BILLING CODE 9211–03–P

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice: (20–068)]

NASA Advisory Council; Science Committee; Meeting

AGENCY: National Aeronautics and Space Administration.

ACTION: Notice of meeting.

SUMMARY: In accordance with the Federal Advisory Committee Act, as amended, the National Aeronautics and Space Administration (NASA) announces a meeting of the Science Committee of the NASA Advisory Council (NAC). This Committee reports to the NAC. The meeting will be held for the purpose of soliciting, from the scientific community and other persons, scientific and technical information relevant to program planning.

DATES: Thursday, September 10, 2020, 1:00 p.m.–5:00 p.m., Eastern Time.

FOR FURTHER INFORMATION CONTACT: Ms. KarShelia Henderson, Science Mission Directorate, NASA Headquarters, Washington, DC 20546, (202) 358–2355, fax (202) 358–2779, or khenderson@nasa.gov.

SUPPLEMENTARY INFORMATION: This meeting will be open to the public telephonically and by WebEx only. You must use a touch-tone phone to participate in this meeting. Any interested person may dial the toll free number 1–888–469–3144 or toll number 1–517–308–9289, passcode 8932597, followed by the # sign, to participate in this meeting by telephone. The WebEx link is <https://nasaenterprise.webex.com>; the meeting number is 199 497 6344 and the password is SC@Sept2020 (case sensitive). The agenda for the meeting includes the following topics:

—Science Mission Directorate (SMD) Missions, Programs and Activities

It is imperative that the meeting be held on these dates due to the

scheduling priorities of the key participants.

Patricia Rausch,

*Advisory Committee Management Officer,
National Aeronautics and Space
Administration.*

BILLING CODE 7510–13–P

NATIONAL SCIENCE FOUNDATION

Agency Information Collection Activities: Comment Request; Additional Reporting Requirements for Mathematical Sciences Research Institutes

AGENCY: National Science Foundation.

ACTION: Submission for OMB review; comment request.

SUMMARY: The National Science Foundation (NSF) has submitted the following information collection requirement to OMB for review and clearance under the Paperwork Reduction Act of 1995. This is the second notice for public comment; the first was published in the **Federal Register**, and no comments were received. NSF is forwarding the proposed submission to the Office of Management and Budget (OMB) for clearance simultaneously with the publication of this second notice.

DATES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT: Suzanne H. Plimpton, Reports Clearance Officer, National Science Foundation, 2415 Eisenhower Avenue, Alexandria, VA 22314, or send email to splimpto@nsf.gov. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339, which is accessible 24 hours a day, 7 days a week, 365 days a year (including federal holidays).

Copies of the submission may be obtained by calling 703–292–7556.

SUPPLEMENTARY INFORMATION: NSF may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Title of Collection: Additional Reporting Requirements for Mathematical Sciences Research Institutes.

OMB Number: 3145–NEW.

Type of Request: Establishment of a new information collection.

Type of Request: Intent to seek approval to establish an information collection.

Proposed Project: Use of the Information: Mathematical Sciences Research Institutes are national resources that aim to advance research in the mathematical sciences through programs supporting discovery and dissemination of knowledge in mathematics and statistics and enhancing connections to related fields in which the mathematical sciences can play important roles. Institute activities help focus the attention of some of the best mathematical minds on problems of particular importance and timeliness. Institutes are also community resources that involve a broad segment of U.S.-based mathematical sciences researchers in their activities. The goals of the Mathematical Sciences Research Institutes program include advancing research in the mathematical sciences, increasing the impact of the mathematical sciences in other disciplines, and expanding the talent base engaged in mathematical research in the United States. The data collection on participants information at each of the currently supported institutes for this request includes: Participant identifications, contact information, affiliations, demographic information, institute programs participated, durations, and NSF support received.

Respondents: Respondents are PIs of current Mathematical Sciences Research Institutes program awards.

Estimated Number of Annual

Respondents: 6–7 individuals.

Burden on the Public: 175 hours.

Comments: Comments are invited on (a) whether the proposed collection of

information is necessary for the proper performance of the functions of the Agency, including whether the information shall have practical utility; (b) the accuracy of the Agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information on respondents, including through the use of automated collection techniques or other forms of information technology; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Dated: August 20, 2020.

Suzanne H. Plimpton,

Reports Clearance Officer, National Science Foundation.

NATIONAL SCIENCE FOUNDATION

Sunshine Act Meeting; National Science Board

SUMMARY: The National Science Board's Committee on National Science and Engineering Policy (SEP), pursuant to NSF regulations, the National Science Foundation Act, as amended, and the Government in the Sunshine Act, hereby gives notice of the scheduling of a teleconference for the transaction of National Science Board business, as follows.

DATES: Friday, August 28, 2020 at 3–3:30 p.m. EDT.

PLACE: This meeting will be held by videoconference through the National Science Foundation. A toll-free dial-in number will be available for the public. Contact the Board Office 24 hours before the teleconference to request the public dial-in number at nationalsciencebrd@nsf.gov.

STATUS: Open.

MATTERS TO BE CONSIDERED: Chair's opening remarks; discussion of the narrative outlines for the SEI 2022 thematic report on the S&E workforce.

CONTACT PERSON FOR MORE INFORMATION: Point of contact for this meeting is: Chris Blair, cblair@nsf.gov, 703-292-7000. To listen to this teleconference, members of the public must send an email to nationalsciencebrd@nsf.gov at least 24 hours prior to the teleconference. The National Science Board Office will send requesters a toll-free dial-in number. Meeting information and updates (time, place,

subject matter or status of meeting) may be found at <http://www.nsf.gov/nsb/meetings/notices.jsp#sunshine>. Please refer to the National Science Board website www.nsf.gov/nsb for additional information.

Chris Blair,

Executive Assistant to the National Science Board Office.

BILLING CODE 7555-01-P

NATIONAL SCIENCE FOUNDATION

Notice of Virtual Workshop on Software in the Era of Extreme Heterogeneity

AGENCY: Networking and Information Technology Research and Development (NITRD) National Coordination Office, National Science Foundation.

ACTION: Notice of virtual workshop.

SUMMARY: The workshop on “Software in the Era of Extreme Heterogeneity” will explore challenges and opportunities brought on by extreme heterogeneity of emerging and future computational platforms and how software and community must evolve to respond to the challenges being placed on high-end computing software development and sustainment.

DATES: September 22–24, 2020.

ADDRESSES: The workshop on “Software in the Era of Extreme Heterogeneity” will be held virtually.

Instructions: Participation is by invitation only; limited number of virtual seats are available to observers. These virtual seats require registration and are available on a first come, first served basis. The registration link will be published on the workshop website the week before the event. For more information on the agenda, registration, and remote participation, please see the workshop website: <https://www.nitrd.gov/nitrdgroups/index.php?title=Software-Extreme-Heterogeneity>.

FOR FURTHER INFORMATION CONTACT: Jake Fries at jake.fries@nitrd.gov and Ji Lee at lee@nitrd.gov. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 between 8 a.m. and 8 p.m., Eastern time, Monday through Friday.

SUPPLEMENTARY INFORMATION: *Overview.* This notice is issued on behalf of the NITRD National Coordination Office. The agencies of NITRD High End Computing and Software Productivity, Sustainability, and Quality Interagency Working Groups are jointly conducting a workshop focused on the software

challenges of extreme heterogeneity. Experts from government, academia, and the private industry will discuss the software development and sustainment challenges and opportunities in extreme heterogeneity, including how productivity can be augmented in the emerging heterogeneous computing environment, workforce requirement needed to support and develop software, reducing human challenges of software development, evolution, and porting. The workshop will be held virtually on September 22–24, 2020 from 11 a.m. (ET) to 4:10 p.m. (ET).

Goal. Experts from government, academia, and the private industry will discuss the software challenges and opportunities brought on by extreme heterogeneity, facilitate information sharing and collaboration, and identify research needs.

Rationale. The state of high-end computing technology is rapidly changing due to the need to introduce a variety of unfamiliar hardware solutions to increase performance. This increasing hardware heterogeneity is exacerbated by memory, interconnect, and file I/O performance lagging behind computational capabilities leading to substantial demands on the programming environment to keep pace. The software challenges for the emerging and future computational platforms are substantial.
