SUPPLEMENTARY INFORMATION:

Title: Animal Welfare.

OMB Control Number: 0579-0036.

Type of Request: Revision to and extension of approval of an information collection.

Abstract: Under the Animal Welfare Act (AWA, 7 U.S.C. 2131 *et seq.*), the Secretary of Agriculture is authorized to promulgate standards and other requirements governing the humane handling, care, treatment, and transportation of certain animals by dealers, exhibitors, operators of auction sales, research facilities, carriers and intermediate handlers. The Secretary has delegated responsibility for administering the AWA to the U.S. Department of Agriculture's Animal and Plant Health Inspection Service (APHIS), Animal Care.

Definitions, regulations, and standards established under the AWA are contained in 9 CFR parts 1, 2, and 3 (referred to below as the regulations). Part 1 contains definitions for terms used in parts 2 and 3. Part 2 provides administrative requirements and sets forth institutional responsibilities for regulated parties, including licensing requirements for dealers, exhibitors, and operators of auction sales. Dealers, exhibitors, and operators of auction sales are required to comply in all respects with the regulations and standards (9 CFR 2.100(a)) and to allow APHIS officials access to their place of business, facilities, animals, and records to inspect for compliance (9 CFR 2.126). Part 3 provides standards for the humane handling, care, treatment, and transportation of covered animals. Part 3 consists of subparts A through E, which contain specific standards for dogs and cats, guinea pigs and hamsters, rabbits, nonhuman primates, and

marine mammals, respectively, and subpart F, which sets forth general standards for warmblooded animals not otherwise specified in part 3.

Administering the AWA requires the use of several information collection activities such as license applications and renewals, which now include a request to identify whether the business mailing address is a personal residence or not a personal residence; registration applications and updates; annual reports; acknowledgement of regulations and standards; inspections; requests; notifications; agreements; plans; written program of veterinary care and health records; itineraries; applications and permits; records of acquisition, disposition, or transport of animals; official identification; variances; protocols; health certificates; complaints; marking requirements; and recordkeeping.

These information collection activity requirements provide APHIS with the data necessary for the review and evaluation of program compliance by regulated facilities, and they provide a workable enforcement system to carry out the requirements of the AWA and the intent of Congress without resorting to more detailed and stringent regulations and standards that could be more burdensome to regulated facilities.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities, as described, for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

- (1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

- (2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

- (3) Enhance the quality, utility, and clarity of the information to be collected; and

- (4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; *e.g.*, permitting electronic submission of responses.

Estimate of burden: The public burden for this collection of information is estimated to average 0.31 hours per response.

Respondents: Individuals or households; businesses or other for-profit entities; not-for-profit institutions; farms; and State, local, and Tribal governments.

Estimated annual number of respondents: 9,112.

Estimated annual number of responses per respondent: 128.

Estimated annual number of responses: 1,164,553.

Estimated total annual burden on respondents: 366,021 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 9th day of July 2018.

Kevin Shea,

Administrator, Animal and Plant Health Inspection Service.

Notice of New Fee Sites; Federal Lands Recreation Enhancement Act

AGENCY: Bitterroot National Forest, Forest Service, USDA.

ACTION: Notice of new fee sites.

SUMMARY: The Bitterroot National Forest is proposing to implement new fees at two campgrounds and one rental cabin. These fees are only proposed and will be determined upon further analysis and public comment.

DATES: Send any comments about these fee proposals by August 13, 2018 so comments can be compiled, analyzed, and shared with the Western Montana Bureau of Land Management Resource Advisory Committee. The effective date of implementation of proposed new fees will be no earlier than six months after publication of this notice.

ADDRESSES: Julie King, Forest Supervisor, Bitterroot National Forest, 1801 N First, Hamilton, MT 59840 or Email to jkking@fs.fed.us.

FOR FURTHER INFORMATION CONTACT: Erica Strayer, Recreation Program Manager, Darby Ranger District, at 406-821-4252 or estrayer@fs.fed.us. Information about proposed fee changes

can also be found at www.fs.usda.gov/goto/r1recfee.

SUPPLEMENTARY INFORMATION: The Federal Recreation Lands Enhancement Act (Title VII, Pub. L. 108-447) directed the Secretary of Agriculture to publish a six month advance notice in the **Federal Register** whenever new recreation fee areas are established. These new fees will be reviewed by the Western Montana Bureau of Land Management Resource Advisory Committee prior to a final decision and implementation.

The Forest proposes a \$50/night fee for Lost Horse Guard Station, which would open this site for public rental. The Forest also proposes a \$10/night fee for both Slate Creek and Sam Billings Memorial campgrounds. Lost Horse Guard Station was built in 1935 and listed on the National Register of Historic Places in 1989. It lies at the head of Lost Horse Creek, near the Montana/Idaho divide. It is near a variety of recreation opportunities such as hiking, camping, horseback riding, non-motorized water sports, hunting, backcountry skiing, and snowmobiling at Twin Lakes. The rustic guard station can sleep up to eight people.

Slate Creek Campground also has a new group gathering area and Sam Billings Memorial Campground has new horse camping sites. Reasonable fees, paid by users of these sites and services, will help ensure that the Forest can continue maintaining and improving the sites for future generations.

A business analysis of the proposed new fee sites listed has shown that people desire having a variety of recreation opportunities and experiences on the Bitterroot National Forest, such as group camping, cabin and lookout rentals and single family camping. A market analysis of surrounding recreation sites with similar amenities indicates that the proposed fees are comparable and reasonable.

Advance reservations for the Lost Horse Guard Station will be available through www.recreation.gov or by calling 1-877-444-6777. The National Recreation Reservation Service charges a \$10 fee for reservations.

Dated: May 17, 2018.

Glenn Casamassa,

Associate Deputy Chief, National Forest System.

Notice of Proposed New Fee Site; Federal Lands Recreation Enhancement Act

AGENCY: Flathead National Forest, Forest Service, USDA.

ACTION: Notice of new fee site.

SUMMARY: The Flathead National Forest is proposing to charge a new fee at the Lindbergh Lake Campground. Funds generated at the site will be used for the operation and maintenance, upkeep of facilities, and improvements as feasible. This fee is only proposed and will be determined upon further analysis and public comment.

DATES: Send any comments about these fee proposals by August 13, 2018 so comments can be compiled, analyzed, and shared with the Western Montana Bureau of Land Management (BLM) Resource Advisory Council. The effective date of implementation of this fee would be no earlier than six months after publication of this notice.

ADDRESSES: Chip Weber, Forest Supervisor, Flathead National Forest, 650 Wolfpack Way, Kalispell, MT 59901 or Email to cweber@fs.fed.us.

FOR FURTHER INFORMATION CONTACT:

Chris Prew, Recreation Program Manager, Flathead National Forest, at 406-758-3538 or chrisprew@fs.fed.us. Information about proposed fee changes can also be found at www.fs.usda.gov/goto/r1recfee.

SUPPLEMENTARY INFORMATION: The Federal Recreation Lands Enhancement Act (Title VII, Pub. L. 108-447) directed the Secretary of Agriculture to publish a six month advance notice in the **Federal Register** whenever new recreation fee areas are established. This new fee will be reviewed by the Western Montana BLM Resource Advisory Council prior to a final decision and implementation.

The Flathead National Forest is proposing to charge a \$10 per night fee at Lindbergh Lake Campground. Lindbergh Lake Campground offers breathtaking views of the Mission and Swan Mountain Ranges and has a concrete boat ramp for ease of lake access and enjoyment. The lake offers boating, swimming, and fishing opportunities and is located in close proximity to the Mission Mountains Wilderness, which offers excellent hiking opportunities. The campground has 21 individual camp sites and features a new toilet facility and other site improvements.
