### Provisional Measures—CVD

Section 703(d) of the Act states that the suspension of liquidation pursuant to an affirmative preliminary determination may not remain in effect for more than four months. Commerce published the *CVD Preliminary Determination* on July 13, 2020.<sup>9</sup> As such, the four-month period beginning on the date of the publication of the *CVD Preliminary Determination* ended on November 9, 2020. Furthermore, section 707(b) of the Act states that definitive duties are to begin on the date of publication of the ITC's final injury determination.

Therefore, in accordance with section 703(d) of the Act, we instructed CBP to terminate the suspension of liquidation and to liquidate, without regard to countervailing duties, unliquidated entries of corrosion inhibitors from China entered, or withdrawn from warehouse, for consumption, on or after November 10, 2020, the date on which the provisional measures expired, until and through the day preceding the date of publication of the ITC's final injury determination in the **Federal Register**. Suspension of liquidation will resume on the date of publication of the ITC's final determination in the **Federal Register**.

### Appendix I

#### Scope of the Orders

The merchandise covered by these orders is tolyltriazole and benzotriazole. This includes tolyltriazole and benzotriazole of all grades and forms, including their sodium salt forms. Tolyltriazole is technically known as Tolyltriazole IUPAC 4,5 methyl benzotriazole. It can also be identified as 4,5 methyl benzotriazole, tolyltriazole, TTA, and TTZ.

Benzotriazole is technically known as IUPAC 1,2,3-Benzotriazole. It can also be identified as 1,2,3-Benzotriazole, 1,2-Aminozophenylene, IH-Benzotriazole, and BTA.

All forms of tolyltriazole and benzotriazole, including but not limited to flakes, granules, pellets, prills, needles, powder, or liquids, are included within the scope of these orders.

The scope includes tolyltriazole/sodium tolyltriazole and benzotriazole/sodium benzotriazole that are combined or mixed with other products. For such combined products, only the tolyltriazole/sodium tolyltriazole and benzotriazole/sodium benzotriazole component is covered by the scope of these orders. Tolyltriazole and sodium tolyltriazole that have been combined with other products is included within the scope, regardless of whether the combining occurs in third countries.

Tolyltriazole, sodium tolyltriazole, benzotriazole and sodium benzotriazole that is otherwise subject to these orders is not excluded when commingled with tolyltriazole, sodium tolyltriazole, benzotriazole, or sodium benzotriazole from sources not subject to these orders. Only the subject merchandise component of such commingled products is covered by the scope of these orders.

A combination or mixture is excluded from these orders if the total tolyltriazole or benzotriazole component of the combination or mixture (regardless of the source or sources) comprises less than 5 percent of the combination or mixture, on a dry weight basis.

Notwithstanding the foregoing language, a tolyltriazole or benzotriazole combination or mixture that is transformed through a chemical reaction into another product, such that, for example, the tolyltriazole or benzotriazole can no longer be separated from the other products through a distillation or other process is excluded from these orders.

Tolyltriazole has the Chemical Abstracts Service (CAS) registry number 299385–43–1. Tolyltriazole is classified under Harmonized

Tariff Schedule of the United States (HTSUS) subheading 2933.99.8220.

Sodium Tolyltriazole has the CAS registry number 64665–57–2 and is classified under HTSUS subheading 2933.99.8290.

Benzotriazole has the CAS registry number 95–14–7 and is classified under HTSUS subheading 2933.99.8210.

Sodium Benzotriazole has the CAS registry number 15217–42–2. Sodium Benzotriazole is classified under HTSUS subheading 2933.99.8290.

Although the HTSUS subheadings and CAS registry numbers are provided for convenience and customs purposes, the written description of the scope of these orders is dispositive.

### Granular Polytetrafluoroethylene Resin From India and the Russian Federation: Postponement of Preliminary Determinations in the Countervailing Duty Investigations

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**DATES:** Applicable March 19, 2021.

**FOR FURTHER INFORMATION CONTACT:** Janae Martin at (202) 482–0238 (India) and George Ayache at (202) 482–2623 (the Russian Federation (Russia)), AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230.

### SUPPLEMENTARY INFORMATION:

#### Background

On February 16, 2021, the Department of Commerce (Commerce) initiated countervailing duty (CVD) investigations of imports of granular polytetrafluoroethylene (PTFE) resin from India and Russia.<sup>1</sup> Currently, the preliminary determinations are due no later than April 22, 2021.

#### Postponement of Preliminary Determinations

Section 703(b)(1) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in a CVD investigation within 65 days after the date on which Commerce initiated the investigation. However, section 703(c)(1) of the Act

<sup>8</sup> Commerce found Nantong Yutu Group Co., Ltd. to be a cross-owned affiliate of mandatory respondent Nantong Botao Chemical Co., Ltd. The name of this company was inadvertently omitted from the final determination notice. See *CVD Final Determination* and accompanying Issues and Decision Memorandum. This company was listed in the *CVD Preliminary Determination* and accompanying PDM at 9, and there were no changes which impacted this cross-ownership determination for the final determination.

<sup>9</sup> See *CVD Preliminary Determination*.

<sup>1</sup> See *Granular Polytetrafluoroethylene Resin from India and the Russian Federation: Initiation of Countervailing Duty Investigations*, 86 FR 10931 (February 23, 2021).

permits Commerce to postpone the preliminary determination until no later than 130 days after the date on which Commerce initiated the investigation if: (A) The petitioner<sup>2</sup> makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compelling reasons to deny the request.

On March 9, 2021, the petitioner submitted a timely request that Commerce postpone the preliminary determinations of the CVD investigations of granular PTFE resin from India and Russia.<sup>3</sup> The petitioner stated that it requests postponement “to allow Commerce to fully analyze respondents’ questionnaire responses, and any other filings such as new subsidy allegations and benchmark factual information, prior to the preliminary determination.”<sup>4</sup> In accordance with 19 CFR 351.205(e), the petitioner has stated the reasons for requesting a postponement of the preliminary determinations, and Commerce finds no compelling reason to deny the request. Therefore, in accordance with section 703(c)(1)(A) of the Act, Commerce is postponing the deadline for the preliminary determinations to no later than 130 days after the date on which these investigations were initiated, *i.e.*, June 28, 2021.<sup>5</sup> Pursuant to section 705(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determinations of these investigations will continue to be 75 days after the date of the preliminary determinations.

This notice is issued and published pursuant to section 703(c)(2) of the Act and 19 CFR 351.205(f)(1).

<sup>2</sup> The petitioner is Daikin America, Inc.

<sup>3</sup> See Petitioner’s Letter, “Granular Polytetrafluoroethylene (PTFE) Resin from India and Russia: Request to Extend Preliminary Determinations,” dated March 9, 2021.

<sup>4</sup> *Id.*

<sup>5</sup> Postponing the preliminary determination to 130 days after initiation would place the deadline on Saturday, June 26, 2021. Commerce’s practice dictates that where a deadline falls on a weekend or federal holiday, the appropriate deadline is the next business day. See *Notice of Clarification: Application of “Next Business Day” Rule for Administrative Determination Deadlines Pursuant to the Tariff Act of 1930, As Amended*, 70 FR 24533 (May 10, 2005).
