VIII. Other Information

A. Dun and Bradstreet Data Universal Numbering System (DUNS)

A DUNS number is a unique nine-digit sequence recognized as the universal standard for identifying and keeping track of over 70 million businesses worldwide. The Office of Management and Budget published a notice of final policy issuance in the **Federal Register** June 27, 2003 (68 FR 38402) that requires a DUNS number in every application (*i.e.*, hard copy and electronic) for a grant or cooperative agreement on or after October 1, 2003. Therefore, potential applicants should verify that they have a DUNS number or take the steps needed to obtain one. For information about how to obtain a DUNS number, go to <http://www.grants.gov>. Please note that the registration may take up to 14 business days to complete.

B. Required Registration With the Central Contract Registry (CCR) for Submission of Proposals

The Central Contract Registry (CCR) is a database that serves as the primary Government repository for contractor information required for the conduct of business with the Government. This database will also be used as a central location for maintaining organizational information for organizations seeking and receiving grants from the Government. Such organizations must register in the CCR prior to the submission of applications. A DUNS number is needed for CCR registration. For information about how to register in the CCR, visit "Get Registered" at the Web site, <http://www.grants.gov>. Allow a minimum of 5 business days to complete the CCR registration.

C. Related Programs

Funding availability for this program may be announced at approximately the same time as funding availability for similar but separate programs—CFDA No. 10.455 (Community Outreach and Assistance Partnerships), and CFDA No. 10.458 (Crop Insurance Education in Targeted States). These programs have some similarities, but also key differences. The differences stem from important features of each program's authorizing legislation and different RMA objectives. Prospective applicants should carefully examine and compare the notices for each program.

Signed in Washington, DC on February 23, 2010.

William J. Murphy,
Manager, Federal Crop Insurance Corporation.
