Current Actions: The Applying Promising Practices for Small and Rural Libraries (APP) program is a special initiative, funded through the IMLS Office of Library Services. The goal of this initiative is to support projects that strengthen the ability of small and rural libraries and archives to serve their communities in the areas of digital inclusion, community memory, and school library practice.

The agency seeks to undertake a systematic assessment to better understand the methods for building the capacity of these small and rural libraries and archives to serve their communities. The proposed evaluation approach is intended to provide a reasonable balance between scientific considerations for valid and reliable evidence and stakeholder utilization of the acquired knowledge. This investigation is intended to inform IMLS decision-making for current and future grant-making in this grant program, as well as practices in this segment of the library sector.

This action is to seek approval for the information collection for the Evaluation and Learning for IMLS's Applying Promising Practices for Small and Rural Libraries (APP) program for the next three years.
