Federal Register

Vol. 74, No. 76

Wednesday, April 22, 2009

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Forest Service

Intermountain Region, Boise, Payette, and Sawtooth National Forests; ID; Amendment to the 2003 Land and Resource Management Plans: Wildlife Conservation Strategy (Forested Biological Community)

AGENCY: Forest Service, USDA.

ACTION: Second correction of notice of intent (NOI) to prepare an environmental impact statement (EIS).

SUMMARY: On December 8, 2008, the Forest Service corrected a notice of intent (NOI) to prepare one EIS to disclose the environmental effects of proposed nonsignificant amendments to the three Southwest Idaho Ecogroup (SWIE) 2003 Land and Resource Management Plans (Forest Plans). The December 8, 2008, NOI corrected a September 14, 2007 NOI, in part to reflect a delay of more than a year in filing the draft EIS. The December 8, 2008 NOI is now being corrected to reflect that three EISs will be prepared (one for each Forest) instead of one EIS addressing all three Forests.

DATES: The draft EISs for the three Forests are expected to be available in the fall of 2009 for a 45-day public comment period. The final EISs and three Records of Decision (RODs), one for each Forest Plan, are expected to be completed by winter 2009.

FOR FURTHER INFORMATION CONTACT: Randall Hayman, Forest Planner, Boise National Forest; 1249 South Vinnell Way, Suite 200, Boise, Idaho 83709; telephone 208-373-4100.

Individuals who use telecommunication devices for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 between 8 a.m. and 8 p.m., Eastern Time, Monday through Friday.

SUPPLEMENTARY INFORMATION: The three Forests have decided to prepare three

separate EISs to disclose the environmental effects of proposed nonsignificant amendments to each Forest Plan. The proposed Forest Plan amendments would add and/or modify existing management direction as needed to implement a Forest Plan-level, wildlife conservation strategy (WCS) for the forested biological community for the Boise, Payette, and Sawtooth National Forests, respectively. The Forests decided to prepare three separate EISs to reduce the complexity arising from one single EIS addressing a wide diversity of terrestrial wildlife species and forested habitats across approximately 6.6 million acres, and to reflect each Forest's reliance on a Forest Plan and ROD specific to that Forest. Each of the three EISs will describe cumulative effects to identified species, using analysis areas appropriate for and specific to these species. Additional information about the proposed amendments, including the purpose and need and proposed action, can be found in the September 14, 2007, NOI (**Federal Register**, Vol 72, No. 178, pp. 52540-52542) and the December 8, 2008, NOI (**Federal Register**, Vol 73, No. 236, pp. 74455-74456).

Information about and status updates of the amendment process will continue to be posted on the Web site, <http://fs.usda.gov/boise> (click on "Wildlife Conservation Strategy").

Responsible Officials: The Responsible Officials are the three Forest Supervisors for the Boise, Payette, and Sawtooth NFs.

Nature of Decision To Be Made: Each Responsible Official will review the final EIS for her respective Forest and determine if the 2003 Plan for her Forest should be amended and/or modified, or if the current Forest Plan should remain unchanged.

Dated: April 14, 2009.

Cecilia R. Seesholtz,

Forest Supervisor, Boise National Forest.

Certain Polyester Staple Fiber From Taiwan: Final Results of Antidumping Duty Administrative Review

AGENCY: International Trade Administration, Department of Commerce.

SUMMARY: On February 5, 2009, the Department of Commerce published the preliminary results of the administrative review of the antidumping duty order on certain polyester staple fiber from Taiwan. The period of review is May 1, 2007, through April 30, 2008. We gave interested parties an opportunity to comment on the preliminary results. We received no comments on our preliminary results. The final weighted-average dumping margin for Far Eastern Textiles Ltd. is listed below in the "Final Results of Review" section of this notice.

DATES: *Effective Date:* April 22, 2009.

FOR FURTHER INFORMATION CONTACT: Thomas Schauer, AD/CVD Operations, Office 5, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230, telephone: (202) 482-0410.

SUPPLEMENTARY INFORMATION:

Background

On February 5, 2009, the Department of Commerce (the Department) published the preliminary results of the administrative review of the antidumping duty order on certain polyester staple fiber from Taiwan. *See Certain Polyester Staple Fiber From Taiwan: Preliminary Results of Antidumping Duty Administrative Review*, 74 FR 6136 (February 5, 2009) (*Preliminary Results*). We invited interested parties to comment on the *Preliminary Results*. We did not receive comments from any interested parties and we did not make any changes to the margin calculations for the final results. The Department has conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The product covered by the order is certain polyester staple fiber (PSF). PSF is defined as synthetic staple fibers, not carded, combed or otherwise processed for spinning, of polyesters measuring 3.3 decitex (3 denier, inclusive) or more in diameter. This merchandise is cut to lengths varying from one inch (25 mm) to five inches (127 mm). The merchandise subject to the order may be coated, usually with a silicon or other finish, or not coated. PSF is generally used as stuffing in sleeping bags, mattresses, ski jackets, comforters, cushions, pillows, and furniture. Merchandise of less than 3.3 decitex (less than 3 denier) currently classifiable in the Harmonized Tariff Schedule of the United States (HTSUS) at subheading 5503.20.00.20 is specifically excluded from the order. Also specifically excluded from the order are PSF of 10 to 18 denier that are cut to lengths of 6 to 8 inches (fibers used in the manufacture of carpeting). In addition, low-melt PSF is excluded from the order. Low-melt PSF is defined as a bi-component fiber with an outer sheath that melts at a significantly lower temperature than its inner core.

The merchandise subject to the order is currently classifiable in the HTSUS at subheadings 5503.20.00.45 and 5503.20.00.65. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise subject to the order is dispositive.

Final Results of Review

As a result of our review, we determine that a weighted-average dumping margin of 1.97 percent exists for Far Eastern Textiles Ltd. for the period May 1, 2007, through April 30, 2008.

Assessment Rates

The Department shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries. Although Far Eastern Textiles Ltd. indicated that it was not the importer of record for any of its sales to the United States during the period of review, it reported the names of the importers of record for all of its U.S. sales. Because Far Eastern Textiles Ltd. also reported the entered value for all of its U.S. sales, we have calculated importer-specific assessment rates for the merchandise in question by aggregating the dumping margins we calculated for all U.S. sales to each importer and dividing this amount by the total entered value of those sales.

The Department clarified its "automatic assessment" regulation on

May 6, 2003. *See Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003) (*Assessment Clarification*). This clarification will apply to entries of subject merchandise during the period of review produced by Far Eastern Textiles Ltd. for which it did not know its merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction. For a full discussion of this clarification, *see Assessment Clarification*.

The Department intends to issue assessment instructions directly to CBP 15 days after publication of these final results of review.

Cash-Deposit Requirements

The following antidumping duty deposit requirements are effective for all shipments of PSF from Taiwan entered, or withdrawn from warehouse, for consumption on or after the publication date of these final results, as provided by section 751(a)(1) of the Act: (1) The cash-deposit rate for Far Eastern Textiles Ltd. is 1.97 percent; (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in the original less-than-fair-value investigation or previous reviews, the cash-deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the manufacturer is, the cash-deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; (4) the cash-deposit rate for all other manufacturers or exporters will continue to be 7.31 percent, the all-others rate established in *Notice of Amended Final Determination of Sales at Less Than Fair Value: Certain Polyester Staple Fiber From the Republic of Korea and Antidumping Duty Orders: Certain Polyester Staple Fiber From the Republic of Korea and Taiwan*, 65 FR 33807 (May 25, 2000). These cash-deposit requirements shall remain in effect until further notice.

Notifications

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could

result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing these results and this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: April 16, 2009.

Ronald K. Lorentzen,

Acting Assistant Secretary for Import Administration.

Continuation of Antidumping Duty Order on Malleable Cast Iron Pipe Fittings From the People's Republic of China

AGENCY: International Trade Administration, Department of Commerce.

DATES: *Effective Date:* April 22, 2009.

SUMMARY: As a result of the determinations by the Department of Commerce ("Department") and the International Trade Commission ("ITC") that revocation of the antidumping duty order on malleable cast iron pipe fittings ("malleable pipe fittings") from the People's Republic of China ("PRC") would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, the Department is publishing a notice of continuation of the antidumping duty order.

FOR FURTHER INFORMATION CONTACT: Paul Stolz or Sergio Balbontin, AD/CVD Operations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-4474 or (202) 482-6478, respectively.
