

(nursing, physical therapy, occupational therapy, and speech-language therapy) that is ordered by a physician. The CMS has developed a list of clinical elements within a suggested electronic clinical template that would allow electronic health record vendors to create prompts to assist physicians when documenting the HH face-to-face encounter for Medicare purposes. Once completed by the physician, the resulting progress note or clinic note would be part of the medical record. The primary users of these new clinical templates will be physicians and/or allowed non-physician practitioners (NPPs). The templates will help users to capture the necessary information needed to complete the face-to-face encounter documentation. This will help physicians and/or allowed NPPs comply with Medicare policy requirements, thereby reducing the possibility of a home health claim not being paid because of failure to meet Medicare requirements. Submission for OMB Review; Comment Request

Title: Head Start Eligibility Verification.

OMB No.: 0970-0374.

Description: The Office of Head Start (OHS) within the Administration for Children and Families, United States Department of Health and Human Services, proposes to renew, with changes, its authority for record keeping requirements associated with Head Start eligibility verification. OHS revised the

Head Start Eligibility Verification form to reflect changes in the eligibility final rule published on February 10, 2015 (80 FR 7368). OHS initially developed the form to help programs determine eligibility. However, Head Start programs are not required to use this specific form. Programs may either adopt the form or design a new form to meet the eligibility requirements.

The Office of Head Start published a final rule on eligibility under the authority granted to the Secretary of Health and Human Services under the Head Start Act (Act) at sections 644(c), 645(a)(1)(A), and 645A(c). The final rule clarifies Head Start's eligibility procedures and enrollment requirements, and reinforces Head Start's overall mission to support low-income families and early learning. A program must maintain records as specified in sections 1305.4(d)(2), 1305.4(l), and 1305.4(h) through (j) of the final rule.

Respondents: Head Start and Early Head Start program grant recipients.
