

number of executed contracts in the option issue equals the Specified Engagement Size.

While the Risk Monitor Mechanism serves an important risk management purpose, the Exchange states that it operates consistent with the firm quote obligations of a broker-dealer pursuant to Rule 602 of Regulation NMS. Specifically, proposed paragraph (c) provides that any marketable orders or quotes that are executable against a Participant's quotation that are received prior to the time the Risk Monitor Mechanism is engaged will be automatically executed at the price up to the Participant's size, regardless of whether such an execution results in executions in excess of the Participant's Specified Engagement Size. Accordingly, the Risk Monitor Mechanism cannot be used to circumvent a Participant's firm quote obligation.

Proposed Section 19(d) further provides that the system will automatically reset the counting program and commence a new specified time period when: (i) A previous counting period has expired and a transaction occurs in any series in such option; or (ii) the Participant refreshes his/her quotation, in a series for which an order has been executed (thus commencing the specified time period) prior to the expiration of the specified time period.

III. Discussion and Commission's Findings

After careful review, the Commission finds that the proposed rule change is consistent with the requirements of Section 6 of the Act⁶ and the rules and regulations thereunder applicable to a national securities exchange.⁷ In particular, the Commission finds that the proposed rule change is consistent with Section 6(b)(5) of the Act,⁸ which requires, among other things, that the Exchange's rules be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The Commission believes that the proposed rule change should provide NOM Participants

assistance in effectively managing their quotations.

IV. Conclusion

It Is Therefore Ordered, pursuant to Section 19(b)(2) of the Act,⁹ that the proposed rule change (SR-NASDAQ-2011-077) be, and hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹⁰

Elizabeth M. Murphy,
Secretary.
