

working for a period of years on DCPs. The Upper and Lower Basin DCPs contain actions in addition to those authorized or required by the 2007 Interim Guidelines, and are designed to reduce the risk of Lake Powell and Lake Mead declining to critical elevations.¹ The Basin States made significant progress in 2018 on draft DCP agreements that would implement Upper and Lower Basin DCPs,² but work on the DCPs remains unfinished, particularly among the Lower Colorado River Basin states of Arizona, California and Nevada. While unfinished, the Department takes particular cognizance of the fact that on January 31, 2019, the Arizona Legislature passed legislation authorizing the Arizona Department of Water Resources Director to execute the relevant interstate DCP agreements. Arizona is unique in the need for state legislative action to approve the DCPs, and this important step may indicate that finalization of the DCPs is imminent.

While the Department supports the ongoing efforts of the Basin States and remains cautiously optimistic that the Basin States will successfully complete their efforts promptly in early 2019, the Department is highly concerned that continued delays regarding adoption of the DCPs inappropriately increases risk for all that rely on the waters of the Colorado River.

In the circumstance that the DCPs cannot be promptly completed in early 2019, the Department must be prepared to take actions—if needed—to respond to the increasing risks facing the Colorado River Basin.

Engagement with the Governors of the Basin States and appropriate consultation with such state representatives as each Governor may designate is appropriate given the Secretary's recognition of "the special role of the Basin States in matters relating to the Long-Range Operating Criteria," 64 FR 27009 (May 18, 1999), as codified in Section 602 of the Colorado River Basin Project Act of 1968. The Department's history and actions in recent decades fully reflect and underscore the importance of

working closely with the Basin States in developing operational tools for management of the Colorado River. For example, the Secretary of the Interior noted at the time of the adoption of the 2007 Interim Guidelines: "In recent years, in a number of settings, and facing a broad range of water management challenges, the Department has highlighted the important role of the Basin States in the statutory framework for administration of Basin entitlements and the significance that a seven-state consensus represents. Multi-state consensus is a rare and unique achievement that should continue to be recognized and facilitated," 73 FR 19878 (April 11, 2008). The Department fully endorses this Secretarial statement of policy as this approach continues to represent the best manner to address future controversies on the Colorado River through consultation and negotiation. Simply put, this approach minimizes the likelihood that controversies will increase and intensify as water supplies diminish.

Through this Notice, and at this time, the Department is seeking input from the Governors' representatives of the Basin States. The Department will ensure that the information received from the Governors' representatives is promptly shared with tribes, interested parties and the general public for their review. In the event that the Department proposes to take further action following receipt of such input, the Department will also provide an opportunity for further input from tribes, interested parties and the general public.

Across Administrations, the Department has invested extraordinary time, effort and resources to facilitate development of the DCPs. While adoption of consensus-based DCPs in early 2019 would appropriately and promptly reduce the risk facing the Colorado River Basin, the Basin States may not complete the actions necessary to put the DCPs into effect this year. Accordingly, the Department must be prepared to act without undue delay to reduce the risk of continued declines in the critical water supplies of the Colorado River Basin in the unfortunate event that the Basin States are unable to complete their work on the DCPs.

In conclusion, the Colorado River Basin has experienced historically dry conditions since 2000 and the combined storage in Lakes Powell and Mead has reached its lowest level since Lake Powell initially began filling in the 1960s. Given the persistence and intensity of the current drought, the risk of reaching critically low elevations at Lakes Powell and Mead has increased nearly four-fold over the past decade.

The Department, recognizing this increased risk, called on the Basin States to put DCPs in place before the end of 2018. Each of the Governors' representatives of the Basin States endorsed the goal of completion of the DCPs by the end of 2018.³

The DCPs remain unfinished at this time, and given the current unfinished status of the DCPs, combined with declining reservoir storage in the Basin, the Department is considering potential federal actions to revise Colorado River operations in an effort to enhance and ensure sustainability of Colorado River water supplies for the southwestern United States. This Notice requests input from the Governors of the Basin States (and appropriate consultation with such state representatives as each Governor may designate) regarding recommendations for potential Departmental actions in the event that the DCPs cannot be completed and promptly adopted that: (a) Would be appropriate to take to reduce the risks the Colorado River Basin is facing, and (b) can be adopted prior to the August 2019 determinations of operations for Lake Powell and Lake Mead in 2020.

Dated: February 1, 2019.

Timothy R. Petty,

Assistant Secretary—Water & Science, U.S. Department of the Interior.

Brenda W. Burman,

Commissioner, Bureau of Reclamation, U.S. Department of the Interior.

BILLING CODE 4332-90-P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 731-TA-1123 (Second Review)]

Steel Wire Garment Hangers From China; Institution of a Five-Year Review

AGENCY: United States International Trade Commission.

ACTION: Notice.

SUMMARY: The Commission hereby gives notice that it has instituted a review pursuant to the Tariff Act of 1930 ("the Act"), as amended, to determine whether revocation of the antidumping duty order on steel wire garment hangers from China would be likely to lead to continuation or recurrence of material injury. Pursuant to the Act, interested parties are requested to

¹ Completion of the DCPs, and associated reduction in risk of Lakes Powell and Mead declining to critically low elevations, will also benefit the activities, analyses and interstate discussions associated with the formal review and evaluation of the effectiveness of the 2007 Interim Guidelines. Under the applicable provisions of the 2007 Interim Guidelines the Secretary shall consult with the Basin States in initiating this review beginning no later than December 31, 2020.

² Draft versions of the DCPs and information on the Upper and Lower Basin DCPs are available on the Bureau of Reclamation's website at: <https://www.usbr.gov/dcp/>.

³ See statement of Commissioner of Reclamation and representatives of the Seven Colorado River Basin States at <https://www.usbr.gov/newsroom/newsrelease/detail.cfm?RecordID=62170>.

respond to this notice by submitting the information specified below to the Commission.

DATES: Instituted February 1, 2019. To be assured of consideration, the deadline for responses is March 6, 2019. Comments on the adequacy of responses may be filed with the Commission by April 16, 2019.

FOR FURTHER INFORMATION CONTACT:

Mary Messer (202–205–3193), Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202–205–1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202–205–2000. General information concerning the Commission may also be obtained by accessing its internet server (<https://www.usitc.gov>). The public record for this proceeding may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background.—On October 6, 2008, the Department of Commerce ("Commerce") issued an antidumping duty order on imports of steel wire garment hangers from China (73 FR 58111). Following the first five-year reviews by Commerce and the Commission, effective March 11, 2014, Commerce issued a continuation of the antidumping duty order on imports of steel wire garment hangers from China (79 FR 13613). The Commission is now conducting a second review pursuant to section 751(c) of the Act, as amended (19 U.S.C. 1675(c)), to determine whether revocation of the order would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. Provisions concerning the conduct of this proceeding may be found in the Commission's Rules of Practice and Procedure at 19 CFR parts 201, subparts A and B and 19 CFR part 207, subparts A and F. The Commission will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct a full review or an expedited review. The Commission's determination in any expedited review will be based on the facts available, which may include information provided in response to this notice.

Definitions.—The following definitions apply to this review:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the

scope of the five-year review, as defined by the Department of Commerce.

(2) The *Subject Country* in this review is China.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the *Subject Merchandise*. In its original determination and its expedited first five-year review determination, the Commission defined a single *Domestic Like Product* consisting of all the various types of steel wire garment hangers, co-extensive with Commerce's scope.

(4) The *Domestic Industry* is the U.S. producers as a whole of the *Domestic Like Product*, or those producers whose collective output of the *Domestic Like Product* constitutes a major proportion of the total domestic production of the product. In its original determination, the Commission defined a single *Domestic Industry* consisting of all domestic producers of steel wire garment hangers, with the exception of two domestic firms (Laidlaw Company LLC ("Laidlaw") and United Wire Hangers Corporation ("United Wire")), which were excluded from the *Domestic Industry* by a majority of the Commission in the Commission's original determination based on the firms' related party status and their importation of subject merchandise. In its expedited first five-year review determination, however, the Commission defined a single *Domestic Industry* consisting of all domestic producers of steel wire garment hangers.

(5) An *Importer* is any person or firm engaged, either directly or through a parent company or subsidiary, in importing the *Subject Merchandise* into the United States from a foreign manufacturer or through its selling agent.

Participation in the proceeding and public service list.—Persons, including industrial users of the *Subject Merchandise* and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the proceeding as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11(b)(4) of the Commission's rules, no later than 21 days after publication of this notice in the **Federal Register**. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the proceeding.

Former Commission employees who are seeking to appear in Commission five-year reviews are advised that they

may appear in a review even if they participated personally and substantially in the corresponding underlying original investigation or an earlier review of the same underlying investigation. The Commission's designated agency ethics official has advised that a five-year review is not the same particular matter as the underlying original investigation, and a five-year review is not the same particular matter as an earlier review of the same underlying investigation for purposes of 18 U.S.C. 207, the post employment statute for Federal employees, and Commission rule 201.15(b) (19 CFR 201.15(b)), 79 FR 3246 (Jan. 17, 2014), 73 FR 24609 (May 5, 2008). Consequently, former employees are not required to seek Commission approval to appear in a review under Commission rule 19 CFR 201.15, even if the corresponding underlying original investigation or an earlier review of the same underlying investigation was pending when they were Commission employees. For further ethics advice on this matter, contact Charles Smith, Office of the General Counsel, at 202–205–3408.

Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and APO service list.—Pursuant to section 207.7(a) of the Commission's rules, the Secretary will make BPI submitted in this proceeding available to authorized applicants under the APO issued in the proceeding, provided that the application is made no later than 21 days after publication of this notice in the **Federal Register**. Authorized applicants must represent interested parties, as defined in 19 U.S.C. 1677(9), who are parties to the proceeding. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Certification.—Pursuant to section 207.3 of the Commission's rules, any person submitting information to the Commission in connection with this proceeding must certify that the information is accurate and complete to the best of the submitter's knowledge. In making the certification, the submitter will acknowledge that information submitted in response to this request for information and throughout this proceeding or other proceeding may be disclosed to and used: (i) By the Commission, its employees and Offices, and contract personnel (a) for developing or maintaining the records of this or a related proceeding, or (b) in internal investigations, audits, reviews, and evaluations relating to the programs, personnel, and operations of

the Commission including under 5 U.S.C. Appendix 3; or (ii) by U.S. government employees and contract personnel, solely for cybersecurity purposes. All contract personnel will sign appropriate nondisclosure agreements.

Written submissions.—Pursuant to section 207.61 of the Commission's rules, each interested party response to this notice must provide the information specified below. The deadline for filing such responses is March 6, 2019. Pursuant to section 207.62(b) of the Commission's rules, eligible parties (as specified in Commission rule 207.62(b)(1)) may also file comments concerning the adequacy of responses to the notice of institution and whether the Commission should conduct an expedited or full review. The deadline for filing such comments is April 16, 2019. All written submissions must conform with the provisions of section 201.8 of the Commission's rules; any submissions that contain BPI must also conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's Handbook on E-Filing, available on the Commission's website at <https://edis.usitc.gov>, elaborates upon the Commission's rules with respect to electronic filing. Also, in accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the proceeding must be served on all other parties to the proceeding (as identified by either the public or APO service list as appropriate), and a certificate of service must accompany the document (if you are not a party to the proceeding you do not need to serve your response).

No response to this request for information is required if a currently valid Office of Management and Budget ("OMB") number is not displayed; the OMB number is 3117 0016/USITC No. 19–5–423, expiration date June 30, 2020. Public reporting burden for the request is estimated to average 15 hours per response. Please send comments regarding the accuracy of this burden estimate to the Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436.

Inability to provide requested information.—Pursuant to section 207.61(c) of the Commission's rules, any interested party that cannot furnish the information requested by this notice in the requested form and manner shall notify the Commission at the earliest possible time, provide a full explanation of why it cannot provide the requested information, and indicate alternative forms in which it can provide

equivalent information. If an interested party does not provide this notification (or the Commission finds the explanation provided in the notification inadequate) and fails to provide a complete response to this notice, the Commission may take an adverse inference against the party pursuant to section 776(b) of the Act (19 U.S.C. 1677e(b)) in making its determination in the review.

Information to be Provided in Response to this Notice of Institution: As used below, the term "firm" includes any related firms.

(1) The name and address of your firm or entity (including World Wide Web address) and name, telephone number, fax number, and Email address of the certifying official.

(2) A statement indicating whether your firm/entity is an interested party under 19 U.S.C. 1677(9) and if so, how, including whether your firm/entity is a U.S. producer of the *Domestic Like Product*, a U.S. union or worker group, a U.S. importer of the *Subject Merchandise*, a foreign producer or exporter of the *Subject Merchandise*, a U.S. or foreign trade or business association (a majority of whose members are interested parties under the statute), or another interested party (including an explanation). If you are a union/worker group or trade/business association, identify the firms in which your workers are employed or which are members of your association.

(3) A statement indicating whether your firm/entity is willing to participate in this proceeding by providing information requested by the Commission.

(4) A statement of the likely effects of the revocation of the antidumping duty order on the *Domestic Industry* in general and/or your firm/entity specifically. In your response, please discuss the various factors specified in section 752(a) of the Act (19 U.S.C. 1675a(a)) including the likely volume of subject imports, likely price effects of subject imports, and likely impact of imports of *Subject Merchandise* on the *Domestic Industry*.

(5) A list of all known and currently operating U.S. producers of the *Domestic Like Product*. Identify any known related parties and the nature of the relationship as defined in section 771(4)(B) of the Act (19 U.S.C. 1677(4)(B)).

(6) A list of all known and currently operating U.S. importers of the *Subject Merchandise* and producers of the *Subject Merchandise* in the *Subject Country* that currently export or have exported *Subject Merchandise* to the

United States or other countries after 2012.

(7) A list of 3–5 leading purchasers in the U.S. market for the *Domestic Like Product* and the *Subject Merchandise* (including street address, World Wide Web address, and the name, telephone number, fax number, and Email address of a responsible official at each firm).

(8) A list of known sources of information on national or regional prices for the *Domestic Like Product* or the *Subject Merchandise* in the U.S. or other markets.

(9) If you are a U.S. producer of the *Domestic Like Product*, provide the following information on your firm's operations on that product during calendar year 2018, except as noted (report quantity data in number of hangers and value data in U.S. dollars, f.o.b. plant). If you are a union/worker group or trade/business association, provide the information, on an aggregate basis, for the firms in which your workers are employed/which are members of your association.

(a) Production (quantity) and, if known, an estimate of the percentage of total U.S. production of the *Domestic Like Product* accounted for by your firm's(s') production;

(b) Capacity (quantity) of your firm to produce the *Domestic Like Product* (that is, the level of production that your establishment(s) could reasonably have expected to attain during the year, assuming normal operating conditions (using equipment and machinery in place and ready to operate), normal operating levels (hours per week/weeks per year), time for downtime, maintenance, repair, and cleanup, and a typical or representative product mix);

(c) the quantity and value of U.S. commercial shipments of the *Domestic Like Product* produced in your U.S. plant(s);

(d) the quantity and value of U.S. internal consumption/company transfers of the *Domestic Like Product* produced in your U.S. plant(s); and

(e) the value of (i) net sales, (ii) cost of goods sold (COGS), (iii) gross profit, (iv) selling, general and administrative (SG&A) expenses, and (v) operating income of the *Domestic Like Product* produced in your U.S. plant(s) (include both U.S. and export commercial sales, internal consumption, and company transfers) for your most recently completed fiscal year (identify the date on which your fiscal year ends).

(10) If you are a U.S. importer or a trade/business association of U.S. importers of the *Subject Merchandise* from the *Subject Country*, provide the following information on your firm's(s') operations on that product during

calendar year 2018 (report quantity data in number of hangers and value data in U.S. dollars). If you are a trade/business association, provide the information, on an aggregate basis, for the firms which are members of your association.

(a) The quantity and value (landed, duty-paid but not including antidumping duties) of U.S. imports and, if known, an estimate of the percentage of total U.S. imports of *Subject Merchandise* from the *Subject Country* accounted for by your firm's(s') imports;

(b) the quantity and value (f.o.b. U.S. port, including antidumping duties) of U.S. commercial shipments of *Subject Merchandise* imported from the *Subject Country*; and

(c) the quantity and value (f.o.b. U.S. port, including antidumping duties) of U.S. internal consumption/company transfers of *Subject Merchandise* imported from the *Subject Country*.

(11) If you are a producer, an exporter, or a trade/business association of producers or exporters of the *Subject Merchandise* in the *Subject Country*, provide the following information on your firm's(s') operations on that product during calendar year 2018 (report quantity data in number of hangers and value data in U.S. dollars, landed and duty-paid at the U.S. port but not including antidumping duties). If you are a trade/business association, provide the information, on an aggregate basis, for the firms which are members of your association.

(a) Production (quantity) and, if known, an estimate of the percentage of total production of *Subject Merchandise* in the *Subject Country* accounted for by your firm's(s') production;

(b) Capacity (quantity) of your firm(s) to produce the *Subject Merchandise* in the *Subject Country* (that is, the level of production that your establishment(s) could reasonably have expected to attain during the year, assuming normal operating conditions (using equipment and machinery in place and ready to operate), normal operating levels (hours per week/weeks per year), time for downtime, maintenance, repair, and cleanup, and a typical or representative product mix); and

(c) the quantity and value of your firm's(s') exports to the United States of *Subject Merchandise* and, if known, an estimate of the percentage of total exports to the United States of *Subject Merchandise* from the *Subject Country* accounted for by your firm's(s') exports.

(12) Identify significant changes, if any, in the supply and demand conditions or business cycle for the *Domestic Like Product* that have occurred in the United States or in the

market for the *Subject Merchandise* in the *Subject Country* after 2012, and significant changes, if any, that are likely to occur within a reasonably foreseeable time. Supply conditions to consider include technology; production methods; development efforts; ability to increase production (including the shift of production facilities used for other products and the use, cost, or availability of major inputs into production); and factors related to the ability to shift supply among different national markets (including barriers to importation in foreign markets or changes in market demand abroad). Demand conditions to consider include end uses and applications; the existence and availability of substitute products; and the level of competition among the *Domestic Like Product* produced in the United States, *Subject Merchandise* produced in the *Subject Country*, and such merchandise from other countries.

(13) (OPTIONAL) A statement of whether you agree with the above definitions of the *Domestic Like Product* and *Domestic Industry*; if you disagree with either or both of these definitions, please explain why and provide alternative definitions.

Authority: This proceeding is being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.61 of the Commission's rules.

By order of the Commission.

Issued: February 1, 2019.

Lisa Barton,

Secretary to the Commission.

BILLING CODE 7020-02-P

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-597 and 731-TA-1407 (Final)]

Cast Iron Soil Pipe From China; Revised Scheduling of the Final Phase of Countervailing Duty and Antidumping Duty Investigations

AGENCY: United States International Trade Commission.

ACTION: Notice.

DATES: January 31, 2019.

FOR FURTHER INFORMATION CONTACT:

Junie Joseph (202-205-3363), Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202-

205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information concerning the Commission may also be obtained by accessing its internet server (<https://www.usitc.gov>). The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION: On September 10, 2018, the Commission established a schedule for the conduct of the final phase of investigations (83 FR 46519, September 13, 2018). Due to the lapse in appropriations and ensuing cessation of Commission operations, the Commission is revising its schedule.

The Commission's revised dates in the schedule are as follows: the hearing is on Tuesday, February 12, 2019 at 9:30 a.m.; requests to appear at the hearing should be filed on or before February 7, 2019; the deadline for filing posthearing briefs is February 20, 2019; final release of information is on March 14, 2019; and final party comments are due on March 18, 2019.

For further information concerning these reviews, see the Commission's notice cited above and the Commission's Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subparts A, D, E, and F (19 CFR part 207).

Authority

These reviews are being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.62 of the Commission's rules.
