Puerto Rico. Researchers would annually capture up to 320 hawksbill and 252 green sea turtles by hand or entanglement net. Turtles would be measured, weighed, tagged, and blood or skin biopsy sampled. A subset of up to 10 hawksbill and 10 green sea turtles per year would be satellite tagged. A subset of up to 10 green sea turtles per year from the Culebra study sites may undergo fibropapillomatosis tumor removal surgery and subsequent rehabilitation.

In the case of a green turtle evidencing severe internal tumors, the turtle may be euthanized; this is not expected to apply to more than 2 turtles per year. The permit is requested for 5 years.

Magnesium Metal from the People's Republic of China: Extension of Time for the Preliminary Results of the Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: March 22, 2010.

FOR FURTHER INFORMATION CONTACT: Laurel LaCivita, AD/CVD Operations, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482–4243.

SUPPLEMENTARY INFORMATION:

Background

On April 1, 2009, the Department of Commerce (“the Department”) published in the **Federal Register** a notice for an opportunity to request an administrative review of the antidumping duty order on magnesium metal from the People's Republic of China (“PRC”).¹ Respondent, Tianjin Magnesium International Co., Ltd. (“TMI”), requested a review on April 27, 2009, and Petitioner, US Magnesium LLC (“US Magnesium”), requested a review of TMI on April 30, 2009. The Department published in the **Federal Register** a notice of initiation of an administrative review of TMI for the period April 1, 2008, through March 31,

2009.² On December 23, 2009, we extended the deadline for issuing the preliminary results of review for 75 days until March 16, 2010.³ As explained in the memorandum regarding “Tolling of Administrative Deadlines as a Result of the Government Closure During the Recent Snowstorm” from the Deputy Assistant Secretary for Import Administration, the Department has exercised its discretion to toll deadlines for the duration of the closure of the Federal Government from February 5, through February 12, 2010. Thus, all deadlines in this segment of the proceeding have been extended by seven days. The current revised deadline for the preliminary results of this review is now March 23, 2010.⁴

Extension of Time Limit of Preliminary Results

Pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended (“the Act”), the Department shall make a preliminary determination in an administrative review of an antidumping duty order within 245 days after the last day of the anniversary month of the date of publication of the order. The Act further provides, however, that the Department may extend that 245-day period to 365 days if it determines it is not practicable to complete the review within the foregoing time period.

We determine that completion of the preliminary results of this review within the 245-day period is not practicable because the Department requires additional time to analyze information pertaining to the respondent's sales practices, factors of production, and to issue and review responses to supplemental questionnaires. Therefore, we require additional time to complete these preliminary results. As a result, in accordance with section 751(a)(3)(A) of the Act, the Department is extending the time period for completion of the preliminary results of this review by an additional 21 days until April 13, 2010.

This notice is published in accordance with sections 751(a)(3)(A) and 777(i) of the Act.

Natural Bristle Paint Brushes and Brush Heads from the People's Republic of China: Final Results of the Expedited Sunset Review of the Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On November 2, 2009, the Department of Commerce (“the Department”) initiated a sunset review of the antidumping duty order on natural bristle paint brushes and brush heads from the People's Republic of China (“PRC”) pursuant to section 751(c) of the Tariff Act of 1930, as amended (“the Act”). See *Initiation of Five-year (“Sunset”) Review*, 74 FR 56593 (November 2, 2009) (“Sunset Initiation”); see also *Antidumping Duty Order; Natural Bristle Paint Brushes and Brush Heads From the People's Republic of China*, 51 FR 5580 (February 14, 1986) and *Amended Antidumping Duty Order; Natural Bristle Paint Brushes and Brush Heads From the People's Republic of China*, 51 FR 8342 (March 11, 1986) (“Order”). Based on the notice of intent to participate and adequate response filed by the domestic interested parties, and the lack of response from any respondent interested party, the Department conducted an expedited (120 day) sunset review of the Order pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2). As a result of this sunset review, the Department finds that revocation of the Order would likely lead to continuation or recurrence of dumping, at the levels indicated in the “Final Results of Sunset Review” section of this notice, *infra*.

EFFECTIVE DATE: March 22, 2010.
