

with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on April 21, 2021 (86 FR 20662) during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Oceanic and Atmospheric Administration, Commerce.

Title: StormReady, TsunamiReady, StormReady Supporter, and StormReady Supporter Application Forms.

OMB Control Number: 0648–0419.

Form Number(s): None.

Type of Request: Regular submission (extension of a current information collection).

Number of Respondents: 285.

Average Hours per Response:

StormReady/TsunamiReady applications: 2 hours; StormReady/TsunamiReady Supporter applications: 1 hour.

Total Annual Burden Hours: 525.

Needs and Uses: This is a request for extension of an existing information collection.

The National Weather Service (NWS) established the StormReady program in 1999 and the TsunamiReady program in 2002 to help communities, counties, Indian nations, universities and colleges, military bases, government sites, commercial enterprises and other groups reduce the potential for weather-related and tsunami hazards through advanced planning, education and awareness. The program encourages communities to take a new, proactive approach to improving local hazardous weather operations by providing emergency managers with clear-cut guidelines on how to improve their hazardous weather operations. By participating in this program, local agencies earn recognition for their jurisdiction by meeting guidelines established by the NWS in partnership with federal, state, and local emergency management professionals. Information and details on the StormReady and TsunamiReady programs are located at <https://www.weather.gov/stormready/> and <https://www.weather.gov/tsunamiready/>.

A Supporter is an organization, business, facility, or local government entity actively engaged in weather safety and preparedness that is unable to meet

all the requirements of the full StormReady or TsunamiReady program. Sites may be eligible based on the bylaws of the local NWS StormReady Advisory Board and endorsement of local emergency management. A local StormReady Advisory Board has final approval for Supporter designation.

StormReady/TsunamiReady are voluntary programs that provide guidance and incentive to officials interested in improving their hazardous weather operations. The government will use the information collected by the StormReady/TsunamiReady application to determine whether a community has met all of the guidelines to receive StormReady/TsunamiReady recognition.

Affected Public: Business or other for profit organizations; not-for-profit institutions.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

This information collection request may be viewed at www.reginfo.gov.

Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function and entering either the title of the collection or the OMB Control Number 0648–0419.

BILLING CODE 3510–KE–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648–XB448]

Meeting of the Marine Fisheries Advisory Committee

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of open public meeting.

SUMMARY: This notice sets forth the proposed schedule and agenda of a forthcoming meeting of the Marine Fisheries Advisory Committee (MAFAC). The members will meet the

new Assistant Administrator for Fisheries and hear Administration priorities. They will also discuss building resilient fisheries, the seafood sector, and coastal communities reliant on marine resources; the Subcommittee on Aquaculture strategic plans; and climate science and the Next-Gen Data Acquisition Plan. Status updates will be provided on the fiscal year (FY) 2022 budget outlook, operations, facilities, and workforce management issues, as well as progress reports from MAFAC's Recreational Electronic Reporting Task Force and planning for the 2022 Recreational Fisheries Summit.

DATES: The meeting will be October 12, 13, and 14, 2021 from 12 p.m.–5 p.m., Eastern Time.

ADDRESSES: Meeting is by webinar and teleconference.

FOR FURTHER INFORMATION CONTACT:

Heidi Lovett; NOAA Fisheries Office of Policy; (301) 427–8034; email:

Heidi.Lovett@noaa.gov.

SUPPLEMENTARY INFORMATION: Notice is hereby given of a meeting of MAFAC. The MAFAC was established by the Secretary of Commerce (Secretary), and, since 1971, advises the Secretary on all living marine resource matters that are the responsibility of the Department of Commerce. The MAFAC charter and summaries of prior MAFAC meetings are located online at <https://www.fisheries.noaa.gov/topic/partners#marine-fisheries-advisory-committee>.

Matters To Be Considered

This meeting time and agenda are subject to change. The members will meet the new Assistant Administrator for Fisheries and hear Administration priorities. They will also discuss building resilient fisheries, the seafood sector, and coastal communities reliant on marine resources; the Subcommittee on Aquaculture strategic plans; and climate science and the Next-Gen Data Acquisition Plan. Status updates will be provided on the FY2022 budget outlook, operations, facilities, and workforce management issues, as well as progress reports from MAFAC's Recreational Electronic Reporting Task Force and planning for the 2022 Recreational Fisheries Summit. MAFAC members will discuss various administrative and organizational matters, and meetings of subcommittees will convene.

Time and Date

The meeting is scheduled for October 12, 13, and 14, 2021 from 12 p.m.–5 p.m., Eastern Time by webinar and conference call. Access information for the public will be posted at <https://>

www.fisheries.noaa.gov/national/partners/marine-fisheries-advisory-committee-meeting-materials-and-summaries by October 4, 2021.

Dated: September 21, 2021.

Jennifer L. Lukens,

Federal Program Officer, Marine Fisheries Advisory Committee, National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

Patent and Trademark Office

[Docket No. PTO-P-2021-0049]

Grant of Interim Extension of the Term of U.S. Patent No. 7,259,184; Vernakalant Hydrochloride

AGENCY: United States Patent and Trademark Office, Department of Commerce.

ACTION: Notice of interim patent term extension.

SUMMARY: The United States Patent and Trademark Office has issued an order granting a one-year interim extension of the term of U.S. Patent No. 7,259,184 ('184 patent).

FOR FURTHER INFORMATION CONTACT: Ali Salimi, Senior Legal Advisor, Office of Patent Legal Administration, by telephone at 571-272-0909 or by email to ali.salimi@uspto.gov.

SUPPLEMENTARY INFORMATION: 35 U.S.C. 156 generally provides that the term of a patent may be extended for a period of up to five years, if the patent claims a product, or a method of making or using a product, that has been subject to certain defined regulatory review. 35 U.S.C. 156(d)(5) generally provides that the term of such a patent may be extended for no more than five interim periods of up to one year each, if the approval phase of the regulatory review period is reasonably expected to extend beyond the expiration date of the patent.

On July 14, 2020, Correvio International Sàrl, the owner of record of the '184 patent, timely filed an application under 35 U.S.C. 156(d)(5) for an interim extension of the term of the '184 patent. The '184 patent claims a method of using the product vernakalant hydrochloride. The application for interim patent term extension indicates that New Drug Application No. 22-034 for vernakalant hydrochloride was submitted to the Food and Drug Administration (FDA) on December 19, 2006, and that the FDA's review thereof is ongoing.

Review of the interim patent term extension application indicates that,

except for permission to market or use the product commercially, the '184 patent would be eligible for an extension of the patent term under 35 U.S.C. 156. Because it appears the approval phase of the regulatory review period will continue beyond the extended expiration date of the patent, *i.e.*, October 6, 2021, interim extension of the '184 patent's term under 35 U.S.C. 156(d)(5) is appropriate.

An interim extension under 35 U.S.C. 156(d)(5) of the term of U.S. Patent No. 7,259,184 is granted for a period of one year from the extended expiration date of the '184 patent.

Robert Bahr,

Deputy Commissioner for Patents, United States Patent and Trademark Office.
