N.Am.I 444) and is now known as INM 444 S1.

The three additional objects of cultural patrimony (projectile points) were donated by Mr. Charles Floyd in 1939 and have Object ID IA/NN 932. They are described as a set of three stone projectile points from Georgia. Each has an irregular shape and variations in color. One is grey with red veins in the stone. One is quartz-like with an opaque white and yellow surface on one side and grey granules on the opposite side. One is yellow/brown in color and appears to have a broken tip.

Determinations

Boston Children's Museum has determined that:

- The 16 unassociated funerary objects described in this notice are reasonably believed to have been placed intentionally with or near human remains, and are connected, either at the time of death or later as part of the death rite or ceremony of a Native American culture according to the Native American traditional knowledge of a lineal descendant, Indian Tribe, or Native Hawaiian organization. The unassociated funerary objects have been identified by a preponderance of the evidence as related to human remains, specific individuals, or families, or removed from a specific burial site or burial area of an individual or individuals with cultural affiliation to an Indian Tribe or Native Hawaiian organization.
- The three objects of cultural patrimony described in this notice have ongoing historical, traditional, or cultural importance central to the Native American group, including any constituent sub-group (such as a band, clan, lineage, ceremonial society, or other subdivision), according to the Native American traditional knowledge of an Indian Tribe or Native Hawaiian organization.
- There is a reasonable connection between the cultural items described in this notice and The Muscogee (Creek) Nation.

Requests for Repatriation

Additional, written requests for repatriation of the cultural items in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the cultural items in this notice to a requestor may occur on or after April 19, 2024. If competing requests for repatriation are received, Boston Children's Museum must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the cultural items are considered a single request and not competing requests. Boston Children's Museum is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice and to any other consulting parties.

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701–TA–590 and 731–TA–1397 (Review)]

Sodium Gluconate, Gluconic Acid, and Derivative Products From China; Determinations

On the basis of the record [1] developed in the subject five-year reviews, the United States International Trade Commission (''Commission'') determines, pursuant to the Tariff Act of 1930 (''the Act''), that revocation of the antidumping and countervailing duty orders on sodium gluconate, gluconic acid, and derivative products from China would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.

Background

The Commission instituted these reviews on October 2, 2023 (88 FR 67807) and determined on January 5, 2024 that it would conduct expedited reviews (89 FR 3426, January 18, 2024).

The Commission made these determinations pursuant to section 751(c) of the Act (19 U.S.C. 1675(c)). It completed and filed its determinations in these reviews on March 15, 2024. The views of the Commission are contained in USITC Publication 5498 (March 2024), entitled *Sodium Gluconate, Gluconic Acid, and Derivative Products from China: Investigation Nos. 701–TA–590 and 731–TA–1397 (Review).*

[1] The record is defined in § 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

By order of the Commission.

Issued: March 15, 2024.

Lisa Barton,

Secretary to the Commission.

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701–TA–710–711 and 731–TA–1673–1674 (Preliminary)]

2,4-Dichlorophenoxyacetic Acid (''2,4-D'') From China and India; Institution of Antidumping and Countervailing Duty Investigations and Scheduling of Preliminary Phase Investigations

AGENCY: United States International Trade Commission.

ACTION: Notice.

SUMMARY: The Commission hereby gives notice of the institution of investigations and commencement of preliminary phase antidumping and countervailing duty investigation Nos. 701–TA–710–711 and 731–TA–1673–1674 (Preliminary) pursuant to the Tariff Act of 1930 (''the Act'') to determine whether there is a reasonable indication that an industry in the United States is materially injured or threatened with material injury, or the establishment of an industry in the United States is materially retarded, by reason of imports of 2,4-dichlorophenoxyacetic acid (''2,4-D'') from China and India, provided for in subheading 2918.99.20 of the Harmonized Tariff Schedule of the United States, that are alleged to be sold in the United States at less than fair value and alleged to be subsidized by the Governments of China and India. Unless the Department of Commerce (''Commerce'') extends the time for initiation, the Commission must reach a preliminary determination in antidumping and countervailing duty investigations in 45 days, or in this case by April 29, 2024. The Commission's views must be transmitted to Commerce within five business days thereafter, or by May 6, 2024.

DATES: March 14, 2024.
