[Release No. 34-61266; File No. SR-NYSE-2009-130]

Self-Regulatory Organizations; Notice of Filing and Immediate Effectiveness of Proposed Rule Change by New York Stock Exchange LLC To Establish a Trading License Fee for 2010

December 31, 2009.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the "Act"),² and Rule 19b-4 thereunder,³ notice is hereby given that on December 23, 2009, New York Stock Exchange LLC (the "NYSE" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule changes as described in Items I, II, and III below, which items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to establish a \$40,000 trading license fee for calendar 2010. The text of the proposed rule change is available on the Exchange's Web site (<http://www.nyse.com>), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The NYSE has prepared summaries, set forth in Sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

NYSE Rule 300(b) provides that, in each annual offering, up to 1366 trading licenses for the following calendar year

will be sold annually to member organizations at a price per trading license to be established each year by the Exchange pursuant to a rule filing submitted to the Commission and that the price per trading license will be published each year in the Exchange's price list. The Exchange proposes to establish a trading license fee for calendar 2010 of \$40,000. This is the same as the trading license fee charged in calendar 2009.⁴

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6⁵ of the Act in general and Section 6(b)(4)⁶ in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its members and other persons using its facilities. The Exchange believes that the proposal does not constitute an inequitable allocation of dues, fees and other charges, as all member organizations will be charged the same trading license fee.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purpose of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)⁷ of the Act and Rule 19b-4(f)(2)⁸ thereunder.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-61264; File No. SR-NYSE-2009-131]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Amending NYSE Rule 123C(8)(a)(1) To Extend Operation of the Extreme Order Imbalances Pilot

December 31, 2009.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that, on December 24, 2009, New York Stock Exchange LLC ("NYSE" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend NYSE Rule 123C(8)(a)(1) to extend the operation of the pilot to temporarily suspend certain NYSE requirements relating to the closing of securities on the Exchange until the earlier of Securities and Exchange Commission approval to make such pilot permanent or March 1, 2010. The text of the proposed rule change is available at the Exchange, the Commission's Public Reference Room, and <http://www.nyse.com>.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text

of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

NYSE Rule 123C(8)(a)(1) allows the Exchange to temporarily suspend certain rule requirements at the close when extreme order imbalances may cause significant dislocation to the closing price. The rule has operated on a pilot basis since April 2009 ("Extreme Order Imbalances Pilot" or "Pilot").³ Through this filing, NYSE proposes to extend the Pilot until the earlier of Securities and Exchange Commission approval to make such Pilot permanent or March 1, 2010.⁴

Background

Pursuant to NYSE Rule 123C(8)(a)(1), the Exchange may suspend NYSE Rules 52 (Hours of Operation) to resolve an extreme order imbalance that may result in a closing price dislocation at the close as a result of an order entered into Exchange systems, or represented to a DMM orally at or near the close. The provisions of NYSE Rule 123C(8)(a)(1) operate as the Extreme Order Imbalance Pilot.

As a condition of the approval to operate the Pilot, the Exchange committed to provide the Commission with information regarding: (i) How often a Rule 52 temporary suspension pursuant to the Pilot was invoked during the six months following its approval; and (ii) the Exchange's determination as to how to proceed with technical modifications to reconfigure Exchange systems to accept orders electronically after 4 p.m.

The Extreme Order Imbalance Pilot is scheduled to end operation on December 31, 2009.⁵ The Exchange is currently preparing a rule filing seeking permission to make the provisions of the Pilot permanent with certain modifications but does not expect that filing to be completed and approved by

the Commission before December 31, 2009.

Proposal To Extend the Operation of the Extreme Order Imbalance Pilot

The Exchange established the Extreme Order Imbalance Pilot to create a mechanism for ensuring a fair and orderly close when interest is received at or near the close that could negatively affect the closing transaction. The Exchange believes that this tool has proved very useful to resolve an extreme order imbalance that may result in a closing price dislocation at the close as a result of an order entered into Exchange systems, or represented to a DMM orally at or near the close.

As the Exchange has previously stated, NYSE Rule 123C(8) will be invoked to attract offsetting interest in rare circumstances where there exists an extreme imbalance at the close such that a DMM is unable to close the security without significantly dislocating the price. This is evidenced by the fact that during the course of the Pilot, the Exchange invoked the provisions of NYSE Rule 123C(8), including the provisions of the Extreme Order Imbalance Pilot pursuant to NYSE Rule 123C(8)(a)(1), in only one security on August 31, 2009.

In addition, during the operation of the Pilot, the Exchange determined that it would not be as onerous as previously believed to modify Exchange systems to accept orders electronically after 4:00 p.m. The Exchange anticipates that such system modifications could [sic] be completed by December 31, 2009.

Given the above, the Exchange believes that provisions governing the Extreme Order Imbalance Pilot should be made permanent. Through this filing the Exchange seeks to extend the current operation of the Pilot in order to allow the Exchange to formally submit a filing to the Commission to convert the provisions governing the Pilot to permanent rules and complete the technological modifications required to accept orders electronically after 4:00 p.m. The Exchange therefore requests an extension from the current expiration date of December 31, 2009, until the earlier of Securities and Exchange Commission approval to make such Pilot permanent or March 1, 2010.

2. Statutory Basis

The basis under the Act for this proposed rule change is the requirement under Section 6(b)(5)⁶ that an Exchange have rules that are designed to promote just and equitable principles of trade, to remove impediments to and perfect the
