

- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

#### Summary of Collection

(1) *Type of Information Collection:* New.

(2) *Title of the Form/Collection:* Firearms & Explosives Services Division Customer Service Survey.

(3) *Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection: Form Number:* None. Bureau of Alcohol, Tobacco, Firearms and Explosives.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* Primary: Business or other for-profit. Other: None.

#### Need for Collection

The Firearms & Explosives Services Division (FESD) provides dealer licensing and other services related to the importation and transfers of weapons within the firearms and explosives industry. This anonymous survey would allow FESD to gauge customer satisfaction and correct potential deficiencies. Internal audits have demonstrated the need for a division level survey to enhance greater customer satisfaction.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* The number of respondents cannot be determined because a survey has not been done before. It is estimated that respondents will take five minutes to complete the online survey.

(6) *An estimate of the total public burden (in hours) associated with the collection:*

The total public burden cannot be estimated as the survey is voluntary and the number of respondents cannot be determined.
