*Name:* National Committee on Vital and Health Statistics (NCVHS).

*Times and Dates:* 9:00 a.m.—5:30 p.m., September 24, 2001, 9:00 a.m.—4:00 p.m., September 25, 2001.

*Place:* Conference Room 705A, Hubert H. Humphrey Building, 200 Independence Avenue S.W., Washington D.C. 20201.

*Purpose:* The National Committee on Vital and Health Statistics is scheduled to meet on September 24–25, 2001. The NCVHS is the Department's statutory public advisory body on health data, statistics, and health information policy. In addition, the Committee advises HHS on the implementation of the Administrative Simplification provisions of the Health Insurance Portability and Accountability Act of 1996 (HIPAA). The meeting will focus on a variety of health data policy and privacy issues. Department officials will update the Committee on recent activities of the HHS Data Council and the status of HHS activities in implementing the administrative simplification provisions of HIPAA. A briefing from the HHS Deputy Chief Information Officer is planned, and GAO staff will brief the Committee on confidentiality practices and issues in record linkage for research purposes.

The Committee is also expected to discuss and take action on recommendations to HHS from the Privacy and Confidentiality Subcommittee relating to the implementation of the HIPAA Health Information Privacy regulation, following a subcommittee public hearing on the subject in August. Subcommittee breakout sessions also are planned.

All topics are tentative and subject to change. Prior to the meeting, please check the NCVHS web site, where a detailed agenda will be posted when available.

**FOR FURTHER INFORMATION CONTACT:**

Substantive information as well as summaries of NCVHS meetings and a roster of committee members may be obtained by visiting the NCVHS website (<http://ncvhs.hhs.gov>) where an agenda for the meeting will be posted when available. ### Centers for Medicare & Medicaid Services

[CMS-2119-N]

#### Medicare, Medicaid, and CLIA Programs; Continuance of the Approval of the College of American Pathologists as a CLIA Accreditation Organization

**AGENCY:** Centers for Medicare & Medicaid Services (CMS), HHS.

**ACTION:** Notice.

**SUMMARY:** This notice announces the continuance of the approval of the College of American Pathologists (CAP) as an accreditation organization for laboratories under the Clinical Laboratory Improvement Amendments

of 1988 (CLIA). We found that the accreditation process of this organization provides reasonable assurance that the laboratories accredited by it meet the conditions required by CLIA statute and regulations. Consequently, laboratories that voluntarily become accredited by CAP in lieu of direct Federal oversight and continue to meet CAP requirements would meet the CLIA condition level requirements for laboratories and, therefore, are not subject to routine inspection by State survey agencies to determine their compliance with CLIA requirements. However, they are subject to Federal validation and complaint investigation surveys.

**EFFECTIVE DATE:** This notice is effective for the period September 12, 2001 through September 30, 2007.

**FOR FURTHER INFORMATION CONTACT:** Val Coppola, (410) 786-3531.

**SUPPLEMENTARY INFORMATION:**

#### I. Background and Legislative Authority

On July 31, 1992, we published a final rule in the **Federal Register** (57 FR 33992) that implemented section 353(e)(2) of the Public Health Service Act. Under this rule CMS may approve a private, nonprofit organization to accredit clinical laboratories (that is, an approved accreditation organization) under the Clinical Laboratory Improvement Amendments of 1988 (CLIA) if the organization meets certain requirements. An organization's requirements for accredited laboratories must be equal to, or more stringent than, the applicable CLIA program requirements in 42 CFR part 493 (Laboratory Requirements). A laboratory accredited by an approved accreditation organization that meets and continues to meet all of the accreditation organization's requirements would be considered to meet CLIA condition level requirements as if it was inspected against CLIA regulations. The regulations in 42 CFR part 493, subpart E (Accreditation by a Private, Nonprofit Accreditation Organization or Exemption Under an Approved State Laboratory Program) specify the requirements an accreditation organization must meet in order to be approved. CMS approves an accreditation organization for a period not to exceed 6 years.
