Carbazole Violet Pigment 23 From India: Initiation of Antidumping Duty New Shipper Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) has determined that a request for a new shipper review (NSR) of the antidumping duty order on carbazole violet pigment 23 from India meets the statutory and regulatory requirements for initiation. The period of review (POR) for the NSR is December 1, 2021, through November 31, 2022.

DATES: Applicable January 27, 2023.

FOR FURTHER INFORMATION CONTACT: Dennis McClure, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-5973.

SUPPLEMENTARY INFORMATION:

Background

Commerce published the antidumping duty order on carbazole violet pigment 23 from India on December 29, 2004.¹ On December 9, 2022, and January 3, 2023, pursuant to section 751(a)(2)(B)(i) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.214(c), Commerce received timely NSR requests from Navpad Pigments Pvt. Ltd. and Sudarshan Chemical Industries Limited (Sudarshan).² As explained in Commerce's letter to Navpad, we rejected Navpad's request to initiate an NSR because U.S. Customs and Border Protection (CBP) data indicated that the company had made a sale of subject merchandise prior to the beginning of NSR POR and Navpad is, therefore, ineligible for an NSR.³

¹ See Notice of Amended Final Determination of Sales at Less Than Fair Value and Antidumping Duty Order: Carbazole Violet Pigment 23 From India, 69 FR 77988 (December 29, 2004) (Order).

² See Navpad's Letter, "New Shipper Review Request," dated January 3, 2023; see also Sudarshan's Letters, "Request for Initiation of a New Shipper Review of the Antidumping Duty Order (A-533-838)," dated December 9, 2022; and "Resubmission of Request for Initiation of a New Shipper Review of the Antidumping Duty Order (A-533-838) filed on December 09, 2022," dated January 19, 2023 (Sudarshan's NSR Request).

³ See Commerce's Letter, "Rejection of New Shipper Review Request," dated concurrently with

Continued

¹⁷ See Scott Lumber Sales Letter, "Requests for Clarifications of Review Requests," dated February 10, 2022, in which Scott Lumber Sales confirmed that its complete name is Scott Lumber Sales Ltd.

In its submission, Sudarshan certified that it is the producer and exporter of the subject merchandise subject to this NSR request.⁴ Pursuant to section 751(a)(2)(B)(i)(I) of the Act and 19 CFR 351.214(b)(2)(i), Sudarshan certified that it did not export carbazole violet pigment 23 to the United States during the period of investigation (POI).⁵ Additionally, pursuant to section 751(a)(2)(B)(i)(II) of the Act and 19 CFR 351.214(b)(2)(iii)(A), Sudarshan certified that, since the initiation of the investigation, it has not been affiliated with any producer or exporter that exported carbazole violet pigment 23 to the United States during the POI, including those not individually examined during the investigation.⁶

In its submission, pursuant to 19 CFR 351.214(b)(2)(iv), Sudarshan certified that it would provide necessary information related to the unaffiliated customer in the United States during the NSR. Sudarshan also provided a certification by its unaffiliated customer of its willingness to participate in the NSR.

In addition to the certifications described above, pursuant to 19 CFR 351.214(b)(2)(v), Sudarshan submitted documentation establishing the following: (1) the date on which the subject merchandise was first entered, or withdrawn from warehouse, for consumption; (2) the volume of its first shipment and any subsequent shipments, including whether such shipments were made in commercial quantities; and (3) the date of its first sale and any subsequent sales to an unaffiliated customer in the United States.⁷

Additionally, Sudarshan submitted documentation establishing the circumstances surrounding such sales, including: (1) the price of such sale; (2) any expenses arising from such sale; (3) whether the subject merchandise involved in such sale was resold in the United States at a profit; and (4) whether such sale were made on an arm's-length basis.⁸ Sudarshan also submitted documentation regarding its

business activities, including: (1) offers to sell merchandise in the United States; (2) an identification of the complete circumstance surrounding its sales to the United States, as well as any home market or third country sales; and (3) an identification of its relationship to the first unaffiliated U.S. purchaser.⁹

As explained in the Initiation Checklist, Commerce conducted a query of CBP data but found no suspended/Type 3 entries made by Sudarshan.¹⁰ Section 351.214(b) of Commerce's regulations allows Commerce to accept an NSR request when a company exported, or sold for export, subject merchandise to the United States, and can demonstrate the existence of a *bona fide* sale.¹¹ As Sudarshan satisfies these requirements, we are initiating an NSR and will provide Sudarshan an opportunity to correct the classification of its entry(ies) to Type 3 (*i.e.*, suspended and subject to antidumping duties) in order to be able to continue to conduct the review.¹²

Period of Review

In accordance with 19 CFR 351.214(g)(1)(i)(A), the POR for an NSR initiated in the month immediately following the anniversary month will be the twelve-month period immediately preceding the anniversary month. Therefore, the POR for this NSR is December 1, 2021, through November 30, 2022.

Initiation of NSR

Pursuant to section 751(a)(2)(B) of the Act and 19 CFR 351.214(b), and based on the information on the record, we find that Sudarshan's NSR request meets the threshold requirements for initiation of an NSR of its shipments of carbazole violet pigment 23 to the United States.¹³ However, if the information supplied by Sudarshan is later found to be incorrect or insufficient during the course of this NSR, Commerce may rescind the review or apply adverse facts available, pursuant to section 776 of the Act, as appropriate. Pursuant to 19 CFR 351.221(c)(1)(i), Commerce will publish the notice of initiation of an NSR no later than the last day of the month following the anniversary or semiannual anniversary month of the order. Commerce intends to issue the preliminary results of this review no

later than 180 days from the date of initiation, and the final results of this review no later than 90 days after the date the preliminary results are issued.¹⁴

We intend to conduct this NSR in accordance with section 751(a)(2)(B) of the Act.¹⁵ Because Sudarshan certified that it exported subject merchandise, the sale of which is the basis for its NSR request, Commerce will instruct CBP to suspend or continue to suspend liquidation of all entries of subject merchandise produced and exported by Sudarshan. To assist in its analysis of the *bona fide* nature of Sudarshan's sale(s), upon initiation of this NSR, Commerce will require Sudarshan to submit, on an ongoing basis, complete transaction information concerning any sales of subject merchandise to the United States that were made subsequent to the POR. Further, in accordance with section 751(a)(2)(B)(iv)(VII) of the Act and 19 CFR 351.214(k), Sudarshan will be required to provide information regarding the following factors for Commerce's consideration in determining whether the sales made by Sudarshan during the period of review are *bona fide*: (1) whether the producer, exporter, or customer was established for purposes of the sales in question after the imposition of the relevant antidumping or countervailing duty order; (2) whether the producer, exporter, or customer has lines of business unrelated to the subject merchandise; (3) the quantity of sales; and (4) any other factor that Commerce determines to be relevant with respect to the future selling behavior of the producer or exporter, including any other indicia that the sale was not commercially viable.

Interested parties requiring access to proprietary information in this NSR should submit applications for disclosure under administrative protective order in accordance with 19 CFR 351.305 and 351.306.

This initiation notice is published in accordance with section 751(a)(2)(B) of the Act and 19 CFR 351.214 and 351.221(c)(1)(i).

this notice; *see also* Memorandum, "Placement of Navpad Pigments Pvt. Ltd. CBP Data Query Results on the Record," dated concurrently with this notice. We note that Navpad requested an administrative review under 19 CFR 351.213(b)(1)(4). Based on Navpad's concurrent request for an administrative review, we intend to conduct an administrative review of its entries of subject merchandise during the December 1, 2021, through November 31, 2022 POR, in accordance with 751(a)(1)(B) and 751(a)(2)(A) of the Act.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648-XC405]

Fisheries of the Exclusive Economic Zone Off Alaska; Groundfish of the Gulf of Alaska; Central Gulf of Alaska Rockfish Program

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notification of standard prices and fee percentage.

SUMMARY: NMFS publishes the standard ex-vessel prices and fee percentage for cost recovery under the Central Gulf of Alaska (GOA) Rockfish Program (Rockfish Program). This action is intended to provide participants in a rockfish cooperative with the standard prices and fee percentage for the 2022 fishing year, which was authorized from May 1 through November 15. The fee percentage is 2.53 percent. The fee payments are due from each rockfish cooperative on or before February 15, 2023.

DATES: *Valid on:* January 27, 2023.

FOR FURTHER INFORMATION CONTACT: Charmaine Weeks, 907-586-7105.

SUPPLEMENTARY INFORMATION:

Background

The rockfish fisheries are conducted in Federal waters near Kodiak, Alaska by trawl and longline vessels. Regulations implementing the Rockfish Program are set forth at 50 CFR part 679. Exclusive harvesting privileges are allocated as quota share under the Rockfish Program for rockfish primary and secondary species. Each year, NMFS issues rockfish primary and secondary species cooperative quota (CQ) to rockfish quota shareholders to authorize harvest of these species. The rockfish primary species are northern rockfish, Pacific Ocean perch, and dusky rockfish. The rockfish secondary species include Pacific cod, rougheye rockfish, shortraker rockfish, sablefish, and thornyhead rockfish. Rockfish cooperatives began fishing under the Rockfish Program in 2012.

The Rockfish Program is a limited access privilege program established

under the provisions of section 303A of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act). Sections 303A and 304(d) of the Magnuson-Stevens Act require NMFS to collect fees to recover the actual costs directly related to the management, data collection and analysis, and enforcement of any limited access privilege program. Therefore, NMFS is required to collect fees for the Rockfish Program under sections 303A and 304(d)(2) of the Magnuson-Stevens Act. Section 304(d)(2) of the Magnuson-Stevens Act also limits the cost recovery fee so that it may not exceed 3 percent of the ex-vessel value of the fish harvested under the Rockfish Program.

Standard Prices

NMFS calculates cost recovery fees based on standard ex-vessel value prices, rather than actual price data provided by each rockfish CQ holder. Use of standard ex-vessel prices is allowed under sections 303A and 304(d)(2) of the Magnuson-Stevens Act. NMFS generates a standard ex-vessel price for each rockfish primary and secondary species on a monthly basis to determine the average price paid per pound for all shoreside processors receiving rockfish primary and secondary species CQ. Rockfish processors that receive and purchase landings of rockfish CQ groundfish must submit, on an annual basis, a volume and value report for the period May 1 to November 15 (50 CFR 679.5(r)(10)(ii)).

Regulations at 50 CFR 679.85(b)(2) require the Regional Administrator to publish rockfish standard ex-vessel values during the first quarter of each calendar year. The standard prices are described in U.S. dollars per pound for rockfish primary and secondary species CQ landings made during the previous year.

Fee Percentage

NMFS assesses a fee on the standard ex-vessel value of rockfish primary species and rockfish secondary species CQ harvested by rockfish cooperatives in the Central GOA and waters adjacent to the Central GOA when rockfish primary species caught by a cooperative are deducted from the Federal total allowable catch. The rockfish entry level longline fishery and trawl vessels that opt out of joining a cooperative are not subject to cost recovery fees because those participants do not receive rockfish CQ. Specific details on the Rockfish Program's cost recovery provision may be found in the

implementing regulations set forth at 50 CFR 679.85.

NMFS informs—by letter—each rockfish cooperative of the fee percentage applied to the previous year's landings and the total amount due. Fees are due on or before February 15 of each year. Failure to pay on time will result in the permit holder's rockfish quota share becoming non-transferable, and the person will be ineligible to receive any additional rockfish quota share by transfer. In addition, cooperative members will not receive any rockfish CQ the following year until full payment of the fee is received by NMFS.

NMFS calculates and publishes in the **Federal Register** the fee percentage in the first quarter of each year according to the factors and methods described in Federal regulations at 50 CFR 679.85(c)(2). NMFS determines the fee percentage that applies to landings made in the previous year by dividing the total Rockfish Program management, data collection and analysis, and enforcement costs (direct program costs) during the previous year by the total standard ex-vessel value of the rockfish primary species and rockfish secondary species for all rockfish CQ landings made during the previous year (fishery value). NMFS captures the direct program costs through an established accounting system that allows staff to track labor, travel, contracts, rent, and procurement. Fee collections in any given year may be less than or greater than the direct program costs and fishery value for that year, as the fee percentage is established by regulation in the first quarter of the calendar year based on the program costs and the fishery value of the previous calendar year.

Using the fee percentage formula described above, the estimated percentage of program costs to value for the 2022 calendar year is 2.53 percent of the standard ex-vessel value. Program costs for 2022 increased compared to 2021 costs; however, the fishery value increased approximately 18 percent resulting in a lower fee percentage. Similar to 2021, the majority of 2022 costs were a result of direct personnel and contract costs.

TABLE 1—STANDARD EX-VESSEL PRICES BY SPECIES FOR THE 2022 ROCKFISH PROGRAM SEASON IN KODIAK, ALASKA

Species	Month	Average price/lb.
Dusky Rockfish	May	0.13
	June	0.12
	July	0.13
