

solution to leverage their existing Exchange connectivity to route Directed Orders to either an ATS or algorithm, thereby affording them increased access to execution tools and enhanced operational efficiency.¹⁶ The Exchange states that the proposed change would offer member organizations greater choice and flexibility, and further believes that the proposed change could create efficiencies for member organizations by enabling them to send orders that they wish to route to an alternate destination through the Exchange, thereby leveraging order entry protocols and specifications already configured for their interactions with the Exchange.¹⁷ The Exchange states that Directed Orders designated to route to an algorithm would generally operate in the same manner as Directed Orders that are currently eligible to be routed to an ATS selected by the member organization entering the order (except as proposed above). The Exchange further states that the Directed Order would continue to provide functionality similar to order types with specific execution instructions (such as the Auction Only Order defined in NYSE Rule 7.31(c)) or routing instructions (such as Primary Only Orders that route to the primary market that are available on the Exchange's affiliated equities exchanges).¹⁸

III. Discussion and Commission Findings

After careful review, the Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.¹⁹ In particular, the Commission finds that the proposed rule change is consistent with Section 6(b)(5) of the Act,²⁰ which requires, among other things, that the rules of a national securities exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the

mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

The Commission finds that the proposed rule change is reasonably designed to remove impediments to and perfect the mechanism of a free and open market and a national market system because it is reasonably designed to offer member organizations greater choice and flexibility in executing orders by providing routing to broker-dealer algorithms that have established connectivity with the Exchange and to ensure that such connectivity is provided to broker-dealer algorithms on a fair and equitable basis. The Commission also believes that the proposed rule change would not permit unfair discrimination among customers, brokers, or dealers because Directed Orders will be available to all Exchange members on an equal basis and because the Exchange has represented that it would not direct orders to any algorithm with which the Exchange has a financial relationship.

Based on the foregoing, the Commission finds that the proposed rule change is consistent with the Act.

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,²¹ that the proposed rule change (SR-NYSE-2024-67) be, and hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.²²

Sherry R. Haywood,
Assistant Secretary.

SMALL BUSINESS ADMINISTRATION

[Disaster Declaration #20842 and #20843; HAVASUPAI TRIBE Disaster Number AZ-20008]

Presidential Declaration Amendment of a Major Disaster for Public Assistance Only for the Havasupai Tribe

AGENCY: U.S. Small Business Administration.

ACTION: Amendment 1.

SUMMARY: This is an amendment of the Presidential declaration of a major disaster for Public Assistance Only for the Havasupai Tribe (FEMA-4840-DR), dated October 25, 2024.

Incident: Flooding.

DATES: Issued on December 3, 2024.

²¹ 15 U.S.C. 78s(b)(2).

²² 17 CFR 200.30-3(a)(12).

Incident Period: August 22, 2024 through August 23, 2024.

Physical Loan Application Deadline Date: January 17, 2025.

Economic Injury (EIDL) Loan Application Deadline Date: July 25, 2025.

ADDRESSES: Visit the MySBA Loan Portal at <https://lending.sba.gov> to apply for a disaster assistance loan.

FOR FURTHER INFORMATION CONTACT: Alan Escobar, Office of Disaster Recovery & Resilience, U.S. Small Business Administration, 409 3rd Street SW, Suite 6050, Washington, DC 20416, (202) 205-6734.

SUPPLEMENTARY INFORMATION: The notice of the President's major disaster declaration for Private Non-Profit organizations in the Havasupai Tribe, dated October 25, 2024, is hereby amended to extend the deadline for filing applications for physical damage as a result of this disaster to January 17, 2025.

All other information in the original declaration remains unchanged.

(Catalog of Federal Domestic Assistance Number 59008)

Alejandro Contreras,

Acting Deputy Associate Administrator, Office of Disaster Recovery & Resilience.

Federal Highway Administration

[Docket No. FHWA-2024-0082]

Agency Information Collection Activities: Notice of Request for Renewal of Currently Approved Information Collection

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of request for revision of currently approved information collection.

SUMMARY: The FHWA invites public comments about our intention to request the Office of Management and Budget’s (OMB) approval for renewal of an existing information collection that is summarized below under **SUPPLEMENTARY INFORMATION**. We are required to publish this notice in the **Federal Register** by the Paperwork Reduction Act of 1995.

DATES: Please submit comments by February 10, 2025.

ADDRESSES: You may submit comments identified by DOT Docket ID Number 0082 by any of the following methods:

Website: For access to the docket to read background documents or comments received go to the Federal eRulemaking Portal: Go to <https://www.regulations.gov>. Follow the online instructions for submitting comments.

Fax: 1-202-493-2251.

Mail: Docket Management Facility, U.S. Department of Transportation, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE, Washington, DC 20590-0001.

Hand Delivery or Courier: U.S. Department of Transportation, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE,

Washington, DC 20590, between 9 a.m. and 5 p.m. ET, Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT:

Mark Glaze, (202) 366-4503, HEPN-10, Room E74-466, Federal Highway Administration, US Department of Transportation, 1200 New Jersey Avenue SE, Washington, DC 20590. Office hours are from 8 a.m. to 4:30 p.m., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Title: Congestion Mitigation and Air Quality (CMAQ) Improvement Program. *OMB Control:* 2125-0614.

Background: The development and maintenance of a cumulative database of all CMAQ projects is required by 23 U.S.C. 149(i)(1). This database must include specific information about each project such as name, location, sponsor, cost, and to the extent already measured by the project sponsor, cost-effectiveness based on reductions in emissions and congestion. States provide annual reports on all CMAQ obligations and de-obligations taking place in each fiscal year. These reports include obligations of program funds; descriptions of individual projects; and potential impacts on air quality and congestion. The data provided in the annual reports and the CMAQ Public Access System allows for transparency, showing that the program continues to provide incremental benefits through enhanced regional and local air quality improvement, and through contributions to congestion relief.

Information provided in the CMAQ project reporting system is useful for FHWA and FTA planning purposes, as well as reports to the U.S. Congress. The database is also the official data source for reporting on CMAQ emission measure performance under the transportation performance management requirements in 23 CFR part 490.

Respondents: There are 51 respondents, including 50 State Transportation Departments and the District of Columbia.

Frequency: Once every calendar year to record CMAQ project data from the previous fiscal, on or about March 1st.

Estimated Average Burden per Response: There is a total of 51 annual reports per year on a variable number of reported projects. Each project entry requires on average 15 to 20 minutes to complete.

Estimated Total Annual Burden Hours: Total estimated average annual burden is 674 hours. (Based on the most recent ten year average of Annual Reporting projects.)
