Clean Air Scientific Advisory Committee, Subcommittee on Particle Monitoring; Notification of Public Advisory Committee Meeting

Summary—Pursuant to the Federal Advisory Committee Act, Public Law 92-463, notice is hereby given that the Clean Air Scientific Advisory Committee (CASAC) Subcommittee on Particle Monitoring will meet on Monday, January 28, 2002 from 8:30 am to 4 p.m. Eastern Time. The meeting will be held in Classroom 1 (ground floor near the visitor entrance) of the US EPA Environmental Research Center, Route 54 and T.W. Alexander Drive, Research Triangle Park, NC. The meeting is open to the public, however, due to limited space, seating will be on a first-come basis.

Background—The CASAC Subcommittee on Particle Monitoring (formerly the CASAC Technical Subcommittee for Fine Particle Monitoring) was established in 1996 to provide advice and comment to EPA (through CASAC) on appropriate methods and network strategies for monitoring fine particles in the context of implementing the revised national ambient air quality standards (NAAQS) for particulate matter.

Purpose of the Meeting—During this meeting, the Subcommittee will develop advice on implementation of EPA's continuous PM monitoring program. The discussion will be based on the draft document *Continuous Monitoring Implementation Plan* prepared by EPA's Office of Air Quality Planning and Standards (OAQPS). EPA will provide an overview briefing of that document to the subcommittee during the meeting to clarify areas of confusion, stimulate further discussion and receive verbal input from subcommittee members. Following the meeting, the Subcommittee will develop a report advising EPA on the implementation plan addressing: (a) program strengths; (b) areas of concern; and (c) any recommendations that might optimize implementation of the PM continuous mass program. Once completed by the Subcommittee, the report will be reviewed by the Clean Air Scientific Advisory Committee during a public

teleconference to be announced in a subsequent **Federal Register** notice.

Availability of Review Materials—A copy of the review document, and referenced enclosures, are available from EPA on their website (see www.epa.gov/ttn/amtic/pmcont.html).

For Further Information—Members of the public wishing an Agenda or a roster of the Subcommittee should contact Ms. Rhonda Fortson, Management Assistant, Clean Air Scientific Advisory Committee, EPA Science Advisory Board (1400A), Suite 6450, U.S. EPA, 1200 Pennsylvania Avenue, NW., Washington, DC 20460; telephone/voice mail at (202) 564-4563; fax at (202) 501-0582; or via e-mail at fortson.rhonda@epa.gov. A copy of the draft agenda will be posted on the SAB Website (www.epa.gov/sab) (under the AGENDAS subheading) approximately 2 weeks before the meeting.
