[Project No. 2031-046]

Springville City, UT; Notice of Availability of Environmental Assessment

May 13, 2002.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission's) regulations, the Office of Energy Projects has reviewed the application dated August 30, 2000, requesting the Commission's authorization to issue a new license for the existing Bartholomew Hydroelectric Project, and has prepared an Environmental Assessment (EA) for the proposed and alternative actions. The subject project is located within Bartholomew Canyon and on Hobbie Creek, in Utah County, Utah. The project is partially situated on federal lands within the Uinta National Forest.

Copies of the EA can be viewed at the Commission's Public Reference Room, Room 2A, 888 First Street, NE., Washington, DC 20426, or by calling (202) 208-1371. The document also may be viewed on the Web at www.ferc.fed.us/online/rims.htm. Call (202) 208-2222 for assistance.

Any comments on the EA should be filed within 45 days from the date of this notice and should be addressed to:

Magalie R. Salas, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. Please affix "Bartholomew Hydroelectric Project, No.2031-046" to the first page of your comments. All timely filed comments will be considered in any Commission order addressing the proposed new license.

If you have any questions concerning this matter, please telephone the Commission's Environmental Coordinator for the Bartholomew Hydroelectric Project at (202) 219-2780 or contact him by E-mail at james.haimes@ferc.gov.

Federal Energy Regulatory Records Information System; Notice of Intent To Replace the Commission Issuance Posting System, Records Information Management System and Docket Sheet System

May 13, 2002.

The Federal Energy Regulatory Commission (the Commission), hereby gives notice that it intends to discontinue updating its Commission Issuance Posting System (CIPS), Records Information Management System (RIMS) and its Docket Sheet System on the web. As detailed in the notice of March 3, 2002 in the referenced docket, the Commission intends to combine these three online systems into a single online system called the Federal Energy Regulatory Records Information System (FERRIS).

This notice announces the coming availability of the new system. The Commission will start updating FERRIS with current issuances (CIPS data only) on or about May 20, 2002. On or about June 1, 2002, the Commission will complete the conversion of RIMS files and will discontinue updating CIPS, RIMS and Docket Sheets. Please refer to the Commission's website for the announcement of the exact dates these systems will no longer be updated.

To familiarize the public with the features of the new system, the Commission is holding demonstrations and classes. Dates for these events, held at the Commission's headquarters and through the web, are announced under

the link, Demo's & Classes, on the FERRIS introductory page on the Commission's website, http://www.ferc.gov/help/demos_classes.htm.
