BILLING CODE 7510-13-P

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice (07-005)]

NASA Advisory Council; Science Committee; Science Subcommittees; Meeting

AGENCY: National Aeronautics and Space Administration.

ACTION: Notice of meeting.

SUMMARY: The National Aeronautics and Space Administration (NASA) announces a meeting of the Science Subcommittees of the NASA Advisory Council (NAC). These Subcommittees report to the Science Committee of the NAC. The Meeting will be held for the purpose of soliciting from the scientific community and other persons scientific and technical information relevant to program planning.

DATES: Monday, February 26, 2007, 8 a.m. to 5 p.m. Mountain Standard Time.

ADDRESSES: Fiesta Inn Resort, 2100 South Priest Drive, Tempe, AZ 85282.

FOR FURTHER INFORMATION CONTACT: Ms. Marian Norris, Science Mission Directorate, NASA Headquarters, Washington, DC 20546, (202) 358-4452, fax (202) 358-4118, or mnorris@nasa.gov.

SUPPLEMENTARY INFORMATION: The meeting will primarily consist of five separate breakout sessions of the Subcommittees of the NAC Science Committee. The five Subcommittees are: The Astrophysics Subcommittee, the Earth Science Subcommittee, the Heliophysics Subcommittee, the Planetary Sciences Subcommittee, and the Planetary Protection Subcommittee. The breakout sessions will focus on: (1) Preparation for the next day's Workshop on Science Associated with the Lunar Exploration Architecture; (2) Program updates from Directors in NASA's Science Mission Directorate; (3) Topics specific to each Subcommittee; and (4) An update by the NASA Administrator.

Findings and recommendations developed by the Subcommittees during their breakout sessions will be submitted to the Science Committee of the NAC.

The meeting will be open to the public up to the seating capacity of the rooms. It is imperative that the meeting

be held on this date to accommodate the scheduling priorities of the key participants. Attendees will be requested to sign a visitor's register.

Dated: January 26, 2007.

P. Diane Rausch,
Advisory Committee Management Officer,
National Aeronautics and Space Administration.

BILLING CODE 7510-13-P

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice 07-004]

NASA Advisory Council Workshop on Science Associated With the Lunar Exploration Architecture

AGENCY: National Aeronautics and Space Administration.

ACTION: Notice of meeting.

SUMMARY: The Science Committee of the NASA Advisory Council (the Council) announces a workshop of its Science Subcommittees. The Workshop on Science Associated with the Lunar Exploration Architecture will be held for the purpose of soliciting from the scientific community scientific and technical information relevant to planning the science objectives and activities associated with lunar exploration within the framework of the Vision for Space Exploration.

DATES: Tuesday, February 27, 2007, 8 a.m. to 5 p.m., Wednesday, February 28, 2007, 8 a.m. to 8 p.m., Thursday, March 1, 2007, 8 a.m. to 5 p.m., and Friday, March 2, 2007, 8 a.m. to 11 a.m., Mountain Standard Time (MST).

LOCATION: Fiesta Inn Resort, 2100 South Priest Drive, Tempe, AZ, 85282.

FOR FURTHER INFORMATION CONTACT: Dr. Michael Wargo, Exploration Systems Mission Directorate, NASA Headquarters, Washington, DC 20546, (202) 358-0822 or michael.wargo@nasa.gov or Ms. Lisa May, Science Mission Directorate, NASA Headquarters, Washington, DC 20546, (202) 358-2411 or lisa.may@nasa.gov.

SUPPLEMENTARY INFORMATION: The Workshop will feature plenary sessions by NASA officials on the Lunar Exploration Architecture and by members of the science community on potential science activities and objectives. Following the opening plenary session, the Workshop will break out into meetings of the Astrophysics Subcommittee, Earth Sciences Subcommittee, Heliophysics

Subcommittee, Planetary Sciences Subcommittee, and Planetary Protection Subcommittee, and into cross-cutting topical sessions. The breakout sessions will focus on:

(1) Defining the key objectives of science associated with, or enabled by, lunar exploration;

(2) Discussing implementation to achieve the objectives;

(3) Prioritizing objectives within the framework of the emerging lunar architecture.

The overall objective of the Workshop is to provide input from the scientific community through the Advisory Council to NASA regarding recommendations for science associated with the return to the Moon.

The Workshop will be open to the public and scientific community up to the seating capacity of the rooms. A poster session will be organized for the presentation of contributed white papers, on Wednesday evening, February 28, 2007.

Information concerning all aspects of the Workshop can be found online at: <https://www.infonetic.com/tis/lea/>. Findings and recommendations developed by the Subcommittees during the Workshop will be submitted to the Science Committee of the NASA Advisory Council and, subsequently, to the Council as a whole for possible deliberation on recommendations to NASA regarding planning and implementation of its Lunar Exploration Architecture and related science programs.

Dated: January 26, 2007.

P. Diane Rausch,
Advisory Committee Management Officer,
National Aeronautics and Space Administration.

BILLING CODE 7510-13-P

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

Records Schedules; Availability and Request for Comments

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice of availability of proposed records schedules; request for comments.

SUMMARY: The National Archives and Records Administration (NARA) publishes notice at least once monthly of certain Federal agency requests for records disposition authority (records schedules). Once approved by NARA, records schedules provide mandatory instructions on what happens to records

when no longer needed for current Government business. They authorize the preservation of records of continuing value in the National Archives of the United States and the destruction, after a specified period, of records lacking administrative, legal, research, or other value. Notice is published for records schedules in which agencies propose to destroy records not previously authorized for disposal or reduce the retention period of records already authorized for disposal. NARA invites public comments on such records schedules, as required by 44 U.S.C. 3303a(a).

DATES: Requests for copies must be received in writing on or before March 5, 2007. (Note that the new time period for requesting copies has changed from 45 to 30 days after publication). Once the appraisal of the records is completed, NARA will send a copy of the schedule. NARA staff usually prepare appraisal memorandums that contain additional information concerning the records covered by a proposed schedule. These, too, may be requested and will be provided once the appraisal is completed. Requesters will be given 30 days to submit comments.

ADDRESSES: You may request a copy of any records schedule identified in this notice by contacting the Life Cycle Management Division (NWML) using one of the following means:

Mail: NARA (NWML), 8601 Adelphi Road, College Park, MD 20740-6001.

E-mail: requestschedule@nara.gov.

FAX: 301-837-3698.

Requesters must cite the control number, which appears in parentheses after the name of the agency which submitted the schedule, and must provide a mailing address. Those who desire appraisal reports should so indicate in their request.

FOR FURTHER INFORMATION CONTACT: Laurence Brewer, Director, Life Cycle Management Division (NWML), National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740-6001. *Telephone:* 301-837-1539. *E-mail:* records.mgt@nara.gov.

SUPPLEMENTARY INFORMATION: Each year Federal agencies create billions of records on paper, film, magnetic tape, and other media. To control this accumulation, agency records managers prepare schedules proposing retention periods for records and submit these schedules for NARA's approval, using the Standard Form (SF) 115, Request for Records Disposition Authority. These schedules provide for the timely transfer into the National Archives of historically valuable records and

authorize the disposal of all other records after the agency no longer needs them to conduct its business. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many of these update previously approved schedules, and some include records proposed as permanent.

No Federal records are authorized for destruction without the approval of the Archivist of the United States. This approval is granted only after a thorough consideration of their administrative use by the agency of origin, the rights of the Government and of private persons directly affected by the Government's activities, and whether or not they have historical or other value.

Besides identifying the Federal agencies and any subdivisions requesting disposition authority, this public notice lists the organizational unit(s) accumulating the records or indicates agency-wide applicability in the case of schedules that cover records that may be accumulated throughout an agency. This notice provides the control number assigned to each schedule, the total number of schedule items, and the number of temporary items (the records proposed for destruction). It also includes a brief description of the temporary records. The records schedule itself contains a full description of the records at the file unit level as well as their disposition. If NARA staff has prepared an appraisal memorandum for the schedule, it too includes information about the records. Further information about the disposition process is available on request.

SCHEDULES PENDING (*Note that the new time period for requesting copies has changed from 45 to 30 days after publication*):

1. Department of Agriculture, Cooperative State Research, Education, and Extension Service (N1-540-07-2, 9 items, 9 temporary items). Records relating to invention reporting and patent application, peer panel administration, and routine staff meetings. This schedule authorizes the agency to apply the proposed disposition instructions to any recordkeeping medium.

2. Department of the Army, Agency-wide, (N1-AU-06-8, 3 items, 1 temporary item). System outputs and reports associated with an electronic information system used to track basic human resources information from multiple sources. Data includes names,

social security numbers, addresses, promotions, and assignments. The electronic data in this system and related documentation are proposed for permanent retention.

3. Department of the Army, Agency-wide (N1-AU-07-2, 1 item, 1 temporary item). Records relating to individual retiree compensation for combat-related injury or illness. Included are applications, claim forms, physician's reports, Veteran's Administration Disability Rating Decisions, Line of Duty Investigations, and Army Reserves retirement point summaries. This schedule authorizes the agency to apply the proposed disposition instructions to any recordkeeping medium.

4. Department of the Army, Agency-wide (N1-AU-07-7, 4 items, 4 temporary items). Records used to control and manage aircraft, aviation-associated equipment, mission related equipment, and aircraft maintenance. Included are aircraft maintenance registers, parts and equipment exchange tags, preventive maintenance schedules, and ground support equipment maintenance files. This schedule authorizes the agency to apply the proposed disposition instructions to any recordkeeping medium.

5. Department of Commerce, United States Patent and Trademark Office (N1-241-06-1, 2 items, 2 temporary items). Records associated with employee examinations, including test materials, results, rosters, and confidentiality agreements.

6. Department of Commerce, United States Patent and Trademark Office (N1-241-06-2, 4 items, 2 temporary items). Records include trademark case file feeder records, indexes related to the feeder records, and general administrative and short-term subject files associated with data entry, tracking of work production, and extra copies of materials found elsewhere in this records schedule. Proposed for permanent retention are recordkeeping copies of trademark program and policy subject files, and trademark case files and related indexes. This schedule authorizes the agency to apply the proposed disposition instructions to any recordkeeping medium.

7. Department of Defense, Office of the Secretary of Defense (N1-330-06-2, 3 items, 2 temporary items). Master files and outputs associated with an electronic information system used to track changes to the Defense Federal Acquisition Regulation. Data includes workflow tracking data, general comments, meeting notes, discussions, and routine reports. System electronic case files are proposed for permanent retention.

8. Department of Defense, National Geospatial-Intelligence Agency (N1-537-05-2, 13 items, 7 temporary items). Finished intelligence reports and products, briefings, special collections, and imagery derived products maintained by offices other than the office of primary responsibility. Proposed for permanent retention are recordkeeping copies of finished intelligence reports and products, briefings, special collections, and imagery derived products. This schedule authorizes the agency to apply the proposed disposition instructions to any recordkeeping medium.

9. Department of Homeland Security, Transportation Security Administration (N1-560-04-12, 12 items, 10 temporary items). Records of the Office of Intelligence including inputs, outputs, master files, and documentation associated with electronic information systems used to identify information about known or suspected threats to modes of transportation; routine case files; working files; watch logs; published intelligence reports and assessments; and circulars. Proposed for permanent retention are recordkeeping copies of significant case files and briefings, speeches, addresses, and comments.

10. Department of Justice, Federal Bureau of Investigation (N1-65-07-5, 1 item, 1 temporary item). In accordance with the provisions of schedule N1-65-88-3, the agency requests authority to destroy, under a Federal Pre-Trial Diversion Program court order, case number 288A-CO-26047, which pertains to the investigation of the captioned individual.

11. Department of the Treasury, Office of the Comptroller of the Currency (N1-101-07-3, 3 items, 3 temporary items). Records relating to Web site operations including manuals, user logs, user statistics, reports, and content tracking records.

12. Environmental Protection Agency, Region 5 (N1-412-06-1, 7 items, 2 temporary items). FOIA request files and Web site snapshot maintained by EPA Region 5 Water Division's Crandon Project Team. Proposed for permanent retention are recordkeeping copies of Crandon Project Team Coordinator subject files, Crandon Mining Company applications and submissions, records of the Waste Management Permit Branch, Wisconsin Division of Natural Resources reports and studies, and hydrological data on related watersheds.

13. Environmental Protection Agency, Agency-wide (N1-412-07-15, 2 items, 1 temporary item). This schedule authorizes the agency to apply the existing disposition instructions to

record series regardless of recordkeeping medium. The records include compliance monitoring and enforcement for controlling toxic substances files. Paper recordkeeping copies of these files were previously approved for disposal. Also included are records relating to enforcement of toxic substances statutes, regulations and standards, for which paper recordkeeping copies previously were approved as permanent.

14. Environmental Protection Agency, Agency-wide (N1-412-07-16, 4 items, 3 temporary items). This schedule authorizes the agency to apply the existing disposition instructions to several record series regardless of recordkeeping medium. The records include documents and letters relating to the development of air and water standards, including submission, progress, and status of clean air standards being enacted into law by states and territories and submitted to EPA for review and approval. Paper recordkeeping copies of these files were previously approved for disposal. Also included are the following records for which paper recordkeeping copies were previously approved as permanent: water standards documents pertaining to the waterways within and bordered by the states and industries within the states, activities relative to the permit program, development of state clean water acts, and enforcement cases.

15. Environmental Protection Agency, Agency-wide (N1-412-07-17, 2 items, 1 temporary item). This schedule authorizes the agency to apply the existing disposition instructions to records series regardless of the recordkeeping medium. The records include documents relating to the interim program for controlling air pollutants. Paper recordkeeping copies of these files were previously approved for disposal. Also included are files relating to the enforcement of industrial and municipal compliance with clean air regulations and standards, for which paper recordkeeping copies previously were approved as permanent.

16. Environmental Protection Agency, Agency-wide (N1-412-07-19, 2 items, 1 temporary item). This schedule authorizes the agency to apply the existing disposition instructions to records series regardless of the recordkeeping medium. The records include documents and data relating to statements of program, guidance, policies, strategies, analysis of state laws, interim and final authorities and statements of Attorney General. Paper recordkeeping copies of these files were previously approved for disposal. Also included are records relating to the

enforcement of hazardous waste statutes, regulations, and standards, for which paper recordkeeping copies previously were approved as permanent.

17. Environmental Protection Agency, Agency-wide (N1-412-07-20, 1 item, 1 temporary item). This schedule authorizes the agency to apply the existing disposition instructions to a series of records regardless of the recordkeeping medium. The records include documents and data relating to the control of emissions from automobile engines. Paper recordkeeping copies of these files were previously approved for disposal.

18. Environmental Protection Agency, Agency-wide (N1-412-07-21, 10 items, 10 temporary items). This schedule authorizes the agency to apply the existing disposition instructions to a number of records series regardless of the recordkeeping medium. The records include criminal enforcement counsel files, pesticide program enforcement files, emission control program files, motor vehicle files, and motor vehicle import declaration files. Paper recordkeeping copies of these files were previously approved for disposal.

19. Environmental Protection Agency, Agency-wide (N1-412-07-22, 3 items, 3 temporary items). This schedule authorizes the agency to apply the existing disposition instructions to a number of records series regardless of the recordkeeping medium. The records include sampling and analytical data files, rapid tax amortization files and permit appeal files. Paper recordkeeping copies of these files were previously approved for disposal.

20. National Archives and Records Administration, Government-wide (N1-GRS-07-1, 5 items, 4 temporary items). Revision of General Records Schedule 26 establishing a fixed age of destruction for files of advisory commissions, committees, councils, boards, and other groups established under the Federal Advisory Committee Act that relate to day-to-day activities and/or do not contain unique information of historical value. This schedule also revises the retention guidance for Web site records. Proposed for permanent retention are files documenting the establishment, membership, policy, organization, deliberations, findings, and recommendations of commissions and other groups established under the Federal Advisory Committee Act.

Dated: January 25, 2007.

Michael J. Kurtz,

*Assistant Archivist for Records Services,
Washington, DC.*

BILLING CODE 7515-01-P

NUCLEAR REGULATORY COMMISSION

[Docket No. 50-186]

In the Matter of the Curators of the University of Missouri, The University of Missouri Research Reactor; Order Modifying Emergency Plan Requirements

I

The Curators of the University of Missouri (the Licensee) hold Amended Facility License No. R-103 issued by the U.S. Nuclear Regulatory Commission (NRC or the Commission) pursuant to Title 10, Part 50, "Domestic Licensing of Production and Utilization Facilities" (10 CFR part 50), and Broad Scope Materials License No. 24-00513-39 issued by the NRC pursuant to 10 CFR part 30, "Rules of General Applicability to Domestic Licensing of Byproduct Material." Amended Facility License No. R-103 authorizes the operation of the University of Missouri Research Reactor (MURR or the facility) in accordance with conditions specified therein. Broad Scope Materials License No. 24-00513-39 authorizes the possession and use of various byproduct, special nuclear, and source material at the Licensee's facility. The facility is located on the Licensee's campus in Columbia, Missouri.

II

On March 19 and April 5, 1990, the NRC staff issued two license amendments applicable to the Licensee's Special Nuclear Material and Source Material License No. SNM-247. At the request of the Licensee, the NRC terminated Special Nuclear Material and Source Material License No. SNM-247 on July 7, 1993. On that day, the Commission included the special nuclear materials that were listed on Special Nuclear Material and Source Material License No. SNM-247 in the University's newly issued Broad Scope Materials License No. 24-00513-39. The amendments collectively authorized the Licensee to possess and use certain specified quantities of uranium (depleted in U-235), neptunium-237, americium-241, plutonium-239, and plutonium-240. The Licensee's purpose in requesting the amendments was to conduct research related to the

Transuranic Management by Pyropartitioning Separation (TRUMP-S) Research Project. The Licensee carried out this research in the Alpha laboratory at the MURR.

Three organizations and 10 individuals filed motions to intervene and requests for hearing on the license amendments. In response to the intervenors' filings, the Commission appointed a Presiding Officer to conduct an informal hearing pursuant to Subpart L, "Informal Hearing Procedures for NRC Adjudications" of the Commission's procedural regulations in 10 CFR part 2, "Rules of Practice for Domestic Licensing Proceedings and Issuance of Orders." The Presiding Officer issued a First Initial Decision on April 5, 1991, followed by a Final Initial Decision on July 10, 1991.

The Licensee and the intervenors appealed various aspects of the proceeding and decisions of the Presiding Officer and the Commission to the Commission. In response, the Commission issued Memorandum and Order, CLI-95-01, dated February 28, 1995; Memorandum and Order, CLI-95-08, (Petitions for Reconsideration), dated June 22, 1995; Memorandum and Order, CLI-95-11, (Petition for Partial Reconsideration), dated August 22, 1995; and Memorandum and Order, CLI-95-17, (Petition for Reconsideration), dated December 14, 1995. The first three of these memoranda and orders required the Licensee to make changes to the MURR Emergency Plan (EP). The MURR EP was changed because the material, while under a NRC broad scope materials license, was being used in the Alpha Laboratory at MURR. In response to the memoranda and orders, the Licensee submitted proposed changes to the EP on December 20, 1995, as supplemented on May 1, 1996. The NRC staff reviewed the Licensee's proposed changes to the EP and, in a letter to the Licensee dated June 20, 1996, concluded that the proposed changes to the EP met the intent of the Commission's memoranda and orders and were acceptable as written.

III

By letter dated March 31, 2004, the Licensee requested changes to the EP to remove the requirements added to it by the Commission's memoranda and orders related to the TRUMP-S Research Project. The Licensee also requested the rescission of the Commission's memoranda and orders requiring changes to the EP. The Licensee completed experiments at the MURR related to the TRUMP-S Research Project on September 30, 1997.

By July 20, 1998, the Licensee had shipped all low-level waste from the project and completed final verification surveys documenting the decommissioning of the Alpha Laboratory. All transuranic waste (americium, neptunium, and plutonium) was shipped from the MURR to the Waste Isolation Pilot Plant on May 15, 2003. The NRC renewed Broad Scope Materials License No. 24-00513-39, effective December 22, 2003, with reduced possession limits for the radioisotope types associated with the TRUMP-S Research Project. The renewed license possession limits allow no radioisotope quantities in excess of the quantities listed in 10 CFR 30.72 Schedule C, "Quantities of Radioactive Materials Requiring Consideration of the Need for an Emergency Plan for Responding to a Release." The NRC staff reviewed the Licensee's proposed changes to the EP and concluded that they will not decrease the effectiveness of the EP and are therefore acceptable.

IV

Accordingly, pursuant to Sections 104c, 161b and 161i of the Atomic Energy Act of 1954, as amended, and the Commission's regulations in 10 CFR part 50, *it is hereby ordered that:*

The changes to the University of Missouri Research Reactor Emergency Plan imposed by Commission-issued Memoranda and Orders CLI-95-01 dated February 28, 1995; CLI-95-08 dated June 22, 1995; and CLI-95-11 dated August 22, 1995, are hereby deleted and the changes to the Emergency Plan for the University of Missouri Research Reactor in the Licensee's letter of March 31, 2004, are approved.

V

Pursuant to the Atomic Energy Act of 1954, as amended, the licensee or any other person adversely affected by this Order may request a hearing within 30 days of the date of publication of this Order in the **Federal Register**. A request for a hearing or a petition for leave to intervene must be filed (1) By first class mail addressed to the Office of the Secretary, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, Attention: Rulemaking and Adjudications Staff, or (2) by courier, express mail, or expedited delivery services to the Office of the Secretary, Sixteenth Floor, One White Flint North, 11555 Rockville Pike, Rockville, MD 20852, Attention: Rulemaking and Adjudications Staff. Because of continuing disruptions in delivery of mail to U.S. Government offices, it is requested that requests for hearing
