SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-62159; File No. SR-NYSE-2010-36]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend the Exchange Price List

May 24, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on May 7, 2010, New York Stock Exchange LLC ("NYSE" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its 2010 Price List to delete references to two fees that are no longer applicable. The text of the proposed rule change is available on the Exchange's Web site at <http://www.nyse.com>, on the Commission's Web site at <http://www.sec.gov>, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The NYSE has prepared summaries, set forth in Sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange's 2010 Price List includes (i) a fee of \$5,000 payable in connection with a new application for NYSE membership by a limited liability

⁹ 15 U.S.C. 78s(b)(3)(A).

¹⁰ 17 CFR 240.19b-4(f)(6). Rule 19b-4(f)(6)(iii) requires the self-regulatory organization to submit to the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

company ("LLC") and (ii) an application fee of \$1,000 payable in connection with the movement of existing members to non-public organizations. The Exchange proposes to delete these fees from the 2010 Price List as they are no longer applicable. These fees related only to circumstances that arose when NYSE membership was required to be held by individuals, as opposed to the current structure which is based on member organizations. The Exchange ceased to be a member-owned organization in 2006 at the time of its merger with Archipelago Holdings, Inc. In connection with the merger, NYSE members received shares in the new publicly-traded parent company (NYSE Group, Inc., the predecessor to the NYSE's current publicly-traded parent company, NYSE Euronext). Since this demutualization, member organizations obtain the right to have their employees on the NYSE trading floor by purchasing trading licenses.

As a consequence of the demutualization, the categories of membership contemplated by the above-described fees no longer exist. The LLC category of membership was created in 2005 to enable an individual member who was retiring to retain an ownership interest in the Exchange for estate planning purposes.³ The \$5,000 application fee was instituted because the Exchange believed that there were additional costs to the Exchange in connection with memberships held by LLCs rather than individuals, so the Exchange believed that it was appropriate to charge a higher application fee than the \$2,500 fee that would have otherwise applied.⁴ The existing members to non-public organizations fee of \$1,000 was adopted in 1990 and was applied to an individual member who was associated with a member organization and who left that member organization to become an independent floor broker without a public business or to become associated with a new member organization without a public business that was comprised of existing members.⁵ It also applied to an application for membership by any new floor brokerage entity without a public business that consisted of existing individual members. All NYSE members are now corporations or other legal entities and are subject to the applicable application fees for the various categories of new

members: \$20,000 for carrying firms, \$7,500 for introducing firms, and \$2,500 for non-public organizations (*i.e.*, floor broker member organizations that do not have a public business). Consequently, it is the admission of a corporate entity as a member organization which gives rise to a registration fee under current NYSE rules and the movement of floor personnel from one member organization to another is not subject to registration fees, as those individuals are not members in their own right. The reference to individuals in the line of the 2010 Price List with respect to non-public organizations will be deleted, as it is also inapplicable under the current NYSE membership structure.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the objectives of Section 6⁶ of the Act in general and furthers the objectives of Section 6(b)(4)⁷ in particular, in that it is designed provide for the equitable allocation of reasonable dues, fees and other charges among its members and other persons using its facilities. The Exchange believes that the proposal does not constitute an inequitable allocation of dues, fees and other charges, as the fees being eliminated related to categories of NYSE members that no longer exist under the current membership structure.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purpose of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)⁸ of the Act and Rule 19b-4(f)(2)⁹ thereunder.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is

necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-62175; File No. SR-MSRB-2010-03]

Self-Regulatory Organizations; Municipal Securities Rulemaking Board; Notice of Filing of Proposed Rule Change Relating to Amendments to the Continuing Disclosure Service of the MSRB's Electronic Municipal Market Access System (EMMA®)

May 26, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Exchange Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on May 20, 2010, the Municipal Securities Rulemaking Board (the "MSRB") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the MSRB. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The MSRB has filed with the Commission a proposed rule change to amend the continuing disclosure service of the MSRB's Electronic Municipal Market Access system ("EMMA") to provide for the posting of credit rating information on the EMMA public Web site. The MSRB has requested an effective date for the proposed rule change of a date to be announced by the MSRB in a notice published on the MSRB Web site, which date shall be no later than nine months after Commission approval of the proposed rule change and shall be announced no later than five (5) business days prior to the effective date.

The text of the proposed rule change is available on the MSRB's Web site at <http://www.msrb.org/msrb1/sec.asp>, at the MSRB's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the MSRB included statements concerning the purpose of and basis for the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The MSRB has prepared summaries, set forth in Sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The proposed rule change would amend the EMMA continuing disclosure service to provide for the posting of credit rating information on the EMMA public Web site. If and to the extent that one or more Nationally Recognized Statistical Rating Organization ("NRSRO") has agreed to provide credit rating and related information regarding municipal securities to the MSRB, at no charge, through an automated data feed for dissemination on the EMMA Web site, the EMMA Web site would display such credit rating and related information along with any documents and identifying information relating to the applicable municipal security otherwise displayed on the EMMA Web site. Currently, such other documents or information may include official statements, advance refunding documents, continuing disclosure documents, transaction price data, interest rate reset information, and identifying information relating to a specific municipal security.

Credit rating and related information normally will be posted within 15 minutes of successful transmission to the MSRB during the hours of 8:30 a.m. to 6 p.m. Eastern time on an MSRB business day, and any such information successfully transmitted outside of the MSRB's normal business hours will be posted as soon as practicable. The MSRB shall have no obligation to supplement, modify or confirm credit rating and related information received by it through an NRSRO's automated data feed based on information available from any other source, including but not limited to any such information made publicly available by an NRSRO by any means other than its automated data feed.

The MSRB requests an effective date for the proposed rule change of a date to be announced by the MSRB in a

notice published on the MSRB Web site, which date shall be no later than nine months after Commission approval of the proposed rule change and shall be announced no later than five (5) business days prior to the effective date.

2. Statutory Basis

The MSRB has adopted the proposed rule change pursuant to Section 15B(b)(2)(C) of the Exchange Act, which provides that MSRB's rules shall:

be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in municipal securities, to remove impediments to and perfect the mechanism of a free and open market in municipal securities, and, in general, to protect investors and the public interest.

The inclusion of credit rating and related information provided by NRSROs agreeing to provide such information for display on the EMMA Web site would serve to promote the statutory mandate of the MSRB to protect investors and the public interest. Although credit rating information is just one of many factors to consider in making an investment decision and in evaluating the credit worthiness and value of existing municipal securities holdings, the proposed rule change would make such information more easily accessible on an equal basis to all participants in the municipal securities market, including in particular retail investors in municipal securities who do not normally have access to information services customarily used by professional market participants.

B. Self-Regulatory Organization's Statement on Burden on Competition

The MSRB does not believe the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Exchange Act. Credit ratings and related information provided on the EMMA Web page would be available to all persons simultaneously. Any credit rating and related information of an NRSRO would be displayed on the EMMA Web site only with the agreement of such NRSRO to such use of its information. The MSRB believes that the benefits realized by the investing public from the broader and easier availability of credit rating and related information provided by NRSROs, including in particular retail investors in municipal securities who do not normally have access to information services customarily used
