The site review will allow all interested entities an opportunity to tour the specific locations of the proposed land-based facilities. The meetings are being held to discuss the proposed project, and information and monitoring needs for the final license application. The evening meeting is primarily for receiving input from the public and the daytime meeting will focus on resource agency, Indian tribes, and non-governmental organization concerns. However, we invite all interested individuals, organizations, and agencies to attend one or both of the meetings.

The times and locations of the meetings are as follows:

Daytime Meeting

Wednesday, June 9, 2010, 12 p.m.–4:30 p.m. (local time), Warfinger Building, Great Room, Eureka Public Marina, 1 Marina Way, Eureka, CA 95501.

k. *Meeting Objectives:* At the technical meetings, Commission staff will focus the discussion on the information gaps that need to be addressed to ensure that sufficient information exists for the Commission to make a determination on whether the proposed project meets the criteria for a pilot project and for processing a license application for a pilot project upon its filing with the Commission.

1. *California Environmental Quality Act Scoping:* The California State Lands Commission (CSLC) will be the Lead Agency under the California Environmental Quality Act (CEQA). Pursuant to Section 15083, Title 14, California Code of Regulations, the CSLC will utilize the two technical meetings as its public scoping meetings for the proposed Project and to receive oral or written testimony at the times and places identified above. Copies of the CSLC's Notice of Preparation (NOP) will be available on the CSLC Web page: <http://www.slc.ca.gov> (under "Project Updates"). Due to the time limits mandated by California State law, written comments on the CSLC's NOP must be sent to the CSLC by Monday, June 14, 2010. Please send your comments at the earliest possible date to: Steven Mindt, Staff Environmental Scientist, California State Lands Commission, 100 Howe Avenue, Suite 100-South, Sacramento, CA 95825. FAX: (916) 574-1885. E-mail: mindts@slc.ca.gov.

Additionally, please file a copy of your comments on CSLC's NOP with the Federal Energy Regulatory Commission. Your comments on the NOP may be filed electronically via the Internet (instructions are on the Commission's Web site at: <http://www.ferc.gov/docs-filing/efiling.asp>). Please put the docket number, P-12779-005 on the first page of your response.

[Docket No. CP10-165-000]

Cameron LNG, LLC; Notice of Application

May 5, 2010.

On April 22, 2010, Cameron LNG, LLC filed with the Federal Energy Regulatory Commission (Commission) an application under Section 3(a) of the Natural Gas Act to install spare natural gas pipeline compression facilities at the site of its existing liquefied natural gas terminal in Cameron Parish, Louisiana.

Questions concerning this application may be directed to William D. Rapp, Senior Regulatory Counsel at Cameron LNG, LLC, 101 Ash Street, HQ-12, San Diego, CA 92101 or by calling 619-699-5050.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify Federal and State agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all Federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance

with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. This filing is accessible on-line at <http://www.ferc.gov> using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s).
