SUPPLEMENTARY INFORMATION: This Notice informs the public that the U.S. Department of Housing and Urban Development (HUD) has submitted to OMB, for emergency processing, a proposed information collection that combines and simplifies reporting for the Indian Housing Plan and Annual Performance Report and reduces the estimated annual burden hours for preparing the combined report.

Recipients of IHBG funds are required to submit an annual *Indian Housing Plan* (IHP) (HUD–52735) that provides a series of goals and objectives for the recipient to accomplish with the IHBG funds to provide affordable housing for its low- to moderate-income tribal members (Native American Housing Assistance and Self-Determination Act (NAHASDA), § 102).

At the end of each 1-year period the recipient is to submit an *Annual Performance Report* (APR) (HUD–52735–AS) to (1) Describe the use of grant funds; (2) compare relationship of grant fund use to the IHP goals and objectives; (3) discuss program accomplishments; and (4) describe how the recipient would change its program delivery and implementation based upon the recipient’s experience (NAHASDA § 404).

IHBG recipients (tribes and tribally designated housing entities) are required to submit information annually to demonstrate compliance with eligibility and other requirements of NAHASDA and for HUD’s annual report to Congress. The information collected enables HUD to maintain its databases in order to monitor a recipient’s performance and determine program compliance.

The proposal to create a combined IHP/APR reporting form is necessary for improving the quality of reported data and reducing the burden hours to complete the forms. HUD anticipates that the simplification of the IHP will reduce the average estimated hours to complete the IHP section of the IHP/APR. The simplification of the APR and combining it with the IHP enables recipients to avoid unnecessary data entry while eliminating the need to
