ADEQUATE MOTOR VEHICLE EMISSIONS BUDGETS FOR THE COACHELLA VALLEY FOR THE 2008 8-HOUR OZONE STANDARD
[tpd]

Year	Ozone precursor	
	VOC	NO _x
2023	2.7	6.0
2026	2.5	5.8
2029	2.3	5.8
2031	2.2	5.7

Transportation conformity is required by Clean Air Act section 176(c). The EPA's conformity rule requires that transportation plans, transportation improvement programs, and transportation projects conform to a state's SIP and establishes the criteria and procedures for determining whether or not they conform. Conformity to a SIP means that transportation activities will not produce new air quality violations, worsen existing violations, or delay timely attainment of the national ambient air quality standards.

The criteria we use to determine whether a SIP's motor vehicle emissions budgets are adequate for conformity purposes are outlined in 40 CFR 93.118(e)(4), promulgated on August 15, 1997.³ We further described our process for determining the adequacy of submitted SIP budgets in our final rule dated July 1, 2004,⁴ and we used the information in these resources in making our adequacy determination. Please note that an adequacy review is separate from the EPA's completeness review and does not prejudice the EPA's ultimate action on the SIP submittal. Even if we find a budget adequate, the SIP submittal could later be disapproved. Pursuant to 40 CFR 93.104(e), SCAG and the U.S. Department of Transportation will need to demonstrate conformity to the new budgets within two years of the effective date of this notice.⁵ For demonstrating conformity to the new budgets, the on-road motor vehicle emissions from implementation of the transportation plan or program for the area should be

projected consistent with the budgets, *i.e.*, by taking the emissions results derived from CARB's EMFAC model (short for Emission FACtor) and then rounding the emissions up to the nearest tenth of a ton per day.

SUPPLEMENTARY INFORMATION: On June 15, 1984, OMB delegated to the Board authority under the Paperwork Reduction Act (PRA) to approve and assign OMB control numbers to collections of information conducted or sponsored by the Board. In exercising this delegated authority, the Board is directed to take every reasonable step to solicit comment. In determining whether to approve a collection of information, the Board will consider all comments received from the public and other agencies.

During the comment period for this proposal, a copy of the proposed PRA OMB submission, including the draft reporting form and instructions, supporting statement (which contains more detail about the information collection and burden estimates than this notice), and other documentation, will be made available on the Board's public website at <https://www.federalreserve.gov/apps/reportingforms/home/review> or may be requested from the agency clearance officer, whose name appears above. Final versions of these documents will be made available at <https://www.reginfo.gov/public/do/PRAMain>, if approved.

Request for Comment on Information Collection Proposal

The Board invites public comment on the following information collection, which is being reviewed under authority delegated by the OMB under the PRA. Comments are invited on the following:

- Whether the proposed collection of information is necessary for the proper

performance of the Board's functions, including whether the information has practical utility;

b. The accuracy of the Board's estimate of the burden of the proposed information collection, including the validity of the methodology and assumptions used;

c. Ways to enhance the quality, utility, and clarity of the information to be collected;

d. Ways to minimize the burden of information collection on respondents, including through the use of automated collection techniques or other forms of information technology; and

e. Estimates of capital or startup costs and costs of operation, maintenance, and purchase of services to provide information.

At the end of the comment period, the comments and recommendations received will be analyzed to determine the extent to which the Board should modify the proposal.

Proposal Under OMB Delegated Authority To Extend for Three Years, With Revision, the Following Information Collection

Collection title: Financial Statements for Holding Companies.

Collection identifier: FR Y-9 reports.

OMB control number: 7100-0128.

General description of collection: The Board requires bank holding companies (BHCs), most savings and loan holding companies (SLHCs), securities holding companies, and U.S. intermediate holding companies (IHCs) (collectively, HCs) to provide standardized financial statements through one or more of the FR Y-9 reports. The information collected on the FR Y-9 reports is necessary for the Board to identify emerging financial risks and monitor the safety and soundness of HC operations.

The FR Y-9C consists of standardized financial statements for HCs similar to the Call Reports filed by commercial banks. The FR Y-9C collects consolidated data and is filed quarterly by top-tier HCs with total consolidated assets of \$3 billion or more.

The FR Y-9LP, which collects parent company only financial data, must be submitted quarterly by each HC that files the FR Y-9C, as well as by each of its subsidiary HCs. The report consists of standardized financial statements, including the following schedules: Income Statement, Cash Flow Statement, Balance Sheet, Investments in Subsidiaries and Associated Companies, Memoranda, and Notes to the Parent Company Only Financial Statements.

The FR Y-9SP is a parent company only financial statement filed

semiannually by HCs with total consolidated assets of less than \$3 billion. In a banking organization with total consolidated assets of less than \$3 billion that has tiered HCs, each HC in the organization must submit, or have the top-tier HC submit on its behalf, a separate FR Y-9SP. This report collects basic balance sheet and income data for the parent company, as well as data on its intangible assets and intercompany transactions.

The FR Y-9ES is filed annually by each employee stock ownership plan (ESOP) that is also an HC. The report collects financial data on the ESOP's benefit plan activities. The FR Y-9ES consists of four schedules: Statement of Changes in Net Assets Available for Benefits, Statement of Net Assets Available for Benefits, Memoranda, and Notes to the Financial Statements.

The instructions to each of the FR Y-9C, FR Y-9LP, FR Y-9SP, and FR Y-9ES state that respondent HCs should retain workpapers and other records used in the preparation of the reports for a period of three years following submission. In addition, HCs must maintain in their files a manually signed and attested printout of the data submitted under each form for a period of three years.

The FR Y-9CS is a voluntary, free-form supplemental report that the Board may utilize to collect critical additional data deemed to be needed from HCs in an expedited manner. The FR Y-9CS data collections are used to assess and monitor emerging issues related to HCs, and the report is intended to supplement the other FR Y-9 reports. The data requested by the FR Y-9CS would depend on the Board's data needs in any given situation. For example, changes made by the Financial Accounting Standards Board may introduce into generally accepted accounting principles new data items that are not currently collected by the other FR Y-9 reports. The Board could use the FR Y-9CS report to collect these data until the items are implemented into the other FR Y-9 reports.

Proposed revisions: The Board proposes to revise the Consolidated Financial Statements for Holding Companies (FR Y-9C) to eliminate and consolidate certain items from the reporting forms and instructions for burden-reduction purposes and to correspond with proposed revisions to the Federal Financial Institutions Examination Council (FFIEC) Consolidated Reports of Condition and Income (Call Reports) (FFIEC 031, FFIEC 041, and FFIEC 051) related to a statutorily mandated review. Additionally, the proposal would seek

public comment on previously made clarifications to FR Y-9C reporting instructions related to reporting securitizations conducted by Federal Home Loan Mortgage Corporation (FHLMC, also known as Freddie Mac). All of the proposed changes to the FR Y-9C would take effect as of the June 30, 2023, report date. There are no proposed revisions at this time for the FR Y-9LP, FR Y-9SP, FR Y-9ES, or FR Y-9CS.

Frequency: Quarterly, semiannual, annual, and as needed.

Respondents: HCs.
