Authority: 44 U.S.C. 3506(c)(2)(A).

SUPPLEMENTARY INFORMATION: DOL, as part of continuing efforts to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information before submitting them to the Office of Management and Budget (OMB) for final approval. This program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed.

ETA's administrative procedures regulation, found at 20 CFR 601, sets out the collection of information requirements. Section 601.2 requires states to submit copies of their unemployment compensation (UC) laws for approval by the Secretary of Labor (Secretary) so that the Secretary may determine the status of state laws and plans of operation. Section 601.3 requires states to "submit all relevant state materials such as statutes, executive and administrative orders, legal opinions, rules, regulations, interpretations, court decisions, etc."

These materials are used by the Secretary to determine whether the state law contains provisions required by Section 3304(a) of the Internal Revenue Code of 1986. DOL provides grants to states to fund the administration of their employment security laws if their UC laws and their plans of operation for public employment offices meet required conditions of Federal laws. The information transmitted by Form MA 8-7 is used by the Secretary to make findings (as specified in the above cited Federal laws) required for certification to the Secretary of the Treasury for payment to states or for certification of the state law for purposes of providing additional tax credits to employers in

states with UC laws conforming to Federal law. If this information is not available, the Secretary cannot make such certifications. To facilitate transmittal of required material, DOL prescribes the use of Form MA 8-7, Transmittal for Unemployment Insurance Materials. This simple check-off form is used by the states to identify material being transmitted to the National Office and allows the material to be routed to appropriate staff for prompt action. 20 CFR 601.2 and 601.3 authorize this information collection.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6.

Interested parties are encouraged to provide comments to the contact shown in the **ADDRESSES** section. Comments must be written to receive consideration, and they will be summarized and included in the request for OMB approval of the final ICR. In order to help ensure appropriate consideration, comments should mention OMB control number 1205-0222.

Submitted comments will also be a matter of public record for this ICR and posted on the internet, without redaction. DOL encourages commenters not to include personally identifiable information, confidential business data, or other sensitive statements/information in any comments.

DOL is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other

technological collection techniques or other forms of information technology, (e.g., permitting electronic submission of responses).

Notice of the Federal Unemployment Tax Act (FUTA) Credit Reduction Applicable in 2021

Sections 3302(c)(2)(A) and 3302(d)(3) of the FUTA provide that employers in a state that has outstanding advances under Title XII of the Social Security Act on January 1 of two or more consecutive years are subject to a reduction in credits otherwise available against the FUTA tax for the calendar year in which the most recent such January 1 occurs, if advances remain on November 10 of that year. Further, Section 3302(c)(2)(C) of FUTA provides for an additional credit reduction for a year if a state has outstanding advances on five or more consecutive January 1 and has a balance on November 10 for such years. Section 3302(c)(2)(C) provides for waiver of this additional credit reduction and substitution of the credit reduction provided in Section 3302(c)(2)(B) if a state meets certain conditions.

Employers in the U.S. Virgin Islands (USVI) were potentially liable for the additional credit reduction under Section 3302(c)(2)(C) of FUTA. The jurisdiction applied for the waiver of this additional credit reduction. The Employment and Training

Administration determined that USVI met all of the criteria of the section necessary to qualify for the waiver of the additional credit reduction. Therefore employers in USVI will have no additional credit reduction applied for calendar year 2021. However, as a result of USVI having outstanding advances on each January 1 from 2010 through 2021, and an outstanding balance on November 10, 2021, employers in USVI are subject to a FUTA credit reduction of 3.3 percent in 2021.

Angela Hanks,

Acting Assistant Secretary for Employment and Training.
