e. How effective are such incentive payments to service providers likely to be when serving youth? Are there alternatives to current incentive payment structures that SSA should consider (e.g., a payment structure based on state-wide youth employment or youth SSI participation metrics)?

f. How should the age-18 redetermination and the fact that over one-third of age-18 redeterminations result in the cessation of benefits because they do not have a condition that meets the adult standard for disability factor into such a program?

g. Are there specific populations among SSI youth, such as youth in foster care, that such a program should consider for allowable services, providers, and expenditures?

h. Would such a program be duplicative of the services provided by State VR agencies, which are already required to support the transition of youth with disabilities? Why or why not?

12. Since the implementation of WIOA, are there specific examples of effective services that are funded through the PROMISE grants but not funded through State VR agencies or other Federal and State funding sources?
