Program, Department of the Treasury.

ACTION: Notice of investment
availability.

SUMMARY: This NOIA is published in connection with the Emergency Capital Investment Program (ECIP), administered by the U.S. Department of the Treasury (Treasury). Through this NOIA, Treasury announces the availability of up to approximately \$340 million in funding. Established by the Consolidated Appropriations Act, 2021, the ECIP was created to encourage low- and moderate-income community financial institutions to augment their efforts to support small businesses and consumers in their communities. Under the program, Treasury will provide up to \$8.7 billion in capital directly to depository institutions that are certified community development financial institutions (CDFIs) or minority depository institutions (MDIs) to, among other things, provide loans, grants, and forbearance for small businesses, minority-owned businesses, and consumers, especially in low-income and underserved communities, that may be disproportionately impacted by the economic effects of the COVID-19 pandemic. Treasury previously invested a total of approximately \$8.34 billion and may invest up to an additional approximately \$340 million. This is the second round of ECIP funding available.

DATES: Low- and moderate-income community financial institutions may submit applications for investment starting on the date of publication of this Notice of Investment Availability (NOIA). Title: Annual Certification and Data Collection Report Form and the abbreviated Transaction Level Report.

OMB Control Number: 1559-0046.

Type of Review: Revision of a currently approved collection.

Description: A Certified Community Development Financial Institution (CDFI) is a specialized financial institution that works in markets that are underserved by traditional financial institutions and provide a range of Financial Products and Financial Services in economically distressed Target Markets. CDFIs include regulated institutions such as community development banks and credit unions, and non-regulated institutions such as loan and venture capital funds. CDFI Certification is a designation conferred by the Community Development Financial Institutions Fund (CDFI Fund) and is a requirement for accessing various CDFI Fund programs. A financial institution seeking to become a Certified CDFI and qualify to apply for assistance from the CDFI Fund must complete the CDFI Certification Application (OMB Control Number 1559-0028). CDFI Certification and the Annual Certification and Data Collection Report (ACR) are requirements of Certified CDFIs. The Transaction Level Report (TLR) is a requirement of CDFIs that receive Financial Assistance (FA) awards from the CDFI Fund.

The CDFI Fund is authorized by the Riegle Community Development Banking and Financial Institutions Act of 1994 (Pub. L. 103-325, 12 U.S.C. 4701 *et seq.*) (the Act). The regulations governing CDFI Certification are found at 12 CFR. 1805.201 (the Regulations). The significance of CDFI Certification has increased over the years, as the CDFI Certification status has come to serve as a qualifier for other federal government and private sector resources and benefits. Beginning in January 2017, through the issuance of a Request for Information, the CDFI Fund sought to review and update the CDFI Certification policies and procedures to ensure they continue to meet the statutory and regulatory requirements,
