BILLING CODE 4410-09-P

DEPARTMENT OF JUSTICE

Drug Enforcement Administration

Manufacturer of Controlled Substances; Notice of Application

Pursuant to § 1301.33(a) of Title 21 of the Code of Federal Regulations (CFR), this is notice that on May 14, 2010, Chattem Chemicals Inc., 3801 St. Elmo Avenue, Building 18, Chattanooga, Tennessee 37409, made application to the Drug Enforcement Administration (DEA) as a bulk manufacturer of the basic classes of controlled substances listed in schedule II:

Drug	Schedule
Phenylacetone (8501)	II
Raw Opium (9600)	II
Concentrate of Poppy Straw (9670).	II

The company plans to manufacture the listed controlled substances in bulk for distribution to its customers.

Any other such applicant, and any person who is presently registered with DEA to manufacture such substances, may file comments or objections to the issuance of the proposed registration pursuant to 21 CFR 1301.33(a).

Any such written comments or objections should be addressed, in quintuplicate, to the Drug Enforcement Administration, Office of Diversion Control, Federal Register Representative (ODL), 8701 Morrisette Drive, Springfield, Virginia 22152; and must be filed no later than November 1, 2010.

Dated: August 13, 2010.

Joseph T. Rannazzisi,

Deputy Assistant Administrator, Office of Diversion Control, Drug Enforcement Administration.

[FR Doc. 2010-21744 Filed 8-31-10; 8:45 am]

BILLING CODE 4410-09-P

DEPARTMENT OF JUSTICE

Drug Enforcement Administration

Manufacturer of Controlled Substances; Notice of Registration

By Notice dated March 16, 2010, and published in the **Federal Register** on March 24, 2010, (75 FR 14189), Rhodes Technologies, 498 Washington Street,

Coventry, Rhode Island 02816, made application by renewal to the Drug Enforcement Administration (DEA) to be registered as a bulk manufacturer of the basic classes of controlled substances listed in schedules I and II:

Drug	Schedule
Tetrahydrocannabinols (7370)	I
Methylphenidate (1724)	II
Codeine (9050)	II
Dihydrocodeine (9120)	II
Oxycodone (9143)	II
Hydromorphone (9150)	II
Noroxycodone (9193)	II
Oripavine (9330)	II
Thebaine (9333)	II
Oxymorphone (9652)	II
Noroxymorphone (9668)	II
Fentanyl (9801)	II

The company plans to manufacture the listed controlled substances in bulk for conversion and sale to dosage form manufacturers.

No comments or objections have been received. DEA has considered the factors in 21 U.S.C. 823(a) and determined that the registration of Rhodes Technologies to manufacture the listed basic classes of controlled substances is consistent with the public interest at this time. DEA has investigated Rhodes Technologies to ensure that the company's registration is consistent with the public interest. The investigation has included inspection and testing of the company's physical security systems, verification of the company's compliance with state and local laws, and a review of the company's background and history. Therefore, pursuant to 21 U.S.C. 823(a), and in accordance with 21 CFR 1301.33, the above named company is granted registration as a bulk manufacturer of the basic classes of controlled substances listed.

Dated: August 2, 2010.

Joseph T. Rannazzisi,

Deputy Assistant Administrator, Office of Diversion Control, Drug Enforcement Administration.

BILLING CODE 4410-09-P

DEPARTMENT OF JUSTICE

Drug Enforcement Administration

Manufacturer of Controlled Substances; Notice of Registration

By Notice dated March 16, 2010, and published in the **Federal Register** on March 24, 2010, (75 FR 14189), Archimica, Inc., 2460 W. Bennett Street, Springfield, Missouri 65807-1229, made application by letter to the Drug

Enforcement Administration (DEA) to be registered as a bulk manufacturer of Amphetamine (1100), a basic class of controlled substance listed in schedule II.

The company plans to acquire the listed controlled substance in bulk from a domestic source in order to manufacture other controlled substances in bulk for distribution to its customers.

No comments or objections have been received. DEA has considered the factors in 21 U.S.C. 823(a) and determined that the registration of Archimica, Inc., to manufacture the listed basic class of controlled substance is consistent with the public interest at this time. DEA has investigated Archimica, Inc., to ensure that the company's registration is consistent with the public interest. The investigation has included inspection and testing of the company's physical security systems, verification of the company's compliance with state and local laws, and a review of the company's background and history. Therefore, pursuant to 21 U.S.C. 823(a), and in accordance with 21 CFR 1301.33, the above named company is granted registration as a bulk manufacturer of the basic class of controlled substance listed.

Dated: August 13, 2010.

Joseph T. Rannazzisi,

Deputy Assistant Administrator, Office of Diversion Control, Drug Enforcement Administration.

BILLING CODE 4410-09-P

NATIONAL SCIENCE FOUNDATION

Proposal Review; Notice of Meetings

In accordance with the Federal Advisory Committee Act (Pub. L. 92-463, as amended), the National Science Foundation (NSF) announces its intent to hold proposal review meetings throughout the year. The purpose of these meetings is to provide advice and recommendations concerning proposals submitted to the NSF for financial support. The agenda for each of these meetings is to review and evaluate proposals as part of the selection process for awards. The review and evaluation may also include assessment of the progress of awarded proposals. The majority of these meetings will take place at NSF, 4201 Wilson Blvd., Arlington, Virginia 22230.

These meetings will be closed to the public. The proposals being reviewed include information of a proprietary or confidential nature, including technical information; financial data, such as

salaries; and personal information concerning individuals associated with the proposals. These matters are exempt under 5 U.S.C. 552b(c), (4) and (6) of the Government in the Sunshine Act. NSF will continue to review the agenda and merits of each meeting for overall compliance of the Federal Advisory Committee Act.

These closed proposal review meetings will not be announced on an individual basis in the **Federal Register**. NSF intends to publish a notice similar to this on a quarterly basis. For an advance listing of the closed proposal review meetings that include the names of the proposal review panel and the time, date, place, and any information on changes, corrections, or cancellations, please visit the NSF Web site: <http://www.nsf.gov>. This information may also be requested by telephoning, 703/292-8182.

Dated: August 27, 2010.

Susanne Bolton,

Committee Management Officer.

BILLING CODE 7555-01-P

NATIONAL SCIENCE FOUNDATION

Notice of Permit Applications Received Under the Antarctic Conservation Act of 1978 (Pub. L. 95-541)

AGENCY: National Science Foundation.

ACTION: Notice of Permit Applications Received under the Antarctic Conservation Act of 1978, Public Law 95-541.

SUMMARY: The National Science Foundation (NSF) is required to publish notice of permit applications received to conduct activities regulated under the Antarctic Conservation Act of 1978. NSF has published regulations under the Antarctic Conservation Act at Title 45 Part 670 of the Code of Federal Regulations. This is the required notice of permit applications received.

DATES: Interested parties are invited to submit written data, comments, or views with respect to this permit application by October 1, 2010. This application may be inspected by interested parties at the Permit Office, address below.

ADDRESSES: Comments should be addressed to Permit Office, Room 755, Office of Polar Programs, National Science Foundation, 4201 Wilson Boulevard, Arlington, Virginia 22230.

FOR FURTHER INFORMATION CONTACT: Nadene G. Kennedy at the above address or (703) 292-7405.

SUPPLEMENTARY INFORMATION: The National Science Foundation, as directed by the Antarctic Conservation Act of 1978 (Pub. L. 95-541), as amended by the Antarctic Science, Tourism and Conservation Act of 1996, has developed regulations for the establishment of a permit system for various activities in Antarctica and designation of certain animals and certain geographic areas a requiring special protection. The regulations establish such a permit system to designate Antarctic Specially Protected Areas.

The applications received are as follows:

1. Applicant

Permit Application No. 2011-005.

George Waters, Director, U.S. AMLR Program, Southwest Fisheries Science Center, National Marine Fisheries Service, 8604 La Jolla Shores Drive, La Jolla, CA 92038.

Activity for Which Permit is Requested

Take, Enter Antarctic Specially Protected Areas, and Import into the USA. This notice amends the notice published in the **Federal Register** on July 21, 2010 for George Waters to include the installation of four snow-measurement gauges at Cape Shirreff (ASPA #149) and four at Copacabana, Admiralty Bay (ASPA #128). Each gauge will be constructed with a single metal rod, 1.5 to 2.5m in length, and >2.5cm in diameter, that will be driven into the ground to a depth of circa 0.5m. The gauges would be installed at four locations at each site, in the vicinity of seabird colonies or seal rookeries. The applicant recognizes that ultrasonic snow-depth sensing equipment is available, however positioning such devices near seabird and pinniped colonies would require additional towers/power supplies that are currently unavailable at these field sites. To take this step would be more intrusive to the sites, as it would require not only more gear, but more setup and installation effort (aka disturbance) near the animals. The low-tech solution is preferable, and more reliable over time.

Location

Cape Shirreff, Livingston Island (ASPA #149) and Copacabana field camp at Admiralty Bay, King George Island (ASPA # 128).

Dates

October 1, 2010 to July 31, 2011.

Nadene G. Kennedy,

Permit Officer, Office of Polar Programs.

BILLING CODE P

NUCLEAR REGULATORY COMMISSION

[Docket No. 72-10 (50-282/306)]

Northern States Power Company, a Minnesota Corporation; Notice of Issuance of Materials License Amendment to SNM-2506 Prairie Island Independent Spent Fuel Storage Installation at the Prairie Island Nuclear Generating Plant Site

The U.S. Nuclear Regulatory Commission (NRC or the Commission) has issued Amendment 7 to Materials License SNM-2506 held by the Northern States Power Company, a Minnesota Corporation (NSPM¹ or the licensee), authorizing receipt, possession, transfer, and storage of spent fuel at the Prairie Island Independent Spent Fuel Storage Installation (ISFSI) located onsite at its Prairie Island Nuclear Generating Plant site in Goodhue County, Minnesota. This license amendment is effective as of the date of its issuance and shall be implemented within ninety (90) days of the date of issuance.

By application dated March 28, 2008, as supplemented June 26 and August 29, 2008, June 26 and September 28, 2009, January 18, May 4, and July 27, 2010, NSPM requested to amend its ISFSI license and to reformat the license Technical Specifications (TS) for the Prairie Island ISFSI in accordance with 10 CFR part 72. The licensee proposed in the license amendment request (LAR) to modify the TN-40 cask for storage of higher initially enriched and higher burnup fuel. The modified cask is designated the TN-40HT storage cask. This amendment complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR chapter I,

¹ On September 22, 2008, Nuclear Management Company, LLC (NMC) transferred its operating authority to Northern States Power Company, a Minnesota corporation (NSPM), doing business as Xcel Energy. By letter dated September 3, 2008 (package, ML082240762), NSPM assumed responsibility for actions and commitments previously submitted by NMC.
