

to the Act by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department's regulations are to the regulations codified at 19 C.F.R. Part 351 (2001).

Background

On July 2, 2001, the Department published in the **Federal Register** a notice of opportunity to request an administrative review of the antidumping duty order on SSSS from Italy. *See Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity to Request Administrative Review*, 66 FR 34910 (July 2, 2001). On July 31, 2001, domestic industry parties from the original investigation ("petitioners"), ThyssenKrupp Acciai Speciali Terni S.p.A. ("TKAST")¹, a producer and exporter of subject merchandise, and ThyssenKrupp AST USA, Inc. ("TKAST USA"), requested that the Department conduct an administrative review of the antidumping duty order. On August 20, 2001, the Department initiated an administrative review of the antidumping duty order on SSSS from Italy with regard to TKAST. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part*, 66 FR 43570 (August 20, 2001). On March 5, 2002, the Department extended the time limit for the preliminary results of this administrative review by 90 days. *See Notice of Extension of Time Limit of the Preliminary Results of Antidumping Duty Administrative Review: Stainless Steel Sheet and Strip in Coils from Italy*, 67 FR 9960 (March 5, 2002). On May 13, 2002, we again extended the preliminary results of administrative review, this time by 25 days. *See Notice of Extension of Time Limit of the Preliminary Results of Antidumping Duty Administrative Review: Stainless Steel Sheet and Strip in Coils from Italy*, 67 FR 32015 (May 13, 2002). On July 26, 2002, the Department extended the time limit for the preliminary results in this administrative review another five days. *See Notice of Extension of Time Limit of the Preliminary Results of Antidumping Duty Administrative Review: Stainless Steel Sheet and Strip in Coils from Italy*, 67 FR 50421 (August 2, 2002).

¹ On January 18, 2002 Acciai Speciali Terni S.p.A.'s shareholders voted to change the company's name to ThyssenKrupp Acciai Speciali Terni S.p.A. On February 27, 2002, Acciai Speciali Terni USA, Inc. became ThyssenKrupp AST USA, Inc. Throughout most of the responses, the companies refer to themselves as TKAST and TKAST USA, respectively.

On August 7, 2002 we issued our preliminary results of administrative review. *See Preliminary Results of Antidumping Duty Administrative Review: Stainless Steel Sheet and Strip in Coils from Italy*, 67 FR 51224 (August 7, 2002). The final results of administrative review are currently due December 5, 2002.

Extension of Time Limit of Final Results

Section 751(a)(3)(A) of the Act states that if it is not practicable to complete the review within the time specified, the administering authority may extend the 120-day period, following the date of publication of the preliminary results, to issue its final results by 60 days. Completion of the final results of this review within the 120-day period is not practicable for the following reasons:

- The review involves a large number of transactions and complex adjustments.
- The review includes complex sales and cost issues which require the Department to analyze a significant amount of information pertaining to sales practices, manufacturing costs and corporate relationships.

Therefore, in accordance with section 751(a)(3)(A) of the Act, we are extending the time period for issuing the final results of review by 40 days until January 14, 2003.

Dated: December 3, 2002.

Joseph A. Spetrini,

Deputy Assistant Secretary for Import Administration, Group III.

Department of Agriculture—Albany, CA; Notice of Decision on Application for Duty-Free Entry of Scientific Instrument

This decision is made pursuant to section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, 80 Stat. 897; 15 CFR part 301). Related records can be viewed between 8:30 a.m. and 5 p.m. in Suite 4100W, U.S. Department of Commerce, Franklin Court Building, 1099 14th Street, NW., Washington, DC.

Docket Number: 02-039.

Applicant: U.S. Department of Agriculture, Albany, CA 94710.

Instrument: Automated Robotic Colony Picking and Replicating System, Model QPiXII.

Manufacturer: Genetix Limited, United Kingdom.

Intended Use: See notice at 67 FR 58355, September 16, 2002.

Comments: None received.

Decision: Approved. No instrument of equivalent scientific value to the foreign instrument, for such purposes as it is intended to be used, is being manufactured in the United States.

Reasons: The foreign instrument provides a high performance robotic system for automated microbial colony picking and replicating on the basis of various features with additional capabilities of halo recognition and rearranging selected clones from one microplate to another. The National Institutes of Health advised in its memorandum of September 11, 2002, that (1) this capability is pertinent to the applicant's intended purpose and (2) it knows of no domestic instrument or apparatus of equivalent scientific value to the foreign instrument for the applicant's intended use.

We know of no other instrument or apparatus of equivalent scientific value to the foreign instrument which is being manufactured in the United States.

Gerald A. Zerdy,

Program Manager, Statutory Import Programs Staff.
