

that operate internal broker-dealer systems. Those records are to be used in monitoring compliance with the Commission's financial responsibility program and antifraud and antimanipulative rules, as well as other rules and regulations of the Commission and the self-regulatory organizations. It is estimated that approximately 105 active broker-dealer respondents registered with the Commission incur an average burden of 2,835 hours per year (105 respondents multiplied by 27 burden hours per respondent equals 2,835 total burden hours) to comply with this rule.¹

Rule 17a-3(a)(16) does not contain record retention requirements. Compliance with the rule is mandatory. The required records are available only to the examination staff of the Commission and the self-regulatory organization of which the broker-dealer is a member. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid control number.

SECURITIES AND EXCHANGE COMMISSION

Proposed Collection; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of Investor Education and Advocacy, Washington, DC 20549-0213.

Extension:
Regulation S-AM; SEC File No. 270-

548; OMB Control No. 3235-0609.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information provided for in Regulation S-AM (17 CFR part 248, subpart B), under the Fair and Accurate Credit Transactions Act of 2003 (Pub. L. 108-159, Section 214, 117 Stat. 1952 (2003)) ("FACT Act"), the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*), the Investment Company Act of 1940 (15 U.S.C. 80a-1 *et seq.*), and the Investment Advisers Act of 1940 (15 U.S.C. 80b-1 *et seq.*). The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Regulation S-AM implements the requirements of Section 214 of the FACT Act as applied to brokers, dealers, and investment companies, as well as investment advisers and transfer agents that are registered with the Commission (collectively, "Covered Persons"). As directed by Section 214 of the FACT Act, before a receiving affiliate may make marketing solicitations based on the communication of certain consumer financial information from a Covered Person, the Covered Person must provide a notice to each affected individual informing the individual of his or her right to prohibit such marketing. The regulation potentially applies to all of the approximately 21,496 Covered Persons registered with the Commission, although only approximately 12,038 of them have one or more corporate affiliates, and the regulation would require only approximately 2,150 to provide consumers with notice and an opt-out opportunity.

The Commission staff estimates that there are approximately 12,038 Covered Persons having one or more affiliates, and that they would require an average one-time burden of 1 hour to review affiliate marketing practices, for a total of 12,038 hours, at a total staff cost of approximately \$2,527,929. The staff also estimates that approximately 2,150 Covered Persons would be required to provide notice and opt-out opportunities to consumers, and would incur an average first-year burden of 18 hours in doing so, for a total estimated first-year burden of 38,700 hours, at a total staff cost of approximately \$10,294,200. With regard to continuing notice burdens, the staff estimates that each of the approximately 2,150 Covered Persons required to provide notice and opt-out opportunities to

consumers would incur a burden of approximately 4 hours per year to create and deliver notices to new consumers and record any opt outs that are received on an ongoing basis, for a total of 8,600 hours, at a total staff cost of approximately \$490,200 per year.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information on respondents; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Please direct your written comments to: Jeffrey Heslop, Acting Chief Information Officer, Securities and Exchange Commission, c/o Remi Pavlik-Simon, 6432 General Green Way, Alexandria, Virginia 22312 or send an e-mail to: PRA_Mailbox@sec.gov.

Dated: October 13, 2010.

Deputy Secretary.
