 in response to the impacts of the COVID-19 pandemic, which is equally applicable to the changes the Exchange proposes.¹⁸ The Exchange accordingly incorporates FINRA's abbreviated economic impact assessment by reference.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁹ and Rule 19b-4(f)(6) thereunder.²⁰

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative for 30 days after the date of filing. However, pursuant to Rule 19b-4(f)(6)(iii), the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposed rule change may become operative immediately upon filing. As noted above, the Exchange stated that the proposed extension of time will help minimize the impact of the COVID-19 outbreak on Participants' operations by allowing them to keep principal positions filled and minimizing disruptions to client services and other critical responsibilities. The Exchange further stated that the ongoing extenuating circumstances of the COVID-19 pandemic make it impractical to ensure that individuals designated to act in these capacities are able to take and pass the appropriate qualification examination during the 120-calendar day period required under the rules. The Exchange also explained that shelter-in-place orders, restrictions on business and social activity, and adherence to social distancing guidelines consistent with the recommendations of public officials remain in place in various states.²¹ In addition, the Exchange observed that, following a nationwide closure of all test centers earlier in the year, some test centers have re-opened, but are operating at limited capacity or are only delivering certain examinations that have been deemed essential by the local government.²² Although, as the Exchange noted, FINRA has launched an online test delivery service to help address this backlog, the General Securities Principal (Series 24) Examination is not available online.²³ Nevertheless, the Exchange explained that the proposed rule change will provide needed flexibility to ensure that these positions remain filled and is tailored to address the constraints on Participants' operations during the COVID-19 pandemic without significantly compromising critical investor protection.²⁴

²¹ See *supra* note 14.

²² See *supra* notes 11 and 12. The Exchange states that Prometric has also had to close some reopened test centers due to incidents of COVID-19 cases.

²³ See *supra* note 13. FINRA is considering making additional qualification examinations available remotely on a limited basis.

²⁴ The Exchange states that Participants remain subject to the continued requirement to supervise the activities of these designated individuals and ensure compliance with federal securities laws and regulations, as well as BOX rules.

The Commission observes that the Exchange's proposal, like FINRA's analogous filing, provides only temporary relief from the requirement to pass certain qualification examinations within the 120-day period in the rules. As proposed, this relief would extend the 120-day period that certain individuals can function as principals through April 30, 2021. If a further extension of temporary relief from the rule requirements identified in this proposal beyond April 30, 2021 is required, the Exchange noted that it may submit a separate rule filing to extend the effectiveness of the temporary relief under these rules.²⁵ For these reasons, the Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest.²⁶ Accordingly, the Commission hereby waives the 30-day operative delay and designates the proposal operative upon filing.²⁷

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Exchange Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Exchange Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-BOX-2021-02 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange

²⁵ See *supra* note 3.

²⁶ As noted above by the Exchange, this proposed temporary change is based on a recent filing by FINRA that the Commission approved with a waiver of the 30-day operative delay. See FINRA Filing, 85 FR at 81260.

²⁷ For purposes only of waiving the 30-day operative delay, the Commission has considered the proposed rule change's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–90970; File No. SR–CboeEDGX–2021–007]

Self-Regulatory Organizations; Cboe EDGX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Establish a Monthly Fee Assessed on Members' MPIDs

January 22, 2021.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the

“Act”)¹ and Rule 19b–4 thereunder,² notice is hereby given that, on January 13, 2021, Cboe EDGX Exchange, Inc. (the “Exchange”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Cboe EDGX Exchange, Inc. (the “Exchange” or “EDGX Equities”) proposes to amend its fee schedule to establish a fee in connection with a Member's Market Participant Identifier(s) (“MPID”). The text of the proposed rule change is provided in Exhibit 5.

The text of the proposed rule change is also available on the Exchange's website (http://markets.cboe.com/us/options/regulation/rule_filings/edgx/), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its Fee Schedule to adopt a monthly fee assessed on Members' MPIDs.³

The Exchange first notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a

particular venue to be excessive or incentives to be insufficient. More specifically, the Exchange is only one of 16 registered equities exchanges, as well as a number of alternative trading systems and other off-exchange venues that do not have similar self-regulatory responsibilities under the Exchange Act, to which market participants may direct their order flow. Based on publicly available information,⁴ no single registered equities exchange has more than 16% of consolidated equity market share and currently the Exchange represents approximately 7% of the U.S. equities market. Thus, in such a low-concentrated and highly competitive market, no single equities exchange possesses significant pricing power in the execution of order flow. The Exchange further notes that broker-dealers are not compelled to be Members of the Exchange, and a significant proportion of broker-dealers that trade U.S. equity securities have, in fact, chosen not to apply for membership on the Exchange.

By way of background, an MPID is a four-character unique identifier that is approved by the Exchange and assigned to a Member for use on the Exchange to identify the Member firm on the orders sent to the Exchange and resulting executions. Members may choose to request more than one MPID as a unique identifier(s) for their transactions on the Exchange. The Exchange notes that a Member may have multiple MPIDs for use by separate business units and trading desks or to support Sponsored Participant⁵ access. Certain members currently leverage multiple MPIDs to obtain benefits from and added value in their participation on the Exchange. Multiple MPIDs provide unique benefits to and efficiencies for Members by allowing: (1) Members to manage their trading activity more efficiently by assigning different MPIDs to different trading desks and/or strategies within the firm; and (2) Sponsoring Members⁶

⁴ See Cboe Global Markets, U.S. Equities Market Volume Summary, Month-to-Date (December 18, 2020), available at https://markets.cboe.com/us/equities/market_statistics/.

⁵ A Sponsored Participant is a person which has entered into a sponsorship arrangement with a Sponsoring Member pursuant to Rule 11.3, which permits a Sponsored Participant to obtain authorized access to the System only if such access is authorized in advance by one or more Sponsoring Members. See Rules 1.5(z) and 11.3.

⁶ A Sponsoring Member is a Member that is a registered broker-dealer and that has been designated by a Sponsored Participant to execute, clear and settle transactions resulting from the System. The Sponsoring Member shall be either (i) a clearing firm with membership in a clearing agency registered with the Commission that maintains facilities through which transactions may be cleared or (ii) a correspondent firm with a
